LOOK! HERE'S THE WAY
TO STOP IT!**

A MAN will start downtown with \$50 in his pocket. On his way he will pass a bank. If he deposits \$40 of his \$50 he will be more sparing in his expenditures. Money will not TAKE WINGS! Little currency and a FAT CHECK BOOK is a better combination than an elephantine WAD OF GREENBACKS and an ANAEMIC CHECK BOOK!

State Architect W. C. Knighton asserts that the regular charge for services on the state's building projects from March 22, 1911, to December 22, 1914, would have been \$64,495.78 while the operating expenses of his office were \$42,457.99, a saving of \$22,229.79.

In a letter to Senator Chamberlain, the forest service disapproves the recommendation of Superintendent Steel that 130,000 acres of the National Forest land be included in Crater Lake National Park. The total number of accidents is not as large as during the fall season because many industries are shut down now.

In his annual report to Governor West, State Forester Elliott directs particular attention to the fact that the forest fire hazard of the future depends chiefly upon how thoroughly the present-day operators dispose of the slash resulting from logging, wood-chopping and other woods work, and asserts that even today, with the logging industry of Oregon in its infancy, areas covered with unburned or partially burned slash are by far the greater source of dangerous and damaging fires.

PHILIPPINO OUTBREAK REPULSED BY U. S.

Plot For Native Uprising On Christmas Eve Is Nipped In The Bud

Washington.—Details of native uprisings in the Philippines, beginning Christmas eve, were given in a cable message received from Governor-General Harrison.

The report minimized the extent of the trouble, but said that small bodies of Filipinos had assembled in Manila and Navoks Christmas eve, and attempted to make trouble. As a result 40 men were arrested and one man was shot by a policeman.

Governor-General Harrison reported that the disorders had been suppressed; that everything was quiet and efforts were being made to arrest the leaders.

He added that nobody of any influence or standing was concerned in the movement; that it was "small and unsuccessful" and was connected with the campaign of Ricarte, who has conducted a revolutionary propaganda from Hongkong for several years, appealing to the most ignorant classes of Filipinos.

President Wilson favors the passage of the Jones bill at the present session. Officials close to the White House said that the recent troubles would not affect Mr. Wilson's advocacy of the bill, in view of the quieting reports submitted by the war department.

H. C. Boyer was a Huntington visitor Saturday.

Al Andrews and family of Falk Store and Ernest Wilson of Nyssa were guests of Mr. and Mrs. Ray Wilson Christmas.

FIGHTING IS STOPPED NEAR THE BOUNDARY

General Scott's Intercession Results In Agreement With Mexico

Washington.—Secretary Bryan received word unofficially that the plan proposed by Brigadier-General Scott, chief-of-staff of the United States army, for the prevention of firing into American territory along the Mexican border, has been agreed on by all factions.

Enrique C. Llorente, Washington agent of the Gutierrez government, of which General Maytorena at Naco is a supporter, was advised that the latter had accepted the plan suggested by General Scott. It provides that General Hill, of the Carranza forces, should abandon Naco and be permitted to go unmolested to Agua Prieta, already held by a portion of his troops and General Maytorena, who has withdrawn his forces southward from Naco, would agree not to occupy Naco, Sonora, which would thenceforth become absolutely neutral.

From the American point of view the arrangement was favored because fighting at either Agua Prieta or Nogales would not be close enough to the American towns to produce the same situation as had existed for several months at Naco, where stray bullets constantly fell on American soil.
