DOMINICAN SISTERS START NEW HOSPITAL (Continued from First Page.)

Catherine will accompany them and remain for two months to get the instruction under way. The new hospital will be called St. Catherine's.

Successful Retreat Held.
One of the memorable events in the history of the local organization was the retreat held here recently at which five novices professed. They are: Sister Mary Peter, London England; Sister Mary Thomas, London England; Sister Mary Dolores, Philadelphia; Sister Mary Inviolata, Hattiesburg, Miss., and Sary Teresa of Munich, Baria. One postulant, Miss Agnes Ludy of Reading, Pa. received the habit. The retreat was conducted by Rev. Fr. A. Riley, O. B. while the ceremonies of profession were conducted by Rev. Bishop O'Reilly assisted by Rev. Fr. Francis O. F. M. of Burns; and Rev. Fr. Compo, of Ontario.

Three of the Sisters have recently left for Hanford, California, two, Sister Mary Margdalen and Sister Mary Peter, to assist in the hospital and one, Sister Mary Inviolata to teach in the school of St. Bridget's church.

APPEAL TAKEN FROM EXEMPTION BOARD (Continued from First Page.)

emption should not be allowed has the right, and it is his duty to present any evidence before the board. It is generally believed that men farther down the list, who would be called sooner by reason of the exemption of men in the first call will be apt to see that exact justice be done, by furnishing evidence concerning those who might be seeking an unjust exemption by claiming exemption when either the parents or the wife of husband are able to support her, or in case the wife by reason of occupation supported herself prior to her marriage.

The fact that in the various dis-

tricts the boards have taken divergent views of the law, some exemption to exempt some even when there were children concerned has set the public at sea. This is indicated by the fact that men in many districts who were married years before the war, but whose wives would be cared for, have not asked exemption, while some of the men who have been married recently, whose wives would be equally well cared for, or could support themselves have sought exemption and presented affidavits to dependency. The action of the board in Malheur county is given elsewhere at the request of authorities in order that the public may know if any such cases are presented in Malheur county.

GAME WARDEN CALLS ATTENTION TO LAWS

H. L. Gray Warns Sportsmen that Game Laws Have Been Changed—Should be Advised of all Litigations.

Sportsmen in Malheur county should be getting informed concerning the game laws affecting District No. 2 if they would avoid trouble. There are two sets of laws governing migratory birds and the request of the last legislature that the federal law be changed to conform will be effective in time for an early opening this season.

The following brief summary of the law governs this year: In Malheur county:

- Buck deer with horns—August 15 to October 15.
- Ducks and geese—October 1 to January 31—Bag limit 30 birds in any 7 consecutive days.
- Shore birds, black breasted and golden plover Wilson or jack snipes, woodcock and greater and lesser yellow legs—October 1 to December 15 again.

(Federal Law.)
Grouse—August 15 to October 15
Prairie chickens—closed time.
Quail—closed at all times
Doves—September 1 to October 1
Bag limit 10 per day.
Warden Gray believes there will be plentiful this fall and indicates that the hunters will have plenty of material to shoot at.
