LECTURES ON AGRONOMY, HORTICULTURE AT CITY HALL, DEC. 13 TO 18.

W. W. Howard, county agriculturist, has made the announcement this week that the farmers in this vicinity are to have the advantage of the "Short Course" conducted under the auspices of the Oregon Agricultural College. In Ontario this course will be given at the City Hall from December 13th, to 18th. Able men from the college will be in charge of the different departments including Agronomy, Horticulture, and Animal Husbandry. As it is only possible to obtain an advantage like this in a few places in each county, and coming at this season of the year when the farmers are not so busy, it is expected that many farmers will gladly take this opportunity of enlightening themselves on some of these interesting subjects, and that the lectures will be well attended. The different days that these subjects will be taken up, and the names of the men who will be here will be announced later.

"Keep the Day With Gladness"

As a religious people who do not believe the world is ruled by chance, but by an intelligent and beneficent Providence and the Most High rules in the kingdom of the children of men, it is right that we should, from the chief magistrate down to the humblest citizen, be called to recognize and thank the beneficent Author of all our mercies.

God has rolled the seasons round. Seedtime and harvest have come, and we have received again the kindly fruits of the earth. And because of all these manifold blessings we can say, as probably no other people have ever said, that the lines are fallen unto us in pleasant places. We should appreciate our heritage, and for it we should "enter into God's gates with praise and into his courts with thanksgiving."

But above all—
"KEEP THE DAY WITH GLADNESS."

COUNTY SCHOOL NOTES.

Owyhee School. We have so many reasons to be proud of our school this year that we hardly know what to write about first.

The Industrial Club is still rejoicing over the \$5.00 they have in their treasury which they won as first prize at the county fair for the best Rural school exhibit.

On Friday evening, October 16, the Industrial Club gave an entertainment as a finish to their summer's work. The teacher, Miss Emma Schifferer, planned a short program, which was well rendered. One of the principal numbers was an industrial drill by the members of the club, each member carrying something to represent project work. A dainty two-course lunch consisting of sandwiches and coffee was served by the members of the club. All believed it to have been one of the best school entertainments ever held at Owyhee.

On Monday, October 18, Miss Helen Conzill, the assistant state agent at the boys' and girls' club work, accompanied by Miss Fay Clark, county school superintendent, visited our school and gave the club some excellent advice and encouragement.

Owyhee School Correspondent.

The Park School pupils recently netted \$33.50 as the results of a basket social given in the school house. Play ground apparatus, new pictures, etc., will be bought with the money.

Mrs. Highy of Payette is the teacher of this school.

In proportion to land occupied for raising high grade turkeys Rhode Island ranks first, with Massachusetts in second place and Connecticut going higher every year, in the raising of fine birds and eggs for sale to poultry fanciers.

We Thank Thee,
For flowers that bloom about our feet,
For tender grass, so fresh, so sweet,
For song of bird and hum of bee,
For all things fair we hear or see,
Father in heaven, we thank thee!

For blue of stream and blue of sky,
For pleasant shade of branches high,
For fragrant air and cooling breeze,
For beauty of the blooming trees,
Father in heaven, we thank thee!

—Ralph Waldo Emerson.

STEVE ADAMS MAKES VISIT TO ONTARIO.

A sheep header for some local sheep owners and others prominent in this county and Harney dropped into Ontario a few days ago and until he made a visit to all the local saloons and become a little more friendly he was not recognized as the famous Steve Adams who at one time was prominent in the Western Federation of Miners and made himself more or less famous during the Moyer, Haywood and Pettibone trial a few years ago. Adams, who is now over 60 years old has a forlorn appearance and about the only marked feature left is his strong and powerful voice, a characteristic of the man a few years ago.

Return From Boise—Mrs. H. A. Morrow and little son returned last evening from a few days trip to Boise.

NEWS NOTES FROM LOCAL HIGH SCHOOL

This afternoon the Literary society is giving their regular three week's program. Some very good numbers have been arranged for.

The high school cadet corps has received compliments on their drill demonstration during the Corn Carnival.

The high school will have a midget basket ball team this year, composed of the smallest boys in the school.

Ira Williams is on the sick list this week, suffering from hemorrhage of the ear.

The senior class pins have arrived and all the members are more than pleased with them.

