Metal-Grain Bins

Corrugated or Smooth
"Armco Iron"

THE UNITED STATES IS SHORT 8,000,000 GRAIN BAGS THIS YEAR. THE SUPPLY OF 24,000,000 HAS BEEN TAKEN.

M. K. SNYDER OF THE WASHINGTON STATE COLLEGE WARNS THE FARMER OF THIS DEFICIENCY.

We have arranged to handle the Metal Grain Bins which will replace the bags and will be cheaper and safer. This metal bin is proof against fire, rain, vermin and animals and can be used for a storehouse when not used for grain.

The factory requires our orders by May 1st to assure delivery, and we ask that you investigate and place your orders at once.

High School Notes

In appreciation of Mr. Boucher's good fellowship and helpfulness during the past year, the students presented him with an army wrist watch, Saturday. Mr. Boucher left Sunday for Paris, Mo., where he will enter the service of Uncle Sam. It is needless to say that O. H. S. does not seem the same school since our principal left us.

The uniforms adopted by the girls of the Ontario High School will consist of a black and white shepherd plaid sailor suit with red tie, black shoes and stockings and a white felt hat. So far as we can find out the O. H. S. is the first school in Oregon to adopt uniform dress for girls.

There has been a great deal of sickness among the high school students during the past week. Zelda McHaley, Jennie Dowd, Marie Keller, Martha Lambert, Ray Berwin, Floeie Keller, Dearce Dearborn, Vella Cronin, and Cressa Wells are among the many who have been obliged to be absent from school because of illness.

A new pennant decorates the walls of the assembly hall. It is a purple and gold one which announces that the sophomore boys' and girls' basket ball teams are the champions of the year 1917-18.

Friday afternoon the Parent-Teachers' association held its last meeting in the high school assembly hall. At the close of the meeting the domestic science class served light refreshments, and everyone agreed that this year, the girls surely have learned to make delicious things to eat.

Saturday morning the assembled school enjoyed a musical treat thru the kindness of Miss Bengie and her Girls' Glee Club. The following was the program rendered:

- (a) "Who Knows What the Bells say,"
- (b) "Barcorolle,"
- (c) "Girls' Glee Club,"
- Piano Solo Lucille Riggs
- Piano Solo Charlotte Claggett
- (a) "Somewhere in France,"
- (b) "Southern Lullaby,"

The same program was given at the meeting of the Musical Club at the home of Mrs. W. J. Weese, Saturday afternoon.

This week the high school grounds are being beautified and we are already beginning to feel proud of our green lawn and wonderful flowers, to be. The work was planned by a committee from the Parent-Teachers' association, Mrs. Dorman, Mrs. Gregg and Mrs. Edna Griffin. They are taking care of the lawn and the flower beds and the school board is fixing up the parking and the grounds to the west of the high school building.

NEWS NOTES FROM ADRIAN

M. M. Groeling received a large shipment of trees last Wednesday from the Milton nursery. The shipment comprised mostly prune trees.

D. C. Pomeroy and Frank Boswell have taken a contract to dig a tunnel at the side hill. The object is to cut off the water to prevent slides into the Riverside canal. The slides have caused considerable trouble this spring and delayed turning the water into the canal.

F. A. Miller went to Vale Monday morning to serve as juror.

A car of coal arrived Monday which will be used mostly to fill up the sheds at the school houses for next winter's use.

Mrs. J. E. Holly and daughter Dorothy went to Vale Monday to spend several days with the former's sister.

The ball game Sunday at the Big Bend park, played between Adrian and the Giants, was won by Adrian with a score of 14 to 8.

Reuben McCreary sold six lots in block one to A. C. Holly. These lots are located on First street and are some of the best in town. Mr. Holly expects to build on them in the near future. He is looking for an experienced blacksmith and auto mechanic.

D. T. Holly made a business trip to the county seat on Friday.

R. R. Overstreet is spending this week at Vale on the jury.

Mr. Hill, the deputy assessor of Jordan Valley, went through on his way and stopped over night at the V. V. Hickox ranch.

The power men are back to fix up the plant and start water. They have been delayed getting material.

A large wolf has been seen several times recently northwest of town. It scared one man until he declares it is four feet tall.

Mr. and Mrs. French and family from New Plymouth were callers at the Edwards home Sunday afternoon.

Next Saturday night, the 27th, is Grange night. Good program and large crowd expected.

A. C. Holly is shearing sheep for Miss Maxwell and Hickox this week.

GRANT SIX

Smooth-Running As An Airplane

THERE is something of the buoyant quality of the airplane in the way the GRANT SIX rides. For this the long 46-inch cantilever rear springs are mainly to be credited, but car balance and light weight help to a marked degree. And the double decked cushion springs add their important share to the riding comfort for which the GRANT SIX has become so well known.

Another point which people have remarked about is the almost complete absence of vibration in the power plant.

The GRANT SIX overhead-valve engine runs smoothly at all speeds. It is powerful and flexible and quiet.

In this latest model, forced feed oiling and a balanced crankshaft have added materially to the efficiency of the GRANT SIX engine and we believe this power plant to be the finest mechanically and every other way, that has ever been used in a car of comparable price.

In keeping with its splendid mechanical features, the new GRANT SIX is a car of beautiful lines and finish. Its length is accentuated by skilful body design.

Yet it is the most economical six in existence, we believe. Owners average 20 miles to a gallon of gasoline and 900 miles to a gallon of oil.

To make sure of your GRANT SIX we advise the placing of your order now. \$1095 f. o. b. Cleveland.
