

## LOCAL NEWS

A daughter was born to Mr. and Mrs. Harry McCarty on the 25th.

Secretary McAdoo is a humorist. He advises the people not to hoard the wealth they are making during this administration.

Dave Magill shipped six cars of cattle to the Portland market on Saturday. They were a fine lot of big stuff that he bought in the Juntura section.

Judge William Galloway was here Saturday calling on friends and paying a visit to the Odd Fellows lodge, of which he is grand master.

Mr. and Mrs. Tom Kahout, and daughter are home from a visit to Chicago and points in Iowa. They saw prunes from the Idaho orchard and apples from the Sargent & Burnett orchard while in Chicago and Omaha and of course purchased some.

W. P. Davidson was here for a short time Sunday. He brought in a large party for the lands in Central Oregon and says there is quite a good inquiry in the east for lands.

Harvey Bender is home from Pendleton, where he has been for several months.

There are several hundred tons of hay in the Big Bend that the ranchers would like to sell.

The Jordan Valley section needs rain for the ranges, not having had her share this fall.

G. B. Glover, of the Jordan Valley section, who was county commissioner here several years ago, died at Kansas City last week while visiting with his sister. The body was brought to Boise for burial. He leaves five daughters and two sons.

Chet Martin has been here from the Council section for several days shaking hands with his many old friends.

Mr. and Mrs. W. F. Homan and children were visitors to Weiser over Sunday.

Married at Baker, Oregon, by Rev. C. A. Edwards at 10:00 a. m. Oct. 25, 1914, at the home of the bride's parents Mr. and Mrs. G. W. Gillaspay on Second street No. 2118, Mr. B. O. Nicollis of Midvale, Idaho, and Miss Hazel Gillaspay of Baker, Oregon. The young couple left for Star, Idaho, where they will spend a few days with the bridegroom's parents, Mr. and Mrs. Addington. They will make their future home near Midvale, Idaho.

Arcadia precinct will hold their election at the residence of Hugh McDonald.

Miss Josephine Horner and Miss Ethna Anderson of St. Margaret's hall, went to Ontario, Friday, for a week-end visit—Boise Statesman.

Vote her straight, is about the way the republicans are going to do. They have been fooled to often with the non-partisan stuff given out by the weaker party.

Harry Farmer, the deputy game warden, reports that there are a number of China Pheasants in the Owyhee section and along the Snake river and that some hunters have been killing them, although they are protected and a heavy penalty is provided in case they are shot or trapped. If the hunters would protect the birds until they get started then there will be plenty of good shooting for all. Care should be taken not to molest any of the young birds recently turned loose, they are different birds entirely from any of the native birds, the females are brown and the older males are now taking on their colors, being one of the handsomest birds seen, when in full feather.

Did you know McBratney Hardware Company sold needles for all makes of sewing machines?—Paid adv.

"A community has the same right to prohibit saloons as it has to prohibit cesspools.—President Stanford University.—Paid adv.

For rent—Good upright piano. Address postoffice Box 336, Ontario, Ore.

For tents and wagon covers McBratney Hardware Company saves you money on them. They have a big stock on hand.—Paid adv.

If conditions are bad in a "dry" town then what you want is not more liquor.—Paid adv.

Wanted to buy—100 head of horses from 4 to 9 years old. Weight 900 to 1,200. Geldings or mares. E. E. Dory, Ontario, Oregon.

A 10 per cent discount on all heating stoves, for cash at McBratney Hardware Company.—Paid adv.

If regulation regulated, the brewers would never advocate it.—Paid adv.

Thos Woodard, of Juntura, was here Tuesday laying in a stock of goods.

## TOO LATE TO ENJOIN BONDS OR MONEY FOR BUILDING

In a recent circular from the Vale committee they again make the statement that the Ontario bonds are bogus and the issue will be enjoined. The writer presumes very much on the ignorance of the readers, knowing that the bonds have been sold, are in the hands of innocent purchasers and that the money from the sale is turned over to a building committee. The writer knows that it is not possible for anyone to enjoin that committee from spending its own money, given to it by the city of Ontario, through a unanimous vote of her people.

## THE CLEAN, HONEST CAMPAIGN HAS WON THE VOTES

The clean cut campaign of the Ontario people for the county seat has won out, just as we knew it would.

The people all realize that the removal to Ontario means a big saving to them in dollars and cents and that is what every tax payer is interested in.

The effort to introduce matters that have absolutely no bearing on the proposition have failed to influence the voters and they have decided the question strictly on its merits, and given their support to Ontario, knowing that it will save them thousands and thousands of dollars in taxes.

Reports are coming in from all sections of the county that the voters have carefully weighed the arguments presented to them and have decided that they want their taxes reduced and will vote for the county to accept the offer of the Ontario people of a new court house fully equipped, with all of the county records safely installed in the ample vaults without a dollars expense to the taxpayers.

It will not require months to erect the new building, the plans are all ready, the money for all the expense is ready, there are several contractors eager to commence the work and give ample bonds to do the work in first class manner and according to the plans and specifications published on another page. Bonds are filed. The people will soon feel that their records are safely deposited and that they have a county court house ample in size and modern in every particular, that will last them many years.

The taxpayers will also save many dollars in their trips to the county seat at Ontario, and the county will also save many dollars in mileage fees paid to witnesses and jurors, amounting to thousands of dollars annually.