A foot ball game has been scheduled for Thanksgiving day between Ontario and Payette. The game will be played on the local grounds.

A "Thank Offering" Box

A woman who has faith in Providence keeps what she calls her "thank offering" box. Into this goes through the year, from one Thanksgiving to the middle of the following November, a sum of money for every accident that is escaped, calamity averted or special joy.

These offerings are not confined to her own escapes, but each time some member of her family bobs up from some threatened woe into the box goes the money offering of thanks to Providence.

Not the same amount is given each time and rarely large sums, for the woman is not rich, but a nice little sum is realized.

This is devoted to giving some one a happy Thanksgiving day. It does not always go into regular channels. As the woman says, the poor and hospitals are usually well cared for in holiday seasons.

Sometimes a homesick girl in a strange city is given car fare for the Thanksgiving gathering she would otherwise miss; once a music lover was given a season ticket to the symphony concert; again a doctor's bill that had worried a young stenographer who had her mother to support was quietly paid.

In speaking of her pretty custom the owner of the thank offering box said, "Never had I known what thankfulness really meant until I started my box and saw the joy my thankfulness brings to others."

Such a box, besides cultivating one's bump of gratitude and making others equally grateful, affords great pleasure and interest in the spending. It illustrates as few other things do the truth of the saying that it is more blessed to give than to receive.

GRANT COUNTY CATTLE MAN IS SET FREE

Canyon City—Ben Colvin one of the greatest cattle raisers and largest land owners in Grant county was exonerated from a charge of perjury by Judge Biggs here this week. Judge Biggs dismissed the case. It was the outgrowth of the prosecution of Mr. Colvin more than a year ago on a charge of cattle stealing. The action was taken by the court after Colonel J. H. Raley one of the attorneys for the defendant had filed a motion asking for a change of venue from Grant to Umatilla county.

Reasons For Gratitude

Let us be thankful for abundant harvests, for busy days in mill and factory, for the incentives to industry and its more adequate rewards. Let us be thankful that educational standards are lifted and educational opportunity is broadened so that home and state strive together as never before for the making of an intelligent citizenship.

Let us be thankful that old fashioned virtue is given highest place in the people's thought, higher than pretentious wealth or social prestige or any public office if it be unworthily gained or held. Let us be thankful for the integrity which vice cannot by bribe corrupt, for the fine courage which vice cannot intimidate. Let us be thankful if by all the helps afforded us we have wrought worthily, and if we cannot with glad hearts look back upon our yesterdays let us be thankful that, by God's help, there may be brighter tomorrows.

A. N. FOWLER IS SHOT ACCIDENTLY BY HUNTERS

MAN MISTAKEN FOR BEAR AND IS TARGET FOR REMAINDER OF PARTY

SEVERAL SHOTS FIRED AT HIM

ONLY ONE BULLET TAKES EFFECT STRIKING HIM IN THE FOOT

E. N. Fowler was shot and severely injured Wednesday noon when he was mistaken for a bear by the other members of a hunting party and became a target for their high power rifles. The party was hunting on the north fork of the Malheur river Wednesday. They spread out over the side of a hill to more effectively cover the ground. Fowler did not meet his companions at the appointed place. While waiting for him, they noticed an object up on the hill, and, thinking it a bear, commenced shooting.

Several shots were fired but only one took effect, a 30-46 steel jacket bullet striking the foot of the unfortunate man.

Mr. Fowler, accompanied by his brother, came to the Holy Rosary hospital yesterday afternoon, and his injury attended to by Dr. Prinzing.

D. E. BAKER, Pastor.

First Man to Brown a Turkey. The browning of roasted turkeys to a uniform color throughout and the partial stuffing of the birds with truffles and an oyster and chestnut stuffing mixed with rare Madeira wine were invented by Dominick Lynch, a beau of the early decades of the last century. That stuffing was first served at a banquet given by him to Miss Kelly, a sister of Mozart's famous tenor, who came to this country to sing for the benefit of the Greeks, then rising against Turkey. Lynch always gave a turkey dinner to the celebrities of European opera and the drama who visited New York. Many of them expressed their amazement at the quality of the vinds in a new country.

John A. Griffin and family expect to move to near Hood River, next week.
