ORDER TO SHOW CAUSE.

In the County Court of Malheur County, Oregon.

In the matter of the Estate of John Shearer and Madge Shearer, minors.

Nancy E. Shearer, the guardian of the persons and estate of Jean Shearer and Madge Shearer, minors, and non-residents of the State of Oregon, and who have real estate within the State of Oregon, and who have no duly appointed and qualified and acting guardian appointed under the laws of Oregon, having, under the provisions of section 1359 Lords Oregon Laws, filed her petition in the above entitled Court asking that a license be granted to her as such foreign guardian, to sell the real estate of said minors, situated in Malheur County, Oregon, and which petition is accompanied by certified copy of necessary papers from Probate Court of Washington County, Idaho, showing that said petitioner is the guardian of said minors.

And said petitioner having alleged in said petition that it is necessary to sell said real estate for the maintenance and support of said minors, and that it is for the best interests of said minors and their estate that same be sold and the proceeds thereof applied to their maintenance and support.

It is hereby ordered that the next of kin of said minors and all persons interested in said estate appear before this Court on the 3rd day of December, 1917, at the hour of one o'clock P. M., said date, at the Court room of this Court, at the County Court House at Vale, within Malheur County, Oregon, and then and there to show cause why an order should not be made granting to said guardian license and permit to sell said real estate at public or private sale.

It is ordered that a copy of this order shall be published at least once a week for three weeks prior to said date of hearing, in the Ontario Argus, a newspaper printed and published at Ontario, Malheur County, Oregon.

Dated this 21st day of October, 1917.

GEO. W. MCKNIGHT,

County Judge.

First pub. Nov. 5, 1917-4w

Miss Tingle Makes a Cake. Sans Everything Dessert.

University of Oregon—Eugene, Nov. 19.—"Oregon War Cake" or Miss Tingle's "Sans Everything Dessert" is the latest thing at patriotic dinner tables.

It is the true successor of Mr. Hoover's war bread, which all bakers are hereafter to manufacture. Wheat, meat, sugar and fats are the four things the government wants the people to conserve.

Miss Lillian Tingle, head of the department of household arts at the University of Oregon, has succeeded in making a cake that contains none of these, except a single cup of white flour.

As the cake has been declared delicious wherever it has been tasted—no one suspects that it does not contain plenty of sugar, butter or flour. Here is the recipe for the eggless, butterless, sugarless, milkless, but delicious compound:

1/2 cup Crisco or other shortening.

1/2 cup honey or other thick acid syrup.

1 cup apple syrup or other thin acid syrup.

1 cup raisins, or other dried fruits, or a mixture of fruit and nuts.

1/2 cup rolled oats.

1/2 cup cut rolled oats or coarse meal.

1 cup cornmeal, barley meal, or fine oatmeal.

1 1/2 cups flour (according to the kind of flour used.)

1 1/2 level teaspoons soda.

1 teaspoon cinnamon.

1 1/2 teaspoons salt.

thin maple syrup. A few cranberries.

A Splendid Cough Medicine.

"I have used Chamberlain's Cough Remedy a number of times during the past two or three years for colds, coughs, and hoarseness, and am pleased to say it has always given me prompt relief. I consider Chamberlain's Cough Remedy a splendid medicine and have recommended it to many of my friends, who have used it and likewise praise it highly," writes Mrs. W. F. Frantz, Colden, N. Y.

ONTARIANS TAKE GREATER RISK THAN MEN IN TRENCHES

(Continued from First Page.)

Further, and G. K. Aiken, Dr. Holt reviewed his findings and told the city officials, what, in his opinion must be done to rectify the situation:

First: Cleanse city water supply, and condemn wells found unclean.

Second: Until that is done boil all water used for domestic purposes. That is for washing clothes, washing dishes, or bathing, as well as for drinking.

Third: Surface dirt must be cleaned up and kept clean.

Fourth: Open toilets must be abandoned as soon as possible and those used must be chemically treated and seats covered and ventilators screened. Door for same must be kept closed and vault kept dark at all times so that flies may be kept away.

Fifth: Manure from livery barns and private barns must be hauled away.

Sixth: While all of the above measures are necessary for the ultimate relief of the situation, there is also a pressing need for a new and adequate water supply that can be kept clean by a filtration and cleansing treatment. The city should at once take steps looking to the securing of a good supply of water.

Seventh: The open ditches for the irrigation of the city lawns are a source for breeding flies. They should be abandoned and the water

other words, the Red Cross Christmas seal campaign, which begins all over Oregon, December 1, must produce \$10,000 this year as compared with the \$5,000 sought last year.

A. L. Miles, President of the association and of the First National Bank of Portland, has no fear of the campaign's success. "The amount of \$10,000 for all of Oregon is very small" he said, "both compared with the state's willingness to give toward so practical a patriotic service and the amount of work that will be done. The entire additional amount for the care of soldiers will be expected without overhead expense of any kind."

"Another element that always adds the appeal for the cheery Red Cross Christmas Seal is the fact that those who have but a penny or a nickel to invest are helping the cause just as those who have dollars. The high prices caused by war haven't hit the seals; they still sell for a penny each.

