## RECRUITS TO BE TOLD WHAT ARMY WANTS

Status of Enlisted Men Will be Explained at Portland War Work Conference.

One of the most unique meetings held in this state has been announced in connection with Oregon's first war conference in Portland May 22 and 23, when the young men in Class One of the selective draft of Oregon will gather at the Portland auditorium.

The meeting which is scheduled to be held on the night of May 23, is of vital importance and men awaiting call through the draft from every county in the state are expected to attend.

The surgeon general of the United States army requested the meeting, and it has been called by the State Council of Defense, under whose auspices the conference is being held, for the purpose of conveying important messages direct from the war department to the men who will be in training.

Captain Harry E. Williams, who was for many years with the Oregon National Guard, recently on duty at Camp Lewis, and now a company commander in the Oregon military police, will be one of the speakers. Captain Williams will tell of some things that the men will experience upon arrival at the training camp and his talk will prove helpful as well as interesting to those who hear him.

The sanitary requirements of the army will be handled by Dr. K. A. J. MacKenzie and Charles E. Cochran, a well known attorney will tell the men their legal rights both prior to entrance into the service and after induction into the army.

This meeting is one of the many interesting sectional meetings to be held as a part of the conference. Every branch of war activity will be represented and national speakers from Washington will address the general assemblage as well as the separate gatherings. Special rates have been secured on all railroads under the certificate plan.

For the rights of both labor and capital under a scheme of mutual co-operation.

FOR GOOD ROADS, BUT FIGHTING THE PAVING TRUST. We are paying about \$5000 more per 10 foot mile of Bithulle Pavement in Oregon than is being paid in Washington. Let us build good roads in every county in the state—give every county a square deal.

Elect MOSER and you will forever banish the subtle influence of the Paving Trust from Oregon politics.

## One Million Sweaters For Army and Navy

The American Red Cross is the greatest volunteer organization that the world has ever seen. It was announced by one of the high officials in Washington that millions of people are and have been for some months working six days a week without a dollar's pay. This includes the members of the local chapters and all other employees in this country and abroad. One significant item in this is the fact that the Red Cross has given the army and navy over 1,000,000 sweaters for the boys in the service, of which ever 500,000 were made by the members of the local chapters. You who know the difficulty of making sweaters can estimate the character of the work and the self sacrifice that the women of America are making to further the Red Cross mission of mercy.

### CARDINAL GIBBONS' MESSAGE

There is in these times a veritable ocean of sorrow and suffering engulfing millions of souls, and a society with the membership and resources of the Red Cross, actuated as it is by Christian principles, can best undertake the tremendous burden of extending intelligent and efficient relief. In particular I approve of the Red Cross activities as they are directed towards supporting the courage and caring for the injuries of our young soldiers and sailors. It is my earnest hope that all of our people will cheerfully and generously cooperate with the Red Cross committee in their efforts towards reaping the fullest measure of charity that it may be possible for the society to attain.

JAMES CARDINAL GIBBONS,  
Archbishop of Baltimore.

### GOPHER HOLES PROVE TO BE CAUSE OF CANAL BREAK

Superintendent A. S. King and his men, aided by some of the ranchers along the Owyhee, spent several busy days this week repairing the break in the canal caused by gophers digging holes in the banks. While the break was comparatively large it will not prove a grave damage to the ranchers, who had had a week's irrigation prior to the accident.

### YOUR UNCLE SAM'S TEN COMMANDMENTS

President Wilson is about to sign a bill which takes its place in history as the most liberal legislation in protection of a nation's fighters ever known. It is good enough, strong enough to be called the National Ten Commandments, and in

Thou shalt not evict for non-payment, thus:

Thou shalt not evict for non-payment of rent, a soldier's dependents, under penalty of \$10,000 fine.

Thou shalt not cut off a soldier's life insurance because of delayed premiums.

Thou shalt not foreclose a mortgage on a soldier's property.

Thou shalt not take away a soldier's home on which he has made part payment.

Thou shalt not sell a soldier's property because of his failure to pay the taxes, national, state or local.

Thou shalt not settle a lawsuit against a soldier during his absence.

If a soldier sue, the courts shall postpone action until he can attend to it.

If a soldier have a mine, or timber or farm claim, assessments on which are over-due, it shall be held for him.

Honor thy soldier and thy sailor, that thy days may be long in the land of liberty.

No man hath greater love than he that offereth his life for the world's sake, and it is commanded that neither lawyers, nor the loan sharks, nor the gatherers of tithes shall fatten on him.

Congress is content to call this bill a civil rights bill. Its the divine rights bill, says the Mile (Wash.) Herald.

### HOLY ROSARY HOSPITAL NOTES

Dorn, to Mr. and Mrs. W. P. Allen of Juntura, April 29th, a boy. Mother and son are doing well.

S. Trimball left the hospital Saturday for his home at Crane after an eleven days stay. His presence here was due to an operation for chronic appendicitis.

Harry Muir was one of the accident patients in the hospital the last week. While shearing sheep at a plant near Westfall he had the misfortune in the machine and in doing so received a cut in the wrist. He did not think the cut of much consequence and only became frightened after repeated efforts to stop the flow of blood had failed. He then started for Ontario and was met by Dr. Prinzing, for whom he had phoned, beyond Vale. On arriving at the hospital prompt attention was given the wound, five stitches being taken to join the severed vein.

Mrs. H. Secoy underwent an operation Tuesday morning.

Mrs. F. W. Baumgardner of Huntington is a patient at the hospital at the present time.

Another spotted fever case came in on Monday, Wm. Connolly of Juntura.

Miss Agnes Iias from Payette was here a couple of days ago, due to the result of a former operation.

### OREGON TRAIL PARK.

Down at Weiser there's a little, shady green spot, a sort of oasis always cool and pleasant, which is known as the Oregon Trail Park, the only amusement park in this section. It is owned and managed by Frank Mortimer, in fact it was built by him, taken up as it were when it was only a tiny little bit of the bottom of Snake river sticking up through the top and it furnished barely enough soil for the sustenance of one lone tree. Now there are hundreds of trees growing on this same little island, but the top has been pushed out and the sides extended until the original Oregon Trailers would fall to recognize it as the barren little pimple of four score years ago. There is a picture show nightly and two nights each week the largest open air dance pavilion in the Northwest is crowded with merry makers.

The people of this city know the park and they are acquainted with its manager. The opening night has been set for Saturday, May 11th, and everyone is invited to come down to Weiser and help celebrate the occasion. You will be made to feel glad you came. It isn't far. Get up a party and drive over and help your Weiser friends raise some dust. Get the habit—meet your friends at the Oregon Trail Park in Weiser.
