

## High School Notes *Dreamland Attractions*

ONTARIO, OREGON

Last Friday the normal training class with Mr. Douglass visited rural schools at Cairo and Arcadia. They enjoyed a very pleasant day and report some very excellent teaching observed in these two schools.

At last the high school annuals have arrived and they were worth waiting for, too. We think our editor and his staff deserve our congratulations. Their work was well done and they have every reason to be proud of it.

There was no school Saturday, except for the teachers who attended a local institute here. Assistant Superintendent Carlton spoke to the teachers during the morning and afternoon. Other speakers were Mr. O'Reilly of O. A. C., who is looking after the Boys' and Girls' Club work, Superintendent Brainard of Nyssa, Superintendent Haring of Vale and Dr. Whitney of Ontario. County Superintendent Miss Clark presided at both sessions. Much time was given to the discussion of war work in the schools.

Sunday night at the Baptist church the baccalaureate sermon was preached by Rev. Blom. The music for the evening was in charge of Mrs. W. J. Woese and was, indeed, well rendered.

The Junior class under the direction of Mr. Thomas, have charge of all the decorating and ushering during commencement week.

Mr. M. D. Thomas went to Vale Monday to take the examination for entrance into the army.

The last of the series of talks by the members of the Freshmen class was given Tuesday morning by Zella McHaley. She took for her subject the "Wonders of Yellowstone Park." She showed the class many beautiful pictures of the scenery and told some of her own experiences while visiting the park. The talk was altogether a most interesting one.

## THE UNIVERSAL INSTRUMENT

Thirty years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has service with a range three-quarters of a continent broad, and every branch of every business is linked to every other by an intercommunicating telephone system. The telephone has earned its responsible place and there are now 8,000,000 Bell telephones in this country, over which go 26,000,000 talks daily.

Every Bell Telephone is a Long Distance Station.

## How Do Your Sacrifices Compare With These?

THE American boy who goes to war gives up the position which means so much to his future, or the little business which has just begun to show promise of success.

He severs home ties; gives up home comforts; leaves behind parents, friends, wife or sweetheart.

He faces the probability of being obliged to take up life anew when he returns; of losing all the advantages which years of hard work have won for him.

He faces the possibility of coming back incapacitated for earning a living, and of being dependent upon his friends or upon charity.

He faces the possibility of never coming home at all.

Facing these things, he goes to France to fight for us who remain safely at home—and when the moment comes for him to go over the top—he GOES!

What will he think, how will he feel, if we complain because we are asked to make a few sacrifices for him—sacrifices so insignificant when compared with his?

Show him that to invest in Liberty Bonds is not a SACRIFICE but a PRIVILEGE—an appreciation of his sacrifice!
