## Oregon's New Governor.

DR. JAMES WITHYCOMBE

### Coin Making is Charged.

Oregon City.—Joe Gould, a laborer in the Baker's Bridge district, was arrested by William H. Glover, secret service operator, Sheriff Maas and Constable Frost on a charge of counterfeiting.

A melting pot, batteries and other parts of a counterfeiting equipment, except the dies, were found near Gould's cabin on the Clackamas river and were brought in to Oregon City, where they are held as evidence.

### Baker Plans \$180,000 Lighting Plant.

Baker.—The submission to the taxpayers of Baker of a proposal to issue \$180,000 in bonds for the installation of a municipal lighting plant, was assured by the receipt of a report from J. L. Stannard, electrical engineer of Portland, that the plant could be built at the figures as estimated by L. R. Stockman, the engineer originally employed to prepare the estimates.

## SEVEN ARE INDICTED ON RECALL FRAUD

Portland.—Seven secret indictments in connection with alleged frauds in circulating petitions for the recall of Mayor Albee and Commissioners Dieck and Brewster were returned by the grand jury here. False names and addresses, said to have been written in the petitions, were the basis of the charges.

### S. P. Pump Tender With Record Dies.

Eugene.—With no demerit in eight years of service on his record, Jerome Smith, a pump tender on the Southern Pacific, died here after a long illness. Eight bar medals gave him the record for the most perfect service on that line in Oregon. He had been with the company for 20 years.

## OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

### Sugar Plant For Medford Promised.

Medford.—Medford will have a \$500,000 sugar beet factory in the near future if present plans are carried out.

At a mass meeting attended by more than 500 ranchers, a proposition was made by A. Nibley and F. S. Bramwell, of Salt Lake, Utah, guaranteeing the construction of the factory if a contract for 5000 acres in sugar beets is signed. Mr. Bramwell said that the sunshine in the Rogue river valley and the fact that an irrigation district was to be secured had convinced him that this was the place to establish the business.

A committee was appointed to confer with the executive committee of the Farmers' and Fruitgrowers' league to determine whether or not the 5000 acres could be signed up.

### Inflammables Barred From Schools.

Portland.—Superintendent L. R. Alderman of the Portland board of education has announced that as a result of the fire at Irvington public school, all similar Christmas entertainments at other schools had been canceled.

Six children and two teachers were painfully burned when a short circuit of electric wires set fire to the decorations on a Christmas tree at the school. While two of the children were seriously injured, it was announced that all were expected to recover. The board probably will issue a permanent order prohibiting the use of inflammable materials at any future school entertainment.

### Hopmen Meet at Dallas.

Dallas.—The Oregon Hopgrowers' association held a meeting in the county courthouse in this city, with Chester G. Coad presiding. The meeting was in charge of J. L. Cartwright, of Harrisburg; M. L. Jones, of Brooks; T. V. D. Paul, of Sheridan; H. B. Fletcher, of Independence, and J. L. Clarke, of Springfield.

More than 90 per cent of the growers in this section became members of the new organization. The meeting was a complete success.

## JACKSON SPENDS \$500,000

### Pacific Highway Adds \$160,000 to Cost of Road Work and Repair.

Ashland.—Jackson county has spent nearly \$500,000 on roads in 1914. The Siskiyou unit of the Pacific highway has cost to date \$160,000, or \$12,000 a mile. From Ashland's western outskirts to the poor farm, about five miles, the expense has been nearly \$12,000 a mile, or a total of \$62,000. This stretch has an asphalt wearing surface five inches thick, and was contract work. From the poor farm to Medford, less than seven miles, the cost was \$74,000, divided between county and state, averaging \$11,000 a mile.

The Central Point unit was the most expensive, costing \$16,000 a mile. This, however, includes the cost of machinery and material, the entire expense over this particular area amounting to nearly \$55,000. The county did this work. About \$25,000 was applied on new construction and grading, while the maintenance of the roads throughout the county in general cost nearly \$90,000. The foregoing figures are semi-official as given out by the county court. More than half of the paved surface completed on the Pacific highway to date has a concrete base.

## PEOPLE FROM NEIGHBORING CITIES VISIT LOCAL HOTELS

### MOORE HOTEL:

Jan. 1.—J. Lindsey, Weiser; Harold Mallett, Howard Mallett, Mallett; Mrs. O. Eckersley, Cove; Nell Eckersley, Walla Walla; Luella Rice, New Plymouth; Vertie Toney, W. Bollinger, Albert James, Payette.

Jan. 5.—E. I. Hatfield, Nyssa; Henry W. Wakerlig, Westfall; H. Davy, Huntington.

Jan. 6.—Robert Franklin, Nyssa; F. A. Rafferty, Roseburg.

## ASYLUM INMATE ADMITS MURDERS

Salem, Or.—A look of his own hair, taken from the hand of one of his victims, who had fought desperately for her life, and that of her child, held before John G. H. Sierka, a feeble-minded inmate of the state insane asylum, caused him to confess to the killing of Mrs. Daisy Wehrman and her little boy in their cabin, near Scappoose, the night of September 4, 1911.

Thus, the authorities say, is John Arthur Pender, convicted of the crime and sentenced to be hanged, proved guiltless. He will, it is believed, be freed by executive order in a few days.

### WHEN A MAN LIES.

He Breathes Differently From When He Tells the Truth.

When you are telling a lie you breathe differently from when you are telling the truth. The difference was discovered by means of some tests made upon his students by Professor Benussi of Graz.

He prepared cards bearing letters, figures and diagrams and distributed these among his pupils. These were required to describe the cards correctly, except in certain cases when the cards were marked with a red star and the students receiving them were required to describe them falsely. Each student was watched carefully by his fellows, who, ignorant of the nature of the card, tried to judge from his manner whether he was telling the truth or not. The watchers were unable to judge with any certainty.

But before each man began his test the time occupied in inspiration and expiration was measured, and the measurement was taken again immediately after he finished. It was found that the utterance of a false statement always increased and the utterance of a true statement always diminished, the quotient obtained by dividing the time of inspiration by the time of expiration.

Dr. Anton Rose, commenting in Die Umschau on these results remarks that the discovery furnishes a certain criterion between truth and falsehood. For even a clever liar is likely to fall in an attempt to escape detection by breathing irregularly. Professor Benussi having discovered that men are unable voluntarily to change their respiration so as to affect the result.

## GENERAL VON STEIN

General von Stein, who is in charge of the commissary department of the German army.
