

Lend Your Eagles for Liberty

THE efficiency of our khaki-clad eagle in France—helping to free the world of the German Vulture—depends on our golden eagles at home. Men we have in plenty—raw materials in abundance—but *money* is needed to furnish our men with food, to turn raw materials into equipment. We need money for ships to get our men and equipment into the fight.

Without money to do these things, Victory is impossible—our own safety is in jeopardy!

Put an end to German frightfulness now and insure the safety of our nation by purchasing additional Liberty Bonds. No matter how many you have already bought, *buy more!* It is your opportunity to do your share easily, safely and profitably. *Buy that Liberty Bond today.*

LIBERTY BONDS

Are United States Government Bonds.

They bear interest at a rate higher than earned by any other class of Government bonds.

They do not represent a loan or donation but the highest form of profit producing investment.

They are in denominations ranging upward from \$50 to \$10,000, for convenience and the satisfaction of every American who wishes to help his country.

If you are willing to help your country any bank or post office will help you by placing your order and arranging for payment without the addition of any commission or charge for its service.
