A Splendid Cough Medicine.

"I have used Chamberlain's Cough Remedy a number of times during the past two or three years for colds, coughs, and hoarseness, and am pleased to say it has always given me prompt relief. I consider Chamberlain's Cough Remedy a splendid medicine and have recommended it to many of my friends, who have used it and likewise praise it highly," writes Mrs. W. F. Frantz, Colden, N. Y. Adv

If it's Job Printing, You wish—We will please you. We are ready at all times to quote prices on all your printing.

THE UNIVERSAL INSTRUMENT

Thirty years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has service with a range three-quarters of a continent broad, and every branch of every business is linked to every other by an intercommunicating telephone system.

The telephone has earned its responsible place and there are now 5,000,000 Bell telephones in this country, over which go 28,000,000 talks daily.

Every Bell Telephone is a Long Distance Station.

Malheur Home Telephone Co.

SUBSCRIBER PRESENTS ONE WOMAN'S RED CROSS RECORD

An Argus reader recently sent a copy of an item that appeared in the Atlantic, Illinois, Argus telling of the Red Cross work done by a woman of that community. The woman mentioned being a friend of a well known resident of this section, Judge Brown and his brother. The following is the clipping:

"What one Red Cross Worker has done"

"The wonderful work that is being done by one woman of the country for the Red Cross is shown in a striking manner by the list of articles produced by one Atlanta Ill. worker, Miss Alice Tuttle, from June 1917 to January 1918.

This was done in connection with all of her regular house work. Following is the list:

- 6 mending kits, 14 comfort bags, 1 dozen hotwater bag covers, 1 1-2 dozen bed socks, 2 pair operating leggings, 1 dozen towels, 7 shoulder caps, 2 dozen knitted sponges, 2 dozen knitted wash cloths, 8 sweaters, 3 of mufflers, 6 pairs wristlets, 10 oakum pads, 7 cotton irrigation pads, 32 muslin bandages 395 pieces gauze surgical dressings.

FOR SALE—One 1917 Maxwell roadster, fully equipped, self-starter, accessories, and tires; all in good condition. A bargain. Price \$600 cash; see F. S. Bailey, or phone 20-N2.—5-4L.

TYPEWRITER—Wanted to rent a standard keyboard typewriter for four months. Notify Argus office. 5-21*

High School Students Take Interest in Many Activities

With Debates, Basket Ball, and Above All Else, "The Owashes," and Military Drill, Students Are Busy—Cadets Will Fight Sham Battle Monday.

Monday afternoon a practice debate was given before the Seventh and Eighth grades. Mr. Tweedy and Mr. Culbertson were to debate against the high school team, defending the affirmative side of the question: Resolved, that Oregon should abolish the Senate. But Mr. Tweedy being unable to come, Dottie Crummet took his place. The high school team won. Mr. Culbertson says that the team did not beat, they only received more votes.

Saturday afternoon Mr. Wanacott, assistant state director of the war saving stamp campaign, spoke to the assembled high school about the work in which he is interested. He pointed out Uncle Sam's pressing need for money to carry on the war and explained clearly the sound business basis upon which the war saving stamp investment rests.

The work on the High School Annual is progressing very rapidly. The staff say they are nearly rushed to death, while the faculty are having an equally hard time. But the work is so interesting and the Annual promises to be so very good that everyone feels hard labor will be bountifully rewarded.

Last Wednesday morning Superintendent Douglass passed out a tag to every pupil in the high school, which was to be taken home and tied to the coal shovel. The card contained hints on saving coal, and through the school most of the homes were reached.

Last Friday night Mr. Culbertson took Madden, Weaver, Christensen, Dean, Howser, Rader and Bervin to Payette to play the P. H. S. second basket ball team. The Ontario boys were defeated 15-14 but played a good game considering the fact that they had only one night's practice.

Monday evening after school the student body of the O. H. S. held a meeting to discuss plans for the organization of class and school basket ball teams, for boys and girls. Much enthusiasm was aroused. A hall has been secured for practice and the friends of the high school will soon have an opportunity to see some good games.

Last Friday the high school enjoyed a very pleasing and interesting talk by Mrs. Ormsby, the Idaho representative of one of the phases of the boys and girls club work. She told what the boys and girls of America could do to help with the great world war, even though they are not old enough to belong to the army or navy. The message was, prepare physically, morally and mentally to defend our 'dear old flag'.

Friday afternoon four high school girls sold numbers to students and faculty for the teacher pillow to be raffled for the benefit of the Red Cross. In less than an hour and a half the girls had sold fifty dollars worth of tickets.

Last Wednesday morning Mr. Aiken of the Ontario Argus addressed the assembly. He spoke interestingly on Journalism and its requirements for success. Students and members of the faculty thoroughly enjoyed Mr. Aiken's talk.

Junior Red Cross auxiliaries are being formed in the different rooms of the school. Rooms taught by Mrs. Homan, Misses Boydell and Platt now have been enrolled en masse. It is expected that every room in school will show approximately 100 per cent enrollment before the campaign is over.

Next Monday the Military company will stage a sham trench battle on the High School campus.

Pictures of the Manual training, Commercial and Domestic Science, Chemistry and teacher-training classes, the Nut Club, the boys and girls Glee clubs, and other organizations were taken at the school Tuesday and Wednesday for the "Owashes" of the High School annual.

The staff of the "Owashes," the High School annual let the contract for the engraving to the Broch-Haffner Engraving Co. of Denver, which company was the lowest bidder of the half dozen companies submitting bids.

The Manual Training Department constructed six more boxes for the local Red Cross chapter this week.

ONTARIO BOY COOKS FOR U. S. JACKIES

Adrian Davis Tells of Life on Warship and Says New York "Is Some Burg" in Letter Home.

The parents of Adrian Davis received the following letter telling of the life of cook on one of Uncle Sam's warships for that is the occupation Adrian is leading these days.

U. S. S. Frederick, Jan. 15, 1918.

Dear Folks: I received your letter some time ago but have been busy most of the time. The rest of the crew are coaling ship today. I don't have to coal ship, you know, as I am a mess cook. All I have to do is to feed 20 men, was my dishes and peel a dish pan full of potatoes a day. I get \$5 a month extra, too. I am getting \$43.40 a month now. But I am only a mess cook three months. I am in Norfolk, Va., now. I guess we will pull out tomorrow for New York City. I was in New York about a week ago. She sure is some burg. I am going to have my life insured for \$5000 tomorrow. It looks like foolishness to me but it will help you folks out if anything happens to me. It will only cost \$3.55 month. I am going to buy a \$100 Liberty Bond the next chance I get. Oh, I am going to do lots of things. I'll get the Kaiser, if I get a chance, too. I have not seen any real action yet but I'll bet I do before another month. I'd like to get a chance at a "sub" for once. I am a three-inch gun pointer, but have never had a chance to show what I can do.

If George does have to join the army I don't think he will have to go to France.

Well, I don't know much to write, so will close. I hope you folks are all well and good. It is awfully cold here now. I got two letters from Nora and have lost her address. Drop her a card and tell her, will you? Well, it's about dinner time, so will close.

ADRIAN DAVIS.

Some Food for Thought.

People everywhere are beginning to realize that it pays to buy medicines that have an established reputation as they are most trustworthy and most dependable. Chamberlain's Cough Remedy is one of them. It has been in use for almost half a century. From a small beginning its sale and use has extended to all parts of the United States and many foreign countries. When you have a cough or cold give it a trial and realize for yourself what an excellent medicine it is.

Chronic Constipation.

It is by no means an easy matter to cure this disease, but it can be done in most cases by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.
