BUTTE RIOTERS FOR TIME CONTROL CITY

Attempt Is Made to Lynch Two Special Deputies and Intimidate Newspapers.

Butte, Mont.—An attempt to lynch two special deputy sheriffs, efforts to throttle the newspapers, intimidation of the fire department of the city and general rioting featured the Sunday disturbance brought about by the schism in the Miners' Union, which became wide Saturday during the celebration of the organization's 34th anniversary, and was capped by the dynamiting of the homes of two officials of the union.

Early in the afternoon a crowd took two prisoners from the jail; later took possession of an aerial fire truck, which was moved through the street by the city authorities in an effort to disperse the crowds, and threats to lynch Special Deputies Owen Cribben and Martin Harkins, failed to materialize only when police, with drawn guns, rescued the two men and backed down an alley with them.

A delegation visited the three newspaper offices and demanded that no further mention be made derogatory to the I. W. W. and that the words "mob" and "rioters" not appear in any newspaper story.

The riots were caused by long-standing ill-feeling between the regulars of the 9000 members of the Western Federation of Miners here and the insurgents, mostly members of the I. W. W. The members with sentiments in favor of the I. W. W. objected to heavy assessments levied against them by the Western Federation of Miners international officers and local officials as strike benefits for the Michigan copper mine strikers.

Washington.—Governor Stewart, of Montana, telegraphed President Wilson asking that federal troops be held in readiness to restore order in the Butte copper mine districts in event of further rioting.

JUROR SEIZED AS SLAYER

Investigation of Girl's Death Under Auto Has Dramatic Climax.

Toronto.—The inquest over the death of Mary Mash, killed by being run down by a reckless motorist, came to dramatic termination by the arrest of John B. Whaley, foreman of the jury investigating the case, on the charge of having killed the girl.

Whaley was traced by a piece of broken glass picked up on the scene which fitted perfectly the broken headlight on his automobile. The foreman was taken from the jury box to the prisoner's bar.

After the accident Whaley drove on at great speed and escaped detection, it is alleged. On leaving the garage he was served with a summons to act on the coroner's jury and was elected foreman.

Man Feeding Lions Torn to Pieces.

Chicago.—Emerson D. Dietrich, 26 years old, a graduate of Cornell university, was torn to shreds by five lions, whose cage he had entered to feed them. They virtually ate him alive.

Rocks Are Sold As Lava.

Red Bluff, Cal.—Young boys of Red Bluff have commercialized the keen interest in the volcanic disturbance at Mount Lassen on the part of travelers passing through here by train. They are reported to have sold small rocks from the Southern Pacific road-bed marked "lava" as samples from the crater for 10 cents each.

10,000 Workmen Strike.

Pittsburg.—Ten thousand workmen employed by the Westinghouse interests in the plant of the Westinghouse Electric & Manufacturing company, the Westinghouse Machine company and the Pittsburg Meter company, struck.

A FOURTH OF JULY CUPID

(Copyright, 1914, by American Press Association.)

JIM ALLEN was so peaky shy,
Pertainin' to the women,
That allus when a gal was nigh
It sot his head a-swimmin'.
An' if he had to talk to one
He got in sech a flutter
That, bein' as he couldn't run,
He'd simply stand and stutter.

FOR years he sparked the Gorham gal
An' didn't let her know it,
All-be their love was mutual,
They both was skeered to show it.
He'd folluh her with longin' eyes,
Yet allus keep his distance,
Though if he'd acted otherwise
She'd offered no resistance.

BUT Fate was workin' on the sly
To help along the wooin',
So on the Fourth o' one July
She started a'uthin' doin'.
It happened in the public square,
Right after the oration,
An' was the ticklin' est affair
In all the celebration.

HE SHOT A CRACKER OFF BEHIND 'EM.

MISS GORHAM stood behind the crowd,
An' Jim no sooner spied her
Than, spunkin' up a lot, he 'lowed
He'd go an' stan' beside her.
Then just as Jim had reached the spot
Her little brother jined 'em,
An', bein' steered by Fate, he shot
A cracker off behind them.

MISS GORHAM jumped an' give a yell,
An' Jim was 'bleeged to hold her,
For, feelin' faint, she sort o' fell
Or wiled on his shoulder.
Then Jim went crazy-like with joy
An' hugged her up an' kissed her.
That's how it happened that the boy
Was Cupid to his sister.

MEXICAN INTERNAL ISSUES SEPARATED

Huerta-Carranza Delegates to Be Brought Together in Informal Conference.

Niagara Falls, Ont.—Through the invitation of the United States government and the good offices of the three South American mediators, representatives of the two warring factions in Mexico—the constitutionalists and the Huerta government—soon will be brought face to face in an informal conference, distinct from the mediation proceedings.

To save Mexico from further spoliation and the possibility of a foreign war, the constitutionalists apparently have been prevailed upon to meet their countrymen—the Huerta delegates—in a peace conference whose object shall be the ending of the civil strife which has divided Mexico in the last 18 months.

The plan which the mediators have worked out is to confine the formal mediation conferences to a consideration of international questions, treating with the Huerta and American delegates on these points. On internal questions the Huerta and constitutionalist delegates would be expected to confer alone. The mediators and the American delegates thus would not interfere with the settlement of the problems confined to the country, but they would lend their counsel whenever it would be helpful, and, of course, point out under what conditions recognition would be extended.

WAGE REDUCTION ADVISED

Shingle Manufacturers Plan to Meet Foreign Competition.

Seattle, Wash.—A meeting of shingle manufacturers of the state for the purpose of recommending ways and means to compete with British Columbia manufacturers, held here, resulted in the decision that the best way to meet the situation was to reduce the wage schedule. A report embodying this view was presented.

It is generally understood that a new schedule of wages among the shingle manufacturers of the state will be put into effect on July 1. The committee appointed at the meeting did not make such a recommendation, but put the question to the individual manufacturer to act as he thinks best.

Ex-Mayor of Copperfield Shot Down.

Copperfield, Or.—Believed to be the victim of men whose enmity he incurred while he was mayor of Copperfield in the "wide open" days before Governor West declared martial law and "closed" the town, Henry M. Stewart was shot by an unknown person or persons.

Mr. Stewart was working alone at the time repairing a fence on his farm and the first that was known of the shooting was when he staggered into his home bleeding profusely from two bullet wounds. The first shot penetrated his left hand and leg. The other shot struck him in the abdomen just below the ribs. A physician summoned from Halfway to attend the wounded man gives no hope for his recovery.

Indictments Found Against Plumbers.

Des Moines.—Indictments were returned against 36 officials and members of the National Association of Master Plumbers and officials of state organizations in Illinois, Wisconsin, Michigan, Minnesota, Missouri, Nebraska and Iowa by the federal grand jury. The indictments charge conspiracy in restraint of trade in violation of the Sherman anti-trust law. It is specifically alleged that the National Association of Master Plumbers has been operating in violation of law ever since its organization in 1884.

One Man Against an Army.

During the Revolution a British army commanded by General Tryon marched to capture Danbury, Conn. At one place the British were halted by a single American named Luther Holcomb. On horseback he advanced toward them as they were about to mount a hill and, turning his head and waving his hat, addressed an imaginary army behind him thus: "Halt the whole universe! Break off into kingdoms!" The British general was alarmed and sent forward reconnoitering parties. Holcomb, finding himself in danger, rode off, having accomplished his purpose of delaying the enemy.
