**BIG CONCERNS WATCH WASTE OF MATERIAL**  
 Get Full Value Out of Labor Another Problem.

Your job depends upon two things: First, the profitability of the business; and second, your efficiency. If the business is not remunerative it cannot long exist, and the inefficient workman is soon eliminated by the processes of competition and supervision.

The principal cost in all business is the labor and material cost, and the problem of business is to get full value out of labor and out of all waste of material. The thrifless workman can waste as much as he produces, and do it so unconsciously that it may not be detected without expensive checking. A fifty-nine-cent article can be wrapped so expensively that the profit disappears. Paper and twine is often used so thriftlessly by department store employees that when delivery is made the profit is cut in two. These are the little leaks that waterlog the business ship. The employee must realize the fact that he is one of a great number and if he allows little wastes in material, or "soldiers" just a few minutes each day, in the aggregate the loss is enormous.

A few years ago there was a wreck on a western railroad that cost the company \$250,000. The president sent word down the line that as a special favor to him he wanted each man in the company's employ to endeavor to save five cents' worth of material a day, or do five cents' worth of work more a day than theretofore, and the loss would be made good in a year. The problem of all big concerns is to get the men in this frame of mind constantly—no loitering on the job and no waste in the job.

Big concerns everywhere are giving much thought to the elimination of the waste and utilization of all the by-products. Chicago is famous for using all the pig but the squeal. The Pennsylvania Railroad requires that every bolt and nut that can be retapped be used. You will find no waste iron around their yards. Even the cotton waste used in wiping engines is cleaned and used for packing journals. In the South the stumps of yellow pine, heretofore a nuisance and an encumbrance to the land, are now turned into resin, turpentine and other by-products.

**DO YOU KNOW THAT**  
 Better wages make better health?  
 Better health makes better citizens.

Better citizens make a better nation?  
 The U. S. Public Health Service found 78 per cent of the rural homes in a certain county unprovided with sanitary conveniences of any kind? Cholera is spread in the same manner as typhoid fever?  
 Scarlet fever kills over 10,000 Americans each year?  
 Hookworm enters through the skin?  
 He who builds up health lays up treasure in the Bank of Nature?

**SOLDIERS PAY.**  
 If you are contemplating an army career the pay roll might be of some interest. Officers pay is as follows: major general, \$8000, division; brigadier general, \$6000, brigade; colonel, \$4000, regiment; lieutenant colonel, \$3500; major, \$3000, battalion; captain, \$2400, company; first lieutenant, \$2000; second lieutenant, \$1700. Noncommissioned officers, sergeant, \$360; corporal, \$252, squad.

We men are quite in the habit of smiling over the feminine scraps over the back fence, but we apparently overlook entirely our own propensity to "chew the rag" in the public street. Of the two we are inclined to the belief that the woman has the best of the deal.

**NEW TAXES ARE TO RAISE \$200,000,000**  
 House Expected to Pass Revenue Bill Monday; Preparedness Brings Levy.

Washington, July 6.—The administration general revenue bill, designed to produce about \$200,000,000 additional revenue from increased surtax on incomes and from taxes on inheritances and war munitions profits, was favorably reported by the house ways and means committee and probably will be passed by the house Monday.

The republican members of the committee, Longworth, of Ohio, and Gardner, of Massachusetts, voted with the democrats for a favorable report, but reserved the right to express during debate in the house their objections to the methods of the majority in framing the measure. Two other republican committeemen, Green, of Iowa, and Sloan, of Nebraska, while they voted against reporting the bill, gave notice that they expected to support it on the final rollcall.

The committee report says that the necessity for revenue legislation "grows out of the necessary increase in appropriations for the army and navy and fortifications of our country."

Digging in the garden is the best of exercise. It clears the brain, develops your muscles, adds to the circulation of blood, and brings the glow of health to your cheek. But, of course, you'd rather have the other fellow do it.

We often refer to certain people as hard headed men of affairs. No mention, however, is made of the heart.
