 My Tuesdays are meatless,  
 My Wednesdays are wheatless,  
 I am getting more eatless  
 each day.  
 My home it is heatless,  
 My bed it is sheetless,  
 They're all sent to the Y.  
 M. C. A.  
 The bar rooms are treatless,  
 The coffee is sweetless,  
 Each day I get poorer and  
 wiser,  
 My stockings are feetless,  
 My trousers are seatless,  
 My God, but I do hate the  
 Kaiser.

Mary Pickford will soon be seen in this city in the second production of her own corporation released by Artcraft. It is called the "Pride of the Clan" and as the central figure of a Scotch story of strong human and heart appeal the famous star will create the role of a lassie of the heather, adding another interesting impersonation to the always remembered favorites that make up the gallery of Mary Pickford creations.

**"SIRENS OF THE SEA" TO COME TO DREAMLAND SOON**

Probably the largest and most important film company in the industry to be hit by the recent tax

menace is Jewel Productions, Inc., whose beautiful six-act feature the "Sirens of the Sea," will have its premiere at the Dreamland theatre on December 31 and January 1. It is said to be one of the most lavish and costly productions to come to the Dreamland this season. It constantly employed 1,000 persons for the making and took six months to complete it. The under-water diving, seen throughout are all unusual and seen throughout are all unusual and are considered to have reached the zenith of under-water production scenes.

The story concerns the adventure of a tiny child who is cast on a strange island of the Pacific, following a terrific storm and her adoption by an American couple residing there. The last three reels take the beholder, Arabian Night like, through a land of enchantment and splendor, which has seldom been seen on any screen canvas.

**Cash & Carry Jan. 1, 1918**

Over 400 merchants in Idaho and Oregon have adopted the Cash and Carry plan outlined by the Food Administration of the United States.

Everybody seems to see the necessity of conserving, and all the concerns are falling in line.

We have personally talked it over with a great many of our patrons, and so far have found no one that is opposed to the plan of Uncle Sam.

It is true that it will be a little inconvenient to get used to it for awhile, but after once lined up it will be easy and more economic than the charge and credit way.

The Grocer is in the same boat as the consumer. We must pay cash to get the goods, and the goods will be hard to get.

If we all pull together there will be no trouble in making this a success for all concerned, from a financial point of view, as well as from the patriotic point.

The saving in price will in every case more than pay for the delivery charge of 5c for the delivery.

Every package taken home when bot will lessen the task of delivering.

If we remember these few points that Uncle Sam is trying to show us we will all be better off after a year's trial.

Respectfully

**F**OR twenty-two years we have battled with the ups and downs of Eastern Oregon and Western Idaho. As you have prospered so have we, and we wish to thank you personally for the help that you have given us. In the last twenty-two years many new towns have started, many new distribution centers have also started but with your help we are proud to say that this concern is the only one that has weathered the storms. The greatest of all storms is now upon us. Our food administrator has called us in and asked us to distribute Food and Clothing as cheaply as possible, to help relieve man power as much as possible so that the great war may be won. We are with our President to the last trench; three of our family are already with the colors. If hard work and economy will help, we will try to do our part. We want your business as we have had before, we want you to feel that this is your store as you always have. We have to make some radical changes that our Government is asking of us, to reduce expenses. Our book account system has to be changed to some extent. Our delivery will be free at 10 a. m. each day if your order amounts to \$1.50 or more. If under that amount, we will make a charge of 10c for delivery service.

As in the past we are going to try and give you the best quality and price store in Eastern Oregon and Western Idaho and will ask you to cooperate with us.
