OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Schools to Get Birds.

Eugene.—A collection of 300 specimens of Oregon's common birds and mammals was shipped to Portland by the University of Oregon for use in connection with the nature courses in the Portland schools.

The pupils in the grammar grades will be given the opportunity to study the more common of the small birds and animals that are found in the fields throughout the state. With these specimens will go descriptive articles for the benefit of the teachers, describing the haunts and habits of the various species.

Man Elected to Two Positions.

Albany.—The distinction of being elected constable in two districts in two counties in the same election without opposition belongs to John Catlin of this city. Catlin was unanimously elected constable of North Albany district in Benton county, a half mile across the river from Albany, by voters who wrote his name in on the ballot. Besides this, Catlin was unanimously elected constable of Albany district No. 1, Linn county, a position he has held for years.

Oregon Horses for Europe.

Enterprise.—The first buying of horses for use in the European war was started in Wallowa county during the week. H. Martin, a representative of R. J. Spears, a well-known horse-buyer, with headquarters at present in Walla Walla, arrived in the county Monday and passed the word along at the various towns that he wanted all the stock he could get of certain specified grades.

OREGON HOPMEN ORGANIZE

Salem Man is Named Head of State Body, Formed for Mutual Benefit.

Salem.—Having as its purpose the safeguarding of the interests of its members the Oregon Hopgrowers' association was organized here at a meeting of about 125 growers. It is planned for delegates from this and similar associations organized in Washington and California to meet here the latter part of November and organize the Pacific Coast Association, with which the state associations will become affiliated members.

According to a resolution which was adopted, the association contemplates making an arrangement which will put an end to the contracting of hops and give to the grower the best prices. It will arrange to advance sufficient money to growers who have not the necessary capital for cultivating and harvesting of crops. Another resolution which was adopted urges all growers to hold their hops of the present year until the organization of the Coast association is completed. It is believed that by doing so better prices than now prevail will be received.

The following officers were elected for the Oregon association:

L. H. McMahan, Salem, president; Fred N. Stump, Polk county, secretary; C. A. McLaughlin, of Independence, vice-president, and L. H. McMahan, Fred N. Stump, C. A. McLaughlin, W. R. Kirkwood, of Yamhill county; Marion Palmer, Marion county; J. L. Clark, Lane county; C. A. Code, Polk county; R. A. Newport, Linn county; directors.

Astoria Grants 37 Licenses for Bars.

Astoria.—The first direct effect on municipal affairs of the prohibition amendment, appeared when the city council passed an ordinance under the emergency clause, permitting the saloonmen to take out licenses for six months, at the rate of \$1000 a year, making all licenses expire May 10.

Four Hurt When Wharf Caves.

Marshfield.—Four men were injured, two seriously, when the wharf at the Simpson mill collapsed as a million pounds of cement for the Willamette Pacific bridge work was being unloaded from the steamer Redondo.

Youth Kills Self in Fear.

Weston.—Harlan Fisher, a farm hand, 16 years old, committed suicide by shooting himself through the forehead. The youth feared his employer's anger because he killed a horse trying to break it.

Two Veterans Die at Soldiers' Home.

Roseburg.—Francis Jones, member of Company A. Washington Territorial Infantry, from 1862 to 1865, and Abner E. Armstrong, aged 80 years, died at the Soldiers' Home.

Blind Man Ends Life.

Baker.—Thomas Downey, a lifelong resident of Baker county, blind for the past 15 years, ended his own life by cutting his throat while despondent over his physical condition.

GUITERREZ IS IMPRISONED

Telegram Purporting to Be From Carranza Accuses Villa.

New York.—General Eulalio Guiterrez, who was elected president of Mexico at the recent Aguas Calientes convention, has been imprisoned by General Francisco Villa, according to a telegram said to come from General Venustiano Carranza, and made public here by the Mexican bureau of information, the same agency that announced Guiterrez had repudiated the acts of the convention electing him.

The telegram accredited to General Carranza did not say where the new president had been captured or where he was believed to be incarcerated.

The reason for the seizure and confinement of Guiterrez, the message said, was that he had refused to be dominated by the demands of the Villa faction.

El Paso, Tex.—General Carranza's charge as given out at New York that General Eulalio Guiterrez, named provisional president by the Aguas Calientes conference, was not credited by either Carranza or Villa agents here, who had received no official or indirect information of the report.

The Villa agents pointed out that Guiterrez would not have been selected for the post unless he had been willing to occupy it.

Cotton Loan is Lawful.

Washington.—No violation of the anti-trust laws is threatened by the \$135,000,000 cotton loan fund plan, according to an opinion handed down by Attorney General Gregory at the request of President Wilson.

Montana is for Suffrage.

Helena, Mont.—Returns from more than 50 per cent of outstanding precincts show the woman suffrage amendment and the farm loan initiative act are the only measures submitted at the election to pass.

