Plans are being made at The Dalles to build a new road of 25 miles from Ward's Mill, 17 miles southwest of Dufur, to Government Camp. This highway, if built, would shorten the proposed "loop" road around Mount Hood from Portland by 30 miles. At the same time it would afford the tourist a wonderful scenic route, one of the best in this part of the state.

S. Benson, Portland philanthropist and millionaire lumberman gave \$100,000 to School District No. 1 for the purpose of building the first unit of the trades school building on the site recently purchased in East Portland. The only restriction attached to the gift is the condition that the school district contract to spend an equal amount during the year 1916 in the construction of the second unit of the same building.

### OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Will Appeal Married Teacher Case. Portland.—By a unanimous vote, the school board determined to appeal to the supreme court the case involving the dismissal of Maud L. Richards as teacher in the girls' school of trades from the recent decision of Judge Morrow that Mrs. Richards is entitled to her position and also her salary during the time she was under suspension.

University to Add to Requirements. Eugene.—Further tightening of the screws at the university in an effort to raise the standard even higher is the edict circulated about the campus. Ten per cent will be added to all requirements during the coming year. Required hours of study will be increased, lessons will be longer, general standards higher, the field of study larger and the depth of subject greater.

The tightening is not in the university alone, says President P. L. Campbell, from whose office the order comes, but characterizes high school work throughout the state.

Salem.—State Treasurer Kay announced the apportionment of the interest on the school fund, and it is \$13,424.95 less than last year, while the school population is 3865 greater, the total interest for this year being \$360,066 and the total school population 205,752. Last year the interest totaled \$373,490.95 and the school population 201,887. This makes the per capita apportionment this year \$1.75, as compared with \$1.85 for last year. A considerable sum in delinquent interest could not be collected this year prior to the apportionment, and this accounts for the total being less.

Supreme Court Decision in Favor of Proposed Kendall Road Pleases. Roseburg.—One of the most enthusiastic celebrations ever held in Roseburg was the jollification celebration on the streets here after receipt of news that the Oregon supreme court had rendered a decision upholding the city in the \$300,000 bond issue recently voted by the people of Roseburg to aid Kendall Brothers in the construction of a standard gauge railroad extending from the city 30 miles east to the timber belt, and the construction of a large sawmill near this city.

The celebration assumed the proportions of a strawberry carnival and Fourth of July celebration in one.

Attorneys and others interested in the case are of the opinion that this decision will end all litigation in the matter, and that Kendall Brothers may now safely proceed with actual construction of their projects.

Gets Job at O. A. C. Dallas.—E. M. Smith, former county clerk of Polk county, has accepted the position of auditor of the state agricultural college at Corvallis and will move to that city about September 1.

Heavy Damage is Caused by Storm. Baker.—Bridges were torn out, roads gullied and part of the O.-W. R. & N. track near Durkee was swept away by a cloudburst in this vicinity. Standing grain in the Burnt River country worth thousands of dollars was destroyed.

Housekeeper Awarded Estate Eugene.—Elizabeth Murray, who kept house and cared for James Sanford for 13 years on condition that he leave her his property when he died, was not left anything by Sanford's will. Court upholds her and she will receive \$25,000 estate.

Eastern Oregon Lumbermen to Testify La Grande.—Eastern Oregon lumbermen decided to send representatives before the federal trade commission when it sits in Spokane August 6, to present problems of manufacturers and dealers, and the Western White Pine association's plan to enter into the National association's advertising campaign, which contemplates an expenditure of \$50,000 annually in the interest of lumber, was heartily endorsed at a meeting of the Eastern Oregon Lumber Producers' association which convened here.

### BRIEF WAR NEWS

Both the French and German official reports tell of great activity by aviators on the western front.

During the month of July, Berlin says, the Germans captured more than 95,000 Russians between the Pilica river and the Baltic alone.

Bad weather is interfering with the operations in the Austro-Italian theater.

The Russians, according to Petrograd, have stopped General von Buelow's advance in Kovno province, toward the Vilna-Petrograd railway.

An unconfirmed report comes from Rome that the Austrians are preparing for the evacuation of Trieste, and have already removed the machinery of the munitions factories.

The steamship Portland, reported to be outward-bound from Stockholm has been seized by a German patrol-boat and taken into Swinemunde, Prussia, for examination.

Announcements which are apparently inspired, declare Emperor William will include in the proposals for a new and independent state of Poland, not only the Polish provinces of Russia, but also the Galician domains of Austria and certain German territory, including the Duchy of Posen and Danzig as a free port.

The first year of the war has cost the belligerent governments about \$16,500,000,000 in direct expenditures for military purposes.

This is the expense of putting about 9,000,000 men into the field for the central powers, and about 13,000,000 for the allies. It does not include, however, the far greater amount lost through the destruction of towns and villages, the ravaging of the countryside, the wrecking of bridges and railroads and the wholesale sinking of ships, and the economic loss through the diminution in productive industry, the killing of the strongest men in the community, and the creation of a class of cripples and madmen. The war is now costing about \$45,000,000 a day, \$2,000,000 an hour, and \$20,000 a minute.

SHORT NEWS NUGGETS

Miss Catherine Barker, the \$30,000-000 heiress, of Chicago, was married at Harbor Springs, Mich. to Howard Spaulding, Jr.

Net profits of \$390,244.01 were earned by the Panama-Pacific Exposition during the 23 weeks of operation, which ended July 31, according to a financial statement issued.

Chas. Becker, former police lieutenant of New York, convicted of the murder of Herman Rosenthal, a gambler, was executed at Sing Sing. After three shocks he was pronounced dead.

Plans for six big cruiser destroyers authorized by the last congress have been approved. They will be the first vessels the design of which will have been influenced by the war in Europe.

From the pulpit of Trinity Methodist Episcopal church at Berkeley, Cal., Judge Alton B. Parker, democratic candidate for president in 1904, made a plea for stronger coast defenses.

A Mitchell Palmer, ex-representative in congress from Pennsylvania, who was appointed a member of the United States court of claims by President Wilson some time ago, has declined the place.

In exports of domestic products, in aggregate value of foreign trade and in favorable balance of trade the United States made a new high record in the fiscal year ended June 30, 1915. Figures made public by the department of commerce show that imports and exports combined totaled \$4,442,864,272, an increase of \$184,000,000 over 1914 and of \$164,000,000 over 1913, the prior high record year in total trade.

Osteopathic Association Meets. Portland.—The convention of the American Osteopathic association opened here Monday with a large attendance.
