NYSSA

(Nyssa Journal)

It is more than probable that a fine, new hotel will be erected in Nyssa in the near future. Verily it looks like a small boom.

Wilson Bros.' new brick is rapidly assuming shape, the side walls being nearly completed. The contractors, Closson & Carman and George Green are rushing operation as fast as good workmanship will permit and expect to have the building ready for occupancy by June 1. It will be a credit to Nyssa.

Considerable new land is being put into cultivation in the Colony. Under the new pumping plant on the west side Mr. Burroughs, Wed and Harva Oola, Mr. Waltz and H. R. Scott are planning to accomplish a good deal this summer. Mr. McCreary and Mr. McClain have formed a business partnership for the purpose of putting about 20 acres of the McCreary homestead into potatoes. Lauren Sheldon expects to spend the summer developing the Sheldon place.

Prize Cup on Display

The handsome golden bronze loving cup which was won by Franklin C. Fry in the First National Corn show held at St. Paul last December, is on display at the Bank of Nyssa and is admired by all beholders. The cup was presented to Mr. Fry, who lives in the famous Big Bend country, by the First National Bank of St. Paul, it being the second prize in District No. 1 in Oregon, which comprises the entire eastern half of the state. Mr. Fry was also awarded third prize in this district.

The fame of this vicinity as a corn growing section is spreading and when the industry is thoroughly developed we will be the champion corn growers of the West.

MALHEUR NOTES

Mr. Donnelly and Mr. Strickland were Malheur visitors over night on their way to the reservoir. Mr. Donnelly is employed by the government to superintend the measuring of water in this territory.

Mr. Davaran of Ontario, solicitor for the Democrat was in town.

There has been quite a party of home-seekers here this week from Willamette Valley looking over the country with the intention of locating homesteads. They are very well pleased with this section of the country.

Mr. and Mrs. Floyd Howard visited Mrs. Howard's parents at Amelia Saturday evening.

Mr. Geo. Bodfish is in Baker on business.

Automobiles are again running through the country and roads are very much improved. This part of the country does not seem quite so isolated, on account of the unusual fall of snow, the roads have been almost impassable for some time.

The Holden Bros. who carry the mail between Baker and this place are going to put on an auto truck as soon as the roads are a little more settled which will be a great convenience for everyone.

Malheur and Ironside ball teams crossed bats Sunday afternoon at Malheur. Ironside won by a score of 18 to 10. This is the first game of the season. The boys hope with a little practice to do much better.

There were about twenty rooters accompanied the Ironside ball team Sunday.

C. H. Morfitt and family are now located on their homestead two miles north of town.

Mrs. Roy Stephenson and family of Rainbow Mine were visitors at the H. M. Derrick home Sunday.

Mr. D. K. Laurie held communion services here Sunday morning and held services at Bridgeport in the evening. He will soon leave for Atlantic City to be in attendance at the general assembly of the Presbyterian church which meets there next month.

Choir up and stay cheered.

Forget it, brother, and take a fresh start.

Mexico, however, will not be a Belgium this trip.

JORDAN VALLEY

(From the Express)

The lambing season is now on, with every indication of a very large percentage of lambs.

Born to Mr. and Mrs. William Helm of this city, at Boise, a daughter. All doing nicely.

Gus Acuenaga came up yesterday from his lambing camp on Bogus creek. He says coyotes and bobcats are destroying more lambs this year than in any of his previous twenty years' experience on that range.

Andrew Cunningham of Rockville, Oregon, on Succor creek, called at the sheriff's office to report the loss of nine head of horses stolen from his ranch on the night of March 31. The animals taken included a brown saddle horse, a black mare, brown mare, two 2-year-old Shire colts, two yearling Shire colts, a yearling trotting-bred colt, and a 2-year old bay colt. All of the younger animals are branded A-7 on left shoulder.—Caldwell Item in Statesman.

Dr. MacKenzie, superintendent of the federal livestock inspection service for this district, after a review of conditions here, left this morning for the railway. The doctor found stock conditions very favorable, but during his sojourn at the hotel he observed an instance of affection of the human heart of a character that no physician has yet been able to control. This disease is no respecter of age or sex, and frequently proves fatal.

A Good Bridge, But

Down on the Owyhee river there is a bridge built several years ago at a cost of probably twenty thousand dollars. It is a good bridge, we are told, and is one that is needed, but it has one peculiar feature—people living on this side who would use it must ford the river and come at it from the other side. So far the bridge has been useless. The correction of such blunders as this is one of the aims of the Taxpayers' League.

