COOK WITH PEARL OIL

COOLNESS

There's nothing so cool as an oil stove for summer cooking. All the heat is concentrated on the cooking and not radiated about the kitchen.

Cooks everything any wood or coal range will cook, and cooks it better, because of the steady, evenly-distributed heat.

Use it all the year 'round—more convenient than a wood or coal stove, and more economical.

The long blue chimneys prevent all smoke and smell. In 1, 2, 3 and 4 burner sizes, with or without ovens. Also cabinet models. Ask your dealer today.

ONTARIO MAN BUYS FARM NEAR NAMPA

E. N. Wood of Ontario made a good buy this week when he secured 110 acres from E. H. Dewey for \$150 per acre, located on top of the hill, a part of the Eagle Heights country. The best piece of alfalfa in this section is growing on part of the land. While it is in a high state of cultivation, there are no buildings. It is understood the new owner will improve the property with a nice residence, and other buildings. The tract is close to town and will make a most desirable ranch home.—Nampa Record.

We want so much to put one of our electrically operated Apollo Player-Pianos in a home in Ontario that we will make a big discount on the first one, knowing that enough orders will follow to warrant the sacrifice. It plays by hand and pedals also. A letter of inquiry will do no harm. Or you may ask Mrs. Weese in Ontario. Wise Piano House, Boise, Idaho. 47tf

Notice to Farmers and Horsemen
Our pure bred Percheron stallion, (Rowley) will stand for the season of 1917 at our ranch, one mile south and one and one fourth miles west of Ontario. Color black, weight 1650 pounds. Terms \$10.00. Insurance. Come and look him over.—McPherson Bros. 15-1f
