A. S. BROWN PURCHASE SAXON SALES AGENCY

Stock of Boise Man in Local Concern Taken over by Local Manager-Change effective this week.

A. S. Brown went to Boise Wednesday to complete the details of the transaction by which he came into the ownership of the local Saxon Sales Agency, and the shop equipment as well.

The local agency was established here early this season by T. A. Gordon who placed Mr. Brown in charge at that time. Mr. Brown took possession of the plant on November 1 but the details were not worked out until recently. Mr. Brown has determined to extend the activity of the local agency and to increase the capacity of the plant.

PAYETTE FOLKS PLAN MESS FUND PRESENT

Co. 1, to miss its Apples but will get Cash Instead—Ontario's help Sought

An active campaign is taking place on the other side of the Snake river. The purpose of the campaign is to see to it that every member of I. Company is remembered at Christmas time. The folks over there intended to send the boys a whole carload of apples, and Uncle Sam was to take care of the transportation but the boys have been moved since that plan was inaugurated and no assurance could be had that the carload would reach its destination, so the plan was dropped. In its place a cash donation to the mess fund is being raised.

Company, Wilmer Boyer, who is the Ontario has one member of the Company, Wilmer Boyer, who is the company clerk, while there are a number of boys from Dead Ox Flat who with the Fruitland and New Plymouth members are well known in Ontario.

To get to the company in time for

Christmas cheer the fund will have to leave Payette shortly after November 22, and all contributions sent to Supt. Turner of Payette before that time will be appreciated by the friends of the company.

War Time Economy in Fashions.

War seems to have affected every item of daily life—and dress is not the least conspicuous of these. It is curious how much the latest styles have resulted from the insistent economies of war; it is noticeable in line, in materials, in color, in trimmings. To quote from an article in Good Housekeeping for November: "Although there has been no decided change in the silhouette, the winter clothes can be distinguished by their narrower skirts. And for the woman who makes her own clothes, there is nothing quite so satisfying as to find models that are simple enough in line to be easily made, and yet smart enough to give the appearance of coming from the best New York shops. The long-waisted line, the gathered tunic with the deep band of fur, and the tighter underskirt, are the newest notes of the season. The top coat worn with the one-piece dress is replacing, to a great extent, the tailored suit."

The Burrell Studio, Ontario, Oregon.

Otto Miller of the Dead Ox Flat region drove thru the city today with a number of land seekers who are looking over this valley. They come here from Twin Falls.

Susies's Spider Corn Cake

1 1/2 cups corn meal
2 cups sour milk
1 teaspoon soda
1 teaspoon salt
2 eggs
2 tablespoons butter.
Mix soda, salt and corn meal; gradually add eggs well beaten and milk. Heat frying pan, grease sides and bottom of pan, turn in the mixture, place on middle grate of hot oven, and cook twenty minutes.

Locomotive Whistles.

Ask each one of a company of fifty people to rise separately and remain standing for one minute. There will be fifty different records, varying from ten to sixty seconds. Ask ten workmen each to bring you a short and a long board and you will get twenty different lengths of board. These illustrations are used by a railway man to emphasize the necessity of a mechanical device to eliminate the element of uncertainty as to what constitutes a "long" or a "short" whistle by a locomotive. It is not right, he says, to trust the safety of a trainload of passengers to a guess upon a guess.—Exchange.

An Atlantic Port.—An American passenger steamer in the coastwise service went aground in a shoal off the New England coast, but was floated, apparently uninjured, after eight hours. The passengers and crew remained on board.

U. S. Needs Stenographers.

Washington.—The government is in urgent need of stenographers and typewriters. This fact is made known in a circular letter sent by Dr. A. Howard Shaw of the woman's committee of the council of national defense to the chairmen of the state divisions.

Requisitions Space on All Vessels.

Paris.—President Poincare at a cabinet meeting signed a decree providing for the requisitioning of cargo accommodations on all vessels—French, allied and neutral—for the service of the government.
