## Two Cars of Exceptional Value

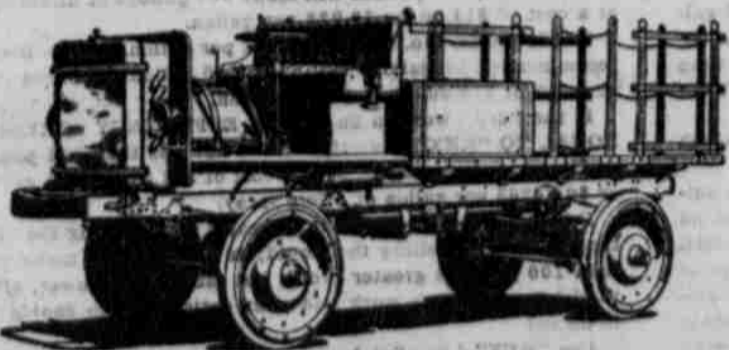

### The Great Nash Six---The Powerful Nash Truck

No motor car values offered in recent years represent greater efficiency, greater strength, greater power, or more handsome lines than THE NASH SIX which achieves the---

**Economy of Operation, Flexibility of Power  
Comfort in Riding**

It is the car discriminating autoists, those who have owned cars for years, placed their stamp of approval and the demand for the demand for these machines has demonstrated the wisdom of their judgment.

## The Nash Truck

**Built for Dependability and Service**

The greatest addition of the man power of the nation in the great war was the introduction of the Nash Truck. No matter what the load may be The Nash is equal to the task of transporting it. Hundreds of these great cars are performing wonderful feats of strength and service over all kinds of roads, in all kinds of weather. The result is a vast reduction in transportation cost, great saving in time.

LET US DEMONSTRATE TO YOU EITHER OF THE GREAT MOTOR VALUES--THE NASH WAY IS THE BEST WAY.

This is Mr. Strong's first visit to Ontario in four years and he summed up his impressions thus: "There must be an active bunch of men in this town to accomplish the changes I can see."

Mrs. J. G. Staples received word this week that her little granddaughter, Margaret Louise Shinn, is very ill at her home in Fort Benton, Montana with diphtheria. The letter was written by a neighbor of the Shinn family and gave but few details. Since a second granddaughter, but a few weeks old is in the home with the sick child, relatives here are apprehensive and daily are awaiting word of the family's condition.

## To The American People

There is no foundation for the alleged violations of law attributed to our Company by agents of the Federal Trade Commission and I want to say emphatically that Swift & Company is not a party to any conspiracy to defraud the Government. Nor has Swift & Company been guilty of improperly storing foods or of making false entries or reports.

Conferences of packers, where prices have been discussed, have been held at the urgent request and in the presence of representatives of either the Food Administration or the Council of National Defense. And yet the packers have been accused of committing a felony by acting in collusion on Government bids!

We have done our best, with other packers, large and small, to comply with the directions of the United States Food Administration in all particulars, including the furnishing of food supplies for the U. S. Army and Navy and the Allies, now being handled through the Food Administration.

We will continue to do our utmost, under Government direction, to increase our production and assist the Food Administration. We consider that the opportunity to co-operate whole-heartedly and to our fullest powers with this branch of the Government is our plain and most pressing duty.

The Trade Commission Attorney has, by false inference and misplaced emphasis, given to disconnected portions of the correspondence taken from our private files and read into the Record, a false and sinister meaning with the plain purpose of creating antagonistic public opinion.

The services of the packers of the United States are most urgently needed, and I regret exceedingly that we should at this time have to spend our efforts in defending ourselves against unfounded, unproved, and unfair assertions such as are being daily made public.

L. I. Swift, President

Swift & Company, U.S.A.