JOSEPH G. CANNON

Ex-Speaker Cannon, who will again represent an Illinois district in Congress.

ALLIES ASK JAPAN TO HELP

Free Hand in China Said to be Offered as Inducement.

Pekin.—Inticing offers have been made to Japan by agents of the allies in China to induce the Mikado to throw 200,000 of his seasoned troops into the European scene of war.

Following the fall of Tsing-Tau, which releases Japanese troops and warships and removes any German menace to Japan's prestige in the Orient, the allies are exerting every effort to bring Japan into the western conflict. A guarantee of a freer hand in the affairs of China is said here to be the price offered for the Japanese troops. The younger statesmen are said to have received the proffer with enthusiasm, but the more conservative are dubious.

Boxing Game Over in California.

San Francisco.—The boxing game will shut up shop in California about the first of December. The anti-fight bill, which prohibits all save four-round amateur contests, was carried at the election.

Secret Wireless Sought.

Washington.—Secretary Daniels, of the navy department, and Acting Secretary Lansing, of the state department, in conference with Assistant Chief Moran, of the secret service, decided to begin a search for secret wireless apparatus alleged to be in use by European belligerents on American territory.

Democrat Elected Wisconsin Senator.

Milwaukee, Wis.—State Senator Paul Husting, democrat, reached the top in the United States senatorial race just 1001 votes ahead of his republican opponent, Governor Francis E. McGovern.

STOCK DISEASE SPREADS RAPIDLY

Secretary of Agriculture Says Hidden Sources of Infection Are Main Danger.

Washington.—An order quarantining the state of Rhode Island against interstate shipments of livestock was prepared by the department of agriculture for issuance.

Rhode Island is the 11th state to be placed under federal quarantine in the campaign to suppress the epidemic of foot and mouth disease, Massachusetts, New York, Ohio, Pennsylvania, Indiana, Illinois, Maryland, Michigan, Wisconsin and Iowa, composing the already wide area affected by the disease.

Secretary of Agriculture Houston said this epidemic was "one of the most contagious and destructive diseases of cattle, swine and sheep and exceeded in area affected any of the five previous outbreaks in this country." Unless the infection can be immediately localized and quickly eradicated, he said, it threatened untold losses among livestock.

Veterinary authorities of the United States are agreed that the only method of combatting the disease is to stop all movement of stock and material which have been subjected to any danger of infection and to kill off without delay all herds in which the disease has gained any foothold.

At present the chief danger lies in the possibility of there being concealed sources of infection. Every effort is being made by state and federal authorities, not only to trace suspicious shipments, but to convince farmers of the seriousness of the disease and the extreme ease with which it is communicated and to urge upon them to report at once to state or federal authorities all suspicious cases of sore mouths or lameness.

All Cars Must Be Cleaned.

Des Moines.—All railroads operating in Iowa were ordered to clean and disinfect all empty stock cars now within the state, in an attempt of the commission of animal health to prevent the further spread of foot and mouth disease among cattle.

Siege of Naco is Renewed by Villa.

Naco, Ariz.—Three bodies of Governor Maytorena's Villa troops appeared in their former positions, seemingly in fulfillment of the promised renewal of the Naco, Sonora, siege.

Yaqui Indians took up positions to the south and west of Naco, Sonora, and a column of infantry and cavalry joined them on the west.

No farmer can afford to buy a thing he can raise, no matter how cheap it is.

Co-operation is the force that keeps the wolf from the door.

BATTLE CONTINUES ALONG WHOLE LINE

From Sea to Vosges Intensity of Struggle Exceeds All Events of War.

Paris.—A general battle has been proceeding along the whole front from the sea to the Vosges Mountains for the past three days without the Germans having been able to find a weak spot in the French defenses.

However, it still is in Flanders that interest in the formidable and seemingly interminable battle centers. The Germans are concentrating there all the men they can get and ceaselessly are hurling them against the allies' lines. Never has this method been directed with as much tenacity and fury as now.

It is the British who bear the brunt of these onslaughts. In many places their lines have become so thin, says an officer who has been in that region the past fortnight, that only by showing obstinacy worthy of the traditions of Waterloo are they able to hold their ground.

Their losses in officers have been terrible. One battalion of foot guards went into action commanded by a non-commissioned officer. Certain cavalry regiments have lost half their effective strength.

The fight rages with the greatest intensity south of Ypres on the Manin road, the Ypres Canal, the Lys and the plateau crossed by the road from Ypres to Armentieres. Here the offensive by the allies has been met by violent counter attacks delivered by a German active army corps just brought from Flanders, supported by the concentrated fire of a great body of massed batteries.

The Germans so far are said to have achieved nothing more than temporary checks, and it is claimed that slowly but surely the allies creep forward.
