FRUIT TREE BEARS A DOUBLE CROP

(Special to The Argus.)

Cottage Grove.—It is not unusual for fruit trees in the Willamette valley to produce two crops during a year, but it is unusual for trees to produce two crops at the same time, which is true of some trees owned by J. N. Lindsay, of Creswell. The fruit in question is Burbank prunes and cherries. The crop of prunes is about the size of peanuts, irregular in formation and appearing to have suffered some blight.

The crop of cherries appears to be perfect. Part will mature about ten days ahead of the remainder.

EUGENE COUNCIL MAY RESIGN

(Special to The Argus.)

Eugene.—Every member of the Eugene city council has threatened to resign if the charter of the city, which has a provision that any one may sue the individual members of the council for damages on account of injuries received in a fall through a broken sidewalk or a defective street, is not amended. A recent supreme court decision in a case wherein Mrs. Josie Pullen sued the city for damages because she fell over a broken board in a walk, stated that the city could not be liable to the extent of more than \$100, but the individual members of the council could be sued for damages for any amount.

(Special to The Argus.)

Lisbon, via Paris.—The success of the revolutionary forces has been confirmed. The new government, which will be presided over by Joac Chagas, was proclaimed from the windows of the city hall and the announcement was received with enthusiastic manifestations.

The rebellion broke out at Lisbon aboard the cruiser Adamaster, which bombarded the city. A band of 200 civilians stormed the Alcantara barracks. They entered the barracks cheering the republic. Many were killed and wounded.

Order has been partly restored and the new government is taking measures to re-establish normal conditions. The ex-minister of marine was arrested and taken aboard a warship for having ordered a destroyer to sink the warships, which were bombarding the city.

News from Oporto indicates that the disturbances there were similar to those in Lisbon, but there were fewer casualties.

GERMAN DECLARES LOYALTY TO U. S.

Sioux City, Ia.—Rudolph Beerend, member of the city council, president of the National Organization of Former Members of the German Army, declared that in case of war between the United States and Germany, German-Americans would be found standing solidly behind the president and fighting against the Fatherland.

"There can be no question as to the attitude of the German-Americans," said Mr. Beerend. "The Germans would organize in their own ranks regiments to defend this country, should the need arise, and would be fighting for this country just as was the case when Germans organized their own troops during the civil war."

NEW LAWS SOON TO BE IN EFFECT

(Special to The Argus.)

Salem.—Approximately 265 laws and amendments passed by the 28th legislative assembly, which adjourned February 20 last, will become operative Saturday. Measures making appropriations for state departments and institutions and several others carrying emergency clauses became effective when signed by the governor. The prohibition law, regarded as the most important measure of the session, will not go into effect until the first of next year, the constitutional amendment providing for state-wide prohibition not becoming operative until that time. The permanent registration law and the tax law also will not be in force until then.

Among important measures which will take effect are those regulating employment agencies to protect employees, compelling trustees of educational and philanthropic funds to make reports to county courts, changing the railroad commissioner districts so as to give the section east of the Cascade mountains representation on the commission, amending the workmen's compensation act, enlarging classifications and making fees more equitable, reorganizing the fish and game commission and providing that the governor shall be the head, consolidating the office of state highway engineer with that of the state county treasurers tax collectors, repealing all but a few continuing appropriations and, because of the abolition of the death penalty, making the punishment for first degree homicide life imprisonment.