With the money provided from the sale of seals last year, tuberculosis surveys of great value in controlling the disease have been made in Lane, Multnomah, Baker, Jackson, Washington, Umatilla, Marion, Union, Clatsop and Josephine counties, and partial surveys have been made in Grant and Wallowa Counties. Trained nurses have made systematic visits to homes where the disease was found. Instructions in care of the afflicted and in hygiene have been given. Milk and eggs, food necessary to strengthen patients who have tuberculosis have been provided where they have lacked the financial ability to buy for themselves. Work has been systematically done through the schools and the state has been covered in a multitude of ways.

for irrigation be brought to the city in pipes.

Eighth: The dairies which supply the milk to the city must be regularly inspected and samples of the milk tested regularly.

Aside from these specific recommendations Dr. Holt discussed the general problem of health protection with the council and while recognizing the difficulty of securing the enforcement of health laws told the members assembled that if it was necessary to do so the department would find a man who would enforce the necessary regulations.

He said that it would be far better for the city to solve its problem and clean up than to compel the State or the Federal authorities to come into Ontario for that purpose. He said that unless Ontario did clean up that it was among the possibilities that the city would be quarantined and the resulting damage would be considered.

To members of the council and citizens he pointed out a hay stack and manure pile on Richardson street in the block south of the City Hall and declared that such conditions should not be permitted and that the manure piles about the livery stables should and must be cleaned up at once. Unless this is done and the flies reduced in Ontario the city can not be called clean.

STATE WILL COMBAT SPREAD OF DISEASE

The United States Government Food Administrator Says:

"Baking Powder Breads of corn and other coarse flours are recommended"

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes delicious muffins, cakes and coarse flour breads

CORN MEAL MUFFINS

- 1/2 cup corn meal
1 1/2 cups flour
1/2 teaspoon salt
4 level teaspoons Royal Baking Powder
2 tablespoons sugar
1 cup milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening and beat well. Bake in greased muffin tins in hot oven about 20 minutes.

NUT BREAD

- 2 cups graham flour
2 level teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk and water
1 cup sugar or corn syrup
1 cup chopped nuts (not too fine) or 1 cup raisins, washed and floured

Mix together flour, baking powder and salt; add milk and water, sugar or corn syrup and nuts or raisins. Put into greased loaf pan, allow to stand 20 minutes in warm place. Bake in moderate oven 45 to 50 minutes.

Our red, white and blue booklet, "Best War Time Recipes" containing additional similar recipes, sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York

ries may be used in place of the raisins.

OTHER AIDS FOR WHEATLESS

Wheatless Day Recipes

1 cup sugar

1 1-3 cups rye flour

1/2 cup corn starch

4 teaspoons baking powder

1/4 teaspoon salt

2 eggs

1/2 cup milk

1/2 cup butterine

2 squares chocolate

1 teaspoon vanilla

First melt butterine and chocolate together over water. Allow them to cool while preparing other materials.

Sift dry ingredients, add milk, beaten

1 teaspoon tumeric.

2 cups whey.

Put the shortening, syrup, raisins and whey into a sauce pan, and raise to boiling point. Beat in the oatmeal and cornmeal and cook one minute, or until it thickens slightly.

Remove and cool, then beat in the flour, sifted with other dry ingredients, to make a drop batter. Bake at once in hot greased muffin pans, or in a square baking tin lined with greased paper.

A Hint or Two.

The tumeric may be omitted, but it gives a good color and a slight pleasing flavor with honey and cinnamon. Home-made candied orange rind may be used in place of the dried fruit. The whey is used after cottage cheese has been made from buttermilk or sour milk. The apple syrup may be made from elder or by boiling apple peelings in water enough to cover. Concentrate a little of the juice thus obtained and mix with thick glucose or sugar, or any thin syrup to the consistency of eggs and flavoring; stir well, add first mixture, beat thoroughly and bake in moderate oven.

Corn-Meal Souffle

1/2 cup yellow corn-meal

1 pint milk

1 tablespoon butter

1 teaspoon salt

3 eggs

1/4 teaspoon paprika

2 tablespoons grated cheese

Speck of pepper.

Heat milk to boiling point, add butter and salt and gradually sift into this the corn-meal. Cook until of the consistency of mush; remove from fire and whip in beaten yolks of eggs, cook a minute longer and when almost cool add beaten whites of eggs. Add paprika, pepper, cheese and put all in buttered baking dish. Set dish in pan of hot water and bake in moderate oven thirty minutes.

Wholesome Coarse Bread

1 quart buttermilk

1 1/2 cups strained honey

2 tablespoons salt

2 cups corn meal

2 tablespoons baking soda

2 teaspoons baking powder

5 cups graham flour

Mix dry ingredients and add to buttermilk and honey. Bake in moderate oven one and one-half hours. This amount makes three medium-sized loaves.

DOWN FROM DEAD OX PLAT

George Harper who lives half way to Welser on the Dead Ox was in town Wednesday. He reports that dry land farmers in that section have fine crops coming on already. He has 53 acres in Turkey Red Wheat that is growing fine.
