

### PARACHUTE JUMPER HAS STRANGE RECORD

Captain Kobey The Sensational Sky Diver Who Will Be One Of The Feature Free Attractions Of Ontario Carnival Week May 15 to 19.

Captain Kobey has had some sensational and amusing experiences during his years as a Balloon Jumper. Once when nearly to earth the captain was surprised to see a large gathering of pleaders sitting around a picnic lunch and without warning Kobey fell into the center of the lunch, destroying the ice cream cake and goodies to say nothing of throwing a terrible fright into the pleaders. At another time the captain landed in the rear of a fast speeding auto and you can readily see the surprise the two young ladies experienced when a man from the heavens was unceremoniously dropped into their waiting arms. In New Zealand something went wrong with the lines and Captain Kobey shot down over seven hundred feet before the great umbrella opened. But says Captain Kobey the most harrowing experiences that ever befell a sky diver was during the season I was making jumps in Australia when I was about one hundred feet from the ground I was startled to see I was descending directly over a moving freight train. I exercised every muscle but was unable to sever my body clear of the train, there was but one thing to do and that was to take a chance on alighting on a car or falling between the couplings and becoming a mangled and lifeless body. I let go and the goddess of luck was with me and I landed squarely in the center of a car load of lumber and exhausted but thankful I rode the freight into the next station some 20 miles away where I telephoned to the searcher that I was safe. Yes making sky dives is sure one darn thing after another. Captain Kobey will make a sky dive at Ontario, Saturday, May 19.

### GRANGERS INDICATE OPPOSITION TO BILL

Meeting At Arcadia Attended By Large Gathering—Musical Numbers And Dinner Interspersed With Addresses.

The Pomona Grange held an all day session at the Arcadia school house last Saturday. Among the speakers were District Attorney R. W. Swagler, Superintendent E. G. Bailey, A. E. Kimball and State Senator Julien Hurley. The women of that section served the music. Little Miss Barrett pleased with recitations. The principal matter up for discussion was the proposed state bond issue for good roads. Save for Senator Hurley, member of the legislative committee in charge of the campaign, most of the speakers declared against the bill. Senator Hurley made an impressive argument for the measure, but the grangers took the position that this is not the time to issue state bonds.

R. W. Swagler delivered a patriotic address dealing largely with the issues of the war and America's position in the conflict.

Superintendent Bailey discussed local conditions and touched on the matter of good roads. Mr. Kimball was the principal spokesman of those opposed to the road measure. He argued that the money spent in interest might better be paid for road building and cited the various sums already provided for roads which he declared was sufficient at this time.

Alderson Rancher Relates Seeing Five Hundred Dead Ewes in One Gulch—Venator was Hit Hard.

Emory Hill left Monday for Burns enroute to his ranch in southern Harney county near Alderson, after a short visit with his family here. The hard winter has caused unprecedented loss to stock and sheep men of that section," said Mr. Hill. Especially heavy was the death rate among sheep and it is estimated that individual sheep men have lost as high as 2,000 head. A loss that high is placed on the rocks of A. Venator.

"On the way to Ontario," said Mr. Hill, "we passed what is known as Dead Mans Gulch. There in a pile lay fully 500 sheep dead. As we passed by skimmers had just begun to work on the carcasses. These sheep, so we were told, were the property of A. Venator, and men familiar with the losses declare that thru starvation he lost fully 2,000 head. Other sheep men suffered proportionately."
