INCOME TAX PROBE TO COMMENCE SOON

Washington, D. C., May 31.—Chairman Lobeck of the house committee of treasury expenditures, indicated today that inquiry to ascertain whether it is possible to collect income taxes without publicity, will begin shortly. He intimated it would be thorough. It will be based on Basil Manley's charges that the government loses \$320,000,000 annually through income tax frauds, and Secretary McAdoo's reply. Manley said Secretary McAdoo admitted wholesale evasions. His assistant denied that they amounted to \$320,000,000, estimating the American income at \$20,000,000,000 whereas six years ago statisticians estimated it at \$30,000,000,000.

OREGON DELEGATES WORK FOR HUGHES

Chicago, June 1.—Republican Delegates C. W. Fulton and W. H. Brooke are here arranging headquarters for the Oregon delegation. Fulton said: "We do not pretend to represent Mr. Hughes or to have in charge a movement to secure his nomination. We have been commissioned by the republicans of Oregon to do our utmost to secure his nomination and we are here to execute that trust. We desire to co-operate with all who are animated by a like purpose. We feel that we are fully justified by the situation in actively entering upon the work of organizing a movement to secure the nomination of Mr. Hughes."

Occasionally, however, some benighted soul forgets himself and remembers the golden rule.

A brave man lets others do the talking, while the coward toots his own horn.

These are the days when the political orator loves all the world and covets what it has to give.

What, you wonder, does your neighbor think of you? Your own actions tell the story.

No one is necessarily good because he is making good.

Peace talk keeps right on bobbing up over in Europe, and as religiously bobs right down again.

You can generally gauge the quality of a man's kindness by the affection of his dog.

Politely speaking, in the matrimonial market money is the connecting link between the cradle and the grave. In vulgar English, it enables a doddering old millionaire buck to buy a doll faced chicken for a wife.

Spread the good cheer to others. It may warp your own face into a smile.

"A Good Bank in a Good Country"

THE UNIVERSAL INSTRUMENT

Thirty years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has service with a range three-quarters of a continent broad, and every branch of every business is linked to every other by an intercommunicating telephone system.

The telephone has earned its responsible place and there are now 8,000,000 Bell telephones in this country, over which go 26,000,000 talks daily.

Every Bell Telephone is a Long Distance Station.
