### BOYERS ARE BACK FROM TRIP EAST

Mr. and Mrs. H. C. Boyer have returned from an extended trip in the east where they have been purchasing stock for the Boyer & Co., department store. Mrs. Boyer arrived home Sunday morning coming from New York by way of Chicago, and Mr. Boyer arrived home today, coming by way of Philadelphia.

Mr. Boyer states that never before has there been such a decided change in the styles, not only in the lines of the suits but also in the materials. As was the fad for the late summer, black, and black and white, which is always a striking combination, will be very popular this season. Navy blue leads decidedly for the next favorite. Of course military effects in tailored costumes will still be in favor.

Mr. and Mrs. Boyer have made unusually large purchases for this season and the opening days for the showing of the new stock which will probably be about the tenth of September, will be looked forward to by those contemplating the purchase of new garments.
