ANNOUNCEMENT.

To the Republican Voters of Harney and Malheur Counties:

I hereby announce my candidacy for the position of Joint Representative from this District in the next session of the Oregon Legislature, subject to your will in the matter. If nominated and elected, it will be my aim to promote legislation that will enable the State to provide means for the care of the families of enlisted men; to provide for the protection of Oregon homes and industries, and to carry out the war to a successful and early conclusion. I will also promote and work for legislation that will tend to increase the production of food stuffs, and prevent profiteering in the marketing of the same. I believe that our first and most important business is to win this war, and next to that, the encouragement of farm production, and if nominated and elected my efforts will be devoted to this policy as well as other meritorious legislation.

Increase Children's Efficiency 99.8%

An investigation in the Marion School, Cleveland, Ohio, showed that 97% of the school enrollment had decayed or irregular teeth. Two-thirds of these, from one to four years behind in their grade, were organized into a dental squad. At the end of the year there had been a 99.8% increase in working efficiency of this squad. A similar experiment in the Buckman School, Fort Lauderdale, Florida, showed great results. The new Prophyllactic or Preventive Dentistry has for its principle—KEEP THE MOUTH AND TEETH CLEAN! This means that people should scrub their teeth with a tooth brush, clean up all their surfaces, front, back, sides, and down to the gums, and below the gums. To make this state of cleanliness possible to a very high degree, teeth must first be made smooth, and then highly polished. After this work has been done, if proper daily attention is given the teeth by the individual, they may be easily kept clean and healthy.
