CALDWELL HAS NEW LEGAL TENDER

A new legal tender has been introduced here, says a Caldwell paper. As far as durability is concerned, eggs may not measure up to Uncle Sam's medium of exchange, but they look perfectly good to a local real estate firm which is offering four five-acre tracts at the price of 20 eggs a day, for five years.

It is estimated that each tract will support 500 hens, and that 100 of Serge, has exchanged sentences. The end of the story is replete with thrills and heart beats and in the role of Hope, Clara Kimball Young has a part in which her strong power of characterization is demonstrated and to which she gives a remarkable and powerful interpretation. The film, in five parts, will be shown at the Dreamland theatre, Saturday night, Sept. 4th.
