at La Grande the secretary's report showed a membership of nearly 700. The horse and cattle men know what an association like that means to them in their business, and those who don't, ought to plan to attend the next meeting to be held in Ontario in the spring of 1918.

Nearly 150 signers of the Red Cross organization met at the hotel on Sunday afternoon to complete plans for formal organization. Election of officers resulted as follows: Chairman, Mr. Kennedy; vice chairman, Mrs. Doubrava; secretary, Miss Woodward; treasurer, Tom Logan. Some discussion of the work was held after election, and adjournment was taken, subject to the call of the chairman.

You Can Afford A GRANT SIX

PERHAPS you think you cannot afford a motor car because you think that a satisfactory car must cost \$1100 or \$1200. But if you will look over the Grant Six at \$875 you will find that you can buy a full-sized, full-powered five passenger car with every improvement and refinement and that you can run this car for a good deal less than you think.

The Grant Six gets, on an average, 20 miles to a gallon of gasoline, 900 miles to a gallon of oil and 7000 miles or more out of a standard tire.

It is so sturdily built that your repair bills are extremely slight. Above all it is a car for the "first-car" buyer because its economy and dependability do not demand experience in running a car.

You want a car—everybody does. Get a Grant Six now and enjoy it. It will give you everything including looks, that any car up to \$1100 can give you.

GOOD BREEDING.

Good sense must in many cases determine good breeding, because the same thing that would be civil at one time and to one person may be quite otherwise at another time and to another person, but there are some general rules of good breeding that hold always true and in all cases. —Chesterfield.
