

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

THE WEEK ON THE FRUITLAND BENCH

By MRS. R. G. WILSON

Miss Marie Tunny and C. K. Huntington returned from Boise Wednesday. Mr. Huntington left for Burley Monday.

Paul Nathan Van Derkar, who was born near Troy, New York, Sept. 3, 1855, died at his home near Fruitland, Idaho, Oct. 29, 1916, of pneumonia and heart trouble. Mr. Van Derkar was sick only a week but from the first was considered in a very serious condition. Everything was done to relieve him and for a time it was hoped the crisis would be safely passed. He came to Fruitland and purchased his farm building on it, then returned to New York where he was married to Miss Ruth Davis, at her home at Kelsey, New York, Oct. 11, 1911. They started at once for their home in the west.

Three children were born to this union, Jean, aged 4, Franklin, two and a half years, Roger 16 months.

Besides the immediate family he leaves a brother, Franklin at Binhampton, N. Y., Phil at Philadelphia, a sister, Mrs. Geo. Pay of Detroit, Mich., and Mrs. E. F. Sikes at Albany, N. Y. Mr. Van Derkar was a consistent member of the Baptist church since 13 ears of age and has been an active worker in the church at the time of his death he was a member of the board of deacons here. He was held in high esteem in the community and will be greatly missed. The funeral services were held in the Baptist church Monday afternoon. Rev. Ford Burch officiating, giving many beautiful and comforting thoughts from the text Ex. 14: 19-20. Burial was made at Paette. "To live in hearts we leave behind is not to die."

Men and Women of Ontario

Do You Want Certified Milk?

I have one ambition for my business. It is this—TO FURNISH THE PEOPLE OF ONTARIO WITH MILK THAT IS SECOND TO NONE.

Dairy Being Rebuilt

Deep Well Being Dug

Right now our dairy is being rebuilt, and a deep well is being dug and everything that possibly can contribute to making the milk from this institution the very best is being provided for.

Cows All Tested Regularly

All our cows have been tested regularly and are certified to be free from tuberculosis. Our method of handling milk is the most sanitary. If for no other reason, than that of making a business successful while at the same time providing healthful milk for my family of ten persons, all these precautions would be taken, but there is another reason. I want to have the reputation of delivering the best milk to be had in the city and with the co-operation of the City Council's Health Committee and the City Health Officer's approval, after inspection, I will deliver—**CERTIFIED MILK—There can be none better.**

If my well can be finished and the other work completed I will be ready to deliver milk—

About November 1.

D. C. GRIFFIN
