Seventeen cars of cattle, three cars of horses and as many of sheep left Ontario Monday of this week for eastern markets. The seventeen cars of cattle were shipped by Rutherford Bros., James Morfitt, James E. Lawrence, C. E. Howard, Ed. Beam and Ernest Locoy. The sheep were shipped by H. Walters.

According to estimates placed on the shipment the cattle represent \$30,000 while the horses were worth \$9,000 or \$10,000 and the sheep were worth about \$4,500 or \$5,000. This neat assemblage of capital will return to continue the prosperity of Malheur county.

## GRUB GONE BOY CAMPERS

WELCOME PARENTS ARRIVAL. Attorney and Mrs. J. W. McCulloch never received a more cordially spontaneous welcome in their lives than that which greeted them last Saturday on their arrival at their sons' camp on Willow creek. Of course there was a reason beside that of filial devotion, and that reason was convincing and poignant. The grub was gone.

Certain that the young men had a commissary sufficient to sustain a regiment, Mr. McCulloch had established the boys in camp the week before and returned to town promising to return on Saturday to take them home. But he had not taken into account the stimulating effect of life in the open in which long tramps braced the nerves and quickened the appetite, and as the result there was not a morsel of food left when with Mrs. McCulloch he arrived at the camp Saturday to receive the whole-hearted welcome of his sons.

Mr. and Mrs. McCulloch stayed at the camp until Monday and enjoyed a pleasant outing with some good fishing with the boys who returned with them ready to start the school year.
