What is the matter? One hears that a dozen times a day and the general answer is that the people have lost confidence and are afraid to engage in any new business. Oregon has more fool laws than any other state, many of these laws have been passed to regulate corporations and the result is that there are no new companies coming to the state to do business. The past four years has seen an administration of the state laws by a governor who was utterly unfit for the office and who has made Oregon the butt of the states. On Friday the people have an opportunity to select men to hold office for the next two years. There are good men seeking the nominations, men who will cut down the taxes by doing away with a number of the useless commissions brought into life by West, and repealing many of the present laws that are a detriment to the state. It is the duty of every man and woman to vote only for men who are free of all entanglements and are known to be for a sane administration. Two more years like the past two will bankrupt the state and we will have them unless the voters select capable men for the offices.

Do not vote for a man because his name appears first on the list. Take the time necessary to pick out the best qualified man for the place. It is the duty you owe to yourself and the people.

**The Senatorial Candidate**

To the Editor:—Through your paper may I say to the good people of Malheur County that it has become impossible for me to visit them before the primary election May 15th, but I plan to do so soon after, in behalf of my candidacy for the United States Senate.

I appreciate the full and kind expressions that have come to me from Malheur County by letter, from interviews with residents and through the press.

As I view it, every interest of the Northwest is pleading for restoration of the Republican Party to power. A revolt against the democratic tariff act that free-listed our products is apparent throughout the State.

The best expression of disapproval of Democratic policies and the best indication of their reversal can be shown by a full party vote at the primary.

For the party's sake and personally, I acknowledge in advance grateful appreciation for the votes that will be cast for me as the Party's choice for United States Senator.

K. A. BOOTH.

**PRESIDENT WILSON BARS STRIKEBREAKERS**

Trinidad, Colo.—President Wilson, through the war department, has instructed Colonel James Lockett, commanding the federal troops in southern Colorado, to permit no importation of strikebreakers, and announced that a time limit would be set at once within which delivery of arms must be completed, according to a statement by Major W. A. Holbrook.

In his statement on President Wilson's instructions upon strikebreakers, Major Holbrook said that the commanding officers here had been advised that no man shall be employed in any mine in the Colorado who had not been actually in its employ April 22, the date of the president's first proclamation ordering the troops into the field, was published.

Strikers, formerly employed at certain mines, will be permitted to return to work at the specific places of their former employment if they choose and if they are desired by their former employers, according to Major Holbrook.

**He Voted Against The New Tax Law and Stands for Reduction of Taxes Payable Semi-Annually Without Penalty.**

**Economy, Efficiency--Dignified Law Enforcement.**

I was born and reared upon a farm in Buffalo County, Wis.; educated myself by my own efforts, and have practiced law in Portland since June, 1894. Have always taken an active part in public affairs, and have held several official positions.

I stand by my record as State senator at the last session of the legislature. I worked and voted against the new tax law, and favor a law making taxes payable semi-annually without penalty.

Only five of the laws passed at that session were referred to the people by referendum petitions; four of these the people approved by overwhelming majorities, and I voted for them; the fifth was almost as badly defeated, and I had voted against it in the legislature.

I worked and voted for Senator Malarkey's minimum wage bill for women, providing for an impartial commission to fix the maximum hours of labor and the minimum amount of pay.

I favor a similar law providing for an impartial commission without compensation, to fix the maximum hours of labor for men in the various industrial occupations; this in preference to a flat eight hour law.

I favor good roads legislation with state aid, so that we may have cheaper transportation from the farms and producers in every direction.

I favor the reduction of taxes by consolidation of various commissions, or the abolishment thereof, and placing their duties into the hands of the State Board, and by the reduction of the expenses of conducting the various departments of the state.

I favor suitable appropriations for our State Educational institutions and the continued improvement of our great bulwark—the public school system.

And above all I favor the vigorous and efficient enforcement of all the criminal statutes, including those regulating and prohibiting the sale of intoxicating liquors, and this I shall do with firmness and impartiality. The rich, the poor, the great, the humble, the capitalist, the laborer, the churchman and the liquor dealer shall be measured by the same standard, and each shall answer for his own acts.

**Newspaper Man Seeks Office.**

M. E. Miller, editor of the St. Helens Mist, St. Helens, who is a candidate for state labor commissioner is making an aggressive campaign. While Mr. Miller is a republican candidate he rises above politics, and hopes to take the office which he seeks, away from political domination making it independent in every sense, a condition which should exist in such a position. Mr. Miller stands high as a newspaperman, and possesses all the requisites for the capable and just administration of the affairs of that important office.—Astoria Daily Budget, April 23.

Give this Job to a man who will reduce Taxes and cut down expenses

If you had an interest in a private business you would want it conducted on business principles. You have an interest in the affairs of this State. The State of Oregon is a business institution run for the benefit of the people in it who, in a certain sense, are stockholders in its business interests.

**TAXES MUST BE REDUCED!**

In the coming primary election, Charles A. Johns, of Portland, will ask the vote of every person who believes the State of Oregon needs to have taxes reduced and expenses cut down. The only way to reduce taxes and cut down expenses is to apply the same principles in running the State that you would apply in running your own business. How many institutions would run along with an increase of operating expenses from year to year? Not many. Well, let's reduce our taxes and cut down our expenses. Charles A. Johns, of Portland, is running on that platform and stands on his platform. Get him on the job! Start thinking about this today!

Will you elect a man who will cut down expenses and reduce taxes, or a politician, as our next Governor? The issue is clear. One will cut down taxes—the other will give jobs to his political friends. Which do you want? Paid Advertisement.
