Recently I stated in one of my advertisements that my milk would keep for 72 hours without souring. One of my customers stated that I should double this time as she had kept a bottle of my milk for six days and that it was still sweet at the end of that time. When milk is clean and put up in a proper condition it will keep a long time. Phone 57-J when you want good milk.

CLOTHING AND SHOES WANTED.
Anyone having clothing and shoes for the poor, if they will bring them to the Baptist Parsonage, or call up by phone, No. 47-W, we will go for them. We will appreciate anything in this line, and will place it where needed.