Inspecting Reservoir

H. G. Wells and Jesse T. Johnson of the Maney Brothers' Construction company, came over from Boise last Friday evening for a hurried inspection of the Antelope reservoir. They found more water in the big lake than ever before, notwithstanding the fact that the ditch for carrying the flood waters of the Jordan is not in working order, having been punctured at various and sundry points by gophers. Men and teams will be here in a few days to make the necessary repairs to put the ditch in first class shape. Messrs. Wells and Johnson were accompanied by Mr. Harley Hooker, a successful colonizer, who has put in shape and disposed of a number of irrigation projects. The party spent but a few hours at the reservoir and returned to Boise Saturday afternoon.

PARMA NOTES

(From the Parma Review)

J. H. Hill, a registered pharmacist from Ontario, is the new clerk at the City Drug store.

Four carloads of hogs were shipped from Parma, Friday, one by the Roswell Co-operative association, one by Wm. Ross and two by Seattle purchasers.

A band of 1500 sheep belonging to Frank Brown passed through Parma early Friday morning. The band was composed of sheep and lambs and each composed of sheep and lambs and each mature animal was the mother of twins, having two babies.

GIRL 14, AND MAN CAUGHT

Pendleton, Ore., April 13.—(Special.)—Earl G. Love and Lillian Jane King, wanted in Ontario, Ore., were picked up here today by Chief of Police Gurdane and Patrolman Edwards. Love is wanted in Ontario for abducting the girl, but is said to have passed a number of bad checks drawn on a Mountain Home, Idaho, bank.

The police had been on the lookout for the couple for some time and they were located today in a lodging-house. They have been working on ranches near Pendleton. The girl is only 14 and rather good-looking. They say they were married in Ontario February 9.

FRUITLAND ITEMS

The concert given by the Commercial Glee clubs of Payette-Fruitland at the Methodist church Friday evening under the musical director, Professor T. R. Neilson, was of a high order and fully appreciated by a large audience of several hundred people. Professor Neilson has assembled some of the best talent of this part of Payette valley and with careful practice has produced a chorus of 50 voices unsurpassed.

The glee club of the University of Idaho accompanied by a Payette delegation made a courtesy visit to Fruitland high school Thursday morning favoring the school with several selections of high class music both vocal and instrumental and also readings which were a criterion of the splendid entertainment given in Payette Thursday night.

Mrs. R. G. Wilson, state superintendent of Loyal Temperance Legion, attended a W. C. T. U. convention held at Parma Tuesday and Wednesday of this week. Three of Fruitland's Loyal Temperance Legion members who held silver medals, James Pifer, Paul Dalsell and Eve Wilson, accompanied her, taking part in the gold medal contest, the latter, Miss Eve Wilson, being adjudged the successful contestant.

Several auto loads of Fruitland people drove to Boise during the week to see the great drama, "The Birth of a Nation." Among the number were Mr. and Mrs. H. E. Robinson and family, Mrs. Ross Kennedy, Mr. and Mrs. A. Stetler, Miss Annie Rupp, Mr. and Mrs. E. W. Madsen and Professor T. R. Neilson and family. Quite a number also went to Boise on the train, all reporting the entertainment well worth the trip.

At a recent meeting of the directors of Canyon-Malheur Cow Testing association, Ralph Makinson of Fruitland and a graduate of O. A. C., the past year being employed as cow tester of a similar association at Hillsboro, Ore., was elected as cow tester of this association and is well qualified for the position.

Mr. and Mrs. Victor Griep and little daughter came last Saturday from Forest Grove, Ore., Mr. Griep leaving at once for Wyoming where he will work for the government in the extermination of the coyote.

At the primary held at Robinson's store Tuesday, April 3, only seven ballots were cast. Delegates elected to the Twin Falls convention April 20, are M. E. Robinson, Ross Kennedy and F. W. Griep.

Old congress, sad to relate, is still jabbering away.

It doesn't take a newly married couple long to discover that there is a lot of snoring in love's young dream.

NATIONAL SLOGAN SUGGESTED BY PROMINENT MEMPHIS DRUGGIST

Would Remind the Public to Prevent Sickness by Removing the Cause

T. D. BALLARD

a prominent druggist of Memphis says: "Much sickness could and would be prevented if the people would only remember that constipation is one of the first causes. As a reminder, I would suggest the slogan,

"Retail Orderlies, the laxative tablet with the pleasant taste."

"I suggest Retail Orderlies as I know their formula and believe they are the best remedy for relieving constipation. They can be used by men, women or children."
