**BIG NEW GARAGE FOR ONTARIO TO OPEN SOON**

Charles Carter of Ontario and Virgil Staples of Vale Form New Firm to Operate Carter Garage.

Ontario is to have a new automobile firm and a new garage within a few days. Announcement was made this week of the organization of the firm of Carter & Staples to operate what will be known as the Carter Garage, in the building formerly known as the Moore Livery. The equipment for the machine shop has been ordered and will be here soon. Some of it has already arrived. The new firm to start with will

handle the Chevrolet and the Elgin Six, the first of these cars is well known here while the Elgin is a favored car in the East and is making its way in the West.

The new firm according to the announcement of Messrs. Carter & Staples is to specialize on service and is preparing to put in one of the most modernly equipped machine shops in this section. The front of the building is being remodeled to provide a show room and later the machine shop will be moved to the second floor, giving plenty of room for an adequate equipment.

**BOARD OF EQUALIZATION TO MEET AT VALE MONDAY**

The annual meeting of the board of equalization will be held at Vale next week, beginning on Monday. So far as learner there is no organized complaint this year against the valuations placed by Assessor Morgan Carlile and his deputies such as greeted those of L. W. Hill last year and resulted in his defeat at the polls in November.

The tax rolls of the county were not completely tabulated on Monday of this week but will be ready by the time the board meets next week. By reason of the increased values of stock and sheep and the additional land patented during the past year it is expected that the rolls will show a higher total than last year.

**MERCHANTS MUST TELL HOOVER WHAT THEY SELL**

These are busy days with the Ontario grocer. If you don't get your order right on the dot don't think too hard for your Grocerman is busy figuring out just how many cans of beans, macaroni, flour, tea, coffee, sugar etc. he has sold during the past year. The statement must be exact and Mr. Merchant has to "swear to it." On the strength of that statement will be determined how much he can buy during the coming year.

That is not all Mr. Merchant has to tell how much of the necessities of life he has on hand and every week he has to write a letter to Mr. Hoover or his associates and enclose a statement of how much he has sold during the week. If you don't think these are war times, ask your grocer.
