McNary-West Arrangements on Senatorial Candidacies Causes Wide-spread Comment—Is Fight on Stanfield.

PORTLAND, April 16.—A political sensation has been caused by the announcement of Oswald West that he will seek the democratic nomination for United States senator. When C. L. McNary was appointed to the senate a few months ago to fill the vacancy caused by the death of Harry Lane, West is understood to have told friends that he would support McNary if the latter made good. West assuming at the time that McNary would be nominated at the primaries. With West now announcing his candidacy it is the belief that West considers that McNary has not made good, or he is fearful that McNary is unable to defeat R. N. Stanfield for the republican senatorial nomination.

It was West who appointed McNary to the Supreme Court and there has been a strong friendship between them. Construction placed upon West's latest act, is that he discovered on his recent visit to Portland that Stanfield was making so much progress that there was grave doubt as to McNary's winning. Returning to Washington, where he laid the situation before McNary, West telegraphed his determination to enter the race.

This has upset the plans of the democrats who had registered as republicans and who had intended voting for McNary. If they do not change their registration back to the democratic party they are expected to throw votes to Stanfield, already increasing Stanfield's strength, on theory that West if nominated wants to oppose Stanfield. The outstanding fact of West's entry is that McNary's chances have been greatly imperiled and McNary supporters are discouraged. Nothing, say politicians in the democratic and republican ranks, would have induced West to take this step if he was convinced that McNary had been making good at Washington or if he believed that McNary could defeat Stanfield in the primaries.

Tubby Dean, entering the Silver Grill: Do you serve lobsters here? Certainly we will serve you was the reply. Beefsteak or pork chops?

SEED EXPERT GOING TO PORTLAND FIRM

J. E. Larson, well known in every county of Oregon as a seed and crop expert, has been engaged by the Portland Seed company to give practical help to farmers and gardeners in seed selection, and in solving problems of planting, cultivation and harvesting. Larson resigned as County Agriculturist of Polk county to enter the broader field. For four years he was in charge of the crop extension work of Oregon Agricultural College. Before coming to Oregon he was seed expert for Oklahoma and South Dakota Agricultural Colleges, and was field editor for one of the Orange Judd farm papers in the Dakotas.

Larson was born and raised on a town farm and knows the practical as well as the scientific side of the farmer's problems. His engagement by the big seed company should prove of inestimable service to the Pacific Northwest farmers. Besides visiting the rural districts, he will reply to inquiries by mail.

Wheat possesses over oats, corn and rice absolutely no nutritional quality for man or meat. It has no more protein. It has no more fat and no different fat. It has no mineral salts better or in larger quantities. It has no more fuel value. It is just one of the cereals. Why hesitate about giving it up, and giving it up cheerfully at the official request of your government in war time, when you have plenty of other satisfactory substitutes?

MULTNOMAH CANDIDATE PLEASED WITH PROSPECTS

After making a campaign of two months duration, during which he has covered much of the State outside of Multnomah county, S. B. Huston, candidate for United States Senator, is very pleased with his prospects. Up to the present time he has not held a public meeting nor spent any active time in his home county, Multnomah, where the heavy vote is, but from this time on he will devote himself largely to rounding up his home county vote.

Mr. Huston has lived in Multnomah county for twelve years, and feels that he is well-enough known to be able to carry his home county with little work, perhaps fifteen thousand voters have located in Multnomah county, having found employment in the shipyards. Many of these men are entirely unfamiliar with the Oregon system and with state politics. These men have had experience in industrial plants, and will only need to be shown Senator Huston's record on social legislation to see the wisdom of voting for him in the Primaries.

Senator Huston began his work in

Public worship, 11 a. m., subject, "What is the church?"
B. Y. P. U., 7:15 p. m., subject, "Conversion or Regeneration, Which?"

METHODIST CHURCH.
10 a. m., Sunday school.
11 a. m., Preaching, subject, "The Meeting Ground of the Mechanical Religion and the Religion of the Inner Life." These two elements must meet or else the former becomes cold formalism, and the latter becomes religious anarchy or Bolsheviki.

Judge George W. McKnight came down from Vale Saturday to commit a patient to the hospital at Pendleton.

Oregon in Washington county, and his friends living at Hillsboro and Forest Grove say that he will carry Washington county with not less than 75 per cent of the Republican vote. And speaking above politics, Senator Huston is making his campaign first as an American citizen and second as a Republican who favors supporting the Administration during the war, and otherwise stands for Republican politics.

Voters who have not registered should lose no time in registering, and those who have registered, but have moved from their home precinct should be careful to have their registration changed before April 12.