The new court house will be near the depot and near the business part of the city, close to the hotels and restaurants, where you can transact your business with no loss of time in the large office rooms, with ample vaults for all records and books.

## VERY INSTRUCTIVE LECTURES ON HOG CHOLERA PLAGUE

Those who were fortunate enough to attend the meeting at Boulevard hall Monday evening were well re-paid for their trouble. Dr. Knowles emphasized the measures necessary to control cholera when it had been introduced into a herd. Special stress was laid on sanitary methods and on the possible methods of carrying the disease from infected herds to those not affected. The development of the modern method of serum treatment has helped to control the disease and when properly used and followed by thorough disinfection of the premises to prevent reinfection the scourge of hog cholera has lost many of its terrors for the hog grower.

Slides showing the methods used in the manufacture of serum were shown giving the audience an idea of the extreme care used to prevent contamination of the serum with any injurious organism. The description of the symptoms and the illustrations of sick hogs would enable one to recognize the disease should it make its appearance in the herd.

A daughter was born to Mr. and Mrs. Dick Robertson on the 19th.

A daughter was born to Dr. and Mrs. R. O. Payne on the 21st.

A daughter was born to Mr. and Mrs. D. A. Hiles on the 26th.

## ONTARIO FOOT BALL TEAM DEFEAT THE PARMA TEAM

Penalty in Last Two Minutes Factor in Result.

(Special Dispatch.)

Parma, Ida.—The first football game of the season played on the home field, between Ontario and Parma, resulted in a score of 19 to 14 for Ontario. The game was decided in the last two minutes of play. Parma had the ball on Ontario's one-yard line, and on the third down Parma was penalized 15 yards for pushing. Parma scored both touchdowns in the second quarter, both on forward passes, one of which was to Stockton and the other to Jurles. Shipley kicked goal.

Ontario scored one in the third quarter. Kirschner received Parma's fumble and ran 50 yards through a broken field. The visitors scored twice in the fourth quarter, first on line plunges, then on end runs.

As in last week's game, the forward pass proved to be Parma's strongest defense, the locals completed 13 and the visitors none. Three of Parma's passes were intercepted by Ontario and two of Ontario's were intercepted by Parma. The visitors were more effective on the end run than the home team. For Ontario, Houston, Kirschner and Maddox were most in evidence and for Parma, Captain Shipley, Stockton, Jurles, Wright and Story, and the work of Quarterback Sloan, were features of the game.

## THE CORN CARNIVAL IS WELL IN HAND BY THE COMMITTEE

The committee having the Corn Carnival in hand are still busy with the details of having the corn measured and selections made for the seed and exhibits.

All the districts are showing more interest than expected and there is many good fields of corn to be measured and selections made for the exhibits.

The fields are all turning out better than expected and when the results are announced at the Carnival it will be seen that the great valley of the Snake is a corn field equal to the best that can be found in any of the middle states.

There will be over fifty farms represented in the display and they are all eager for the prizes being offered by the merchants and commercial club of Ontario.

Those who cannot land the prizes this year will learn where they can improve their yield and quality and will do better another year and that is what corn Carnivals and county fairs are really for, to show the growers how to improve their products.

Remember the dates are October 11 and 12, at Ontario.

CORN COMMITTEE.

## JUDGE GALLOWAY VISITS ODD FELLOWS AND DEMOCRATS

Judge Galloway was here Saturday and made a talk in Fraternity to a large audience in the Odd Fellows hall. He is a candidate for the position of Supreme Judge, for the past eleven years having been circuit judge.

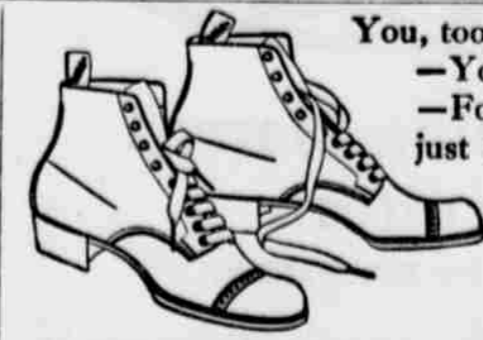

Here is what Judge A. S. Bennett recently wrote regarding Judge Galloway:

"I have known Judge Galloway intimately for more than forty years and have never found a better man. In both private and public life he is above suspicion or reproach. In his home, as a husband and father, he is ideal. Truthfully has it been said of Judge Galloway, 'He has in more than one instance in the past shown that he has the courage of his convictions in difficult positions' and that he has 'made a record for honesty and courage.' He always does his duty as he sees it, regardless of consequences, and is absolutely invulnerable to 'pressure' or 'influence.' He has a fine legal education and is very familiar with legal principles and the administration of justice generally. His courtesy and kindly disposition are well known. He would make an ideal Supreme Judge."

## Can Use City Hall

The taxpayers are welcome to the use of the Ontario city hall, at no expense whatever, while the new court house is being constructed. It is finer suited to the use of the county than the building being used at present.

Reports have been circulated persistently that Congressman Sinnott was lined up with the wets, but we find that he has pledged himself to represent the wishes of the majority of his constituents and he says that applies to the wet and dry question, just as it does to others and as the majority of the voters decide at the November election he will be governed.

The economic distribution of farm products is today the world's greatest problem.
