WEIRD MOVIE THRILLS FEATURE GIRL'S STORY

Mother Asserts That Previous Effort Have Been Made to Capture Her Daughter—Garage Men's Story Dif- fers.

President Woodrow Wilson and Mayor W. F. Homan will be called upon to get justice and to punish the Mexicans whom Mrs. Leo Montgomery alleges kidnapping her daughter, Narcisca Suella Ramirez last Saturday and look her to Odgen, with the purpose of disposing of her so that she get possession of the fortune valued at \$85,000 to which she is the heir from her father Narisco Ramirez, a Mexican of Ruby Valley Nevada. That was the declaration of Mrs. Montgomery when she left the attorney's office yesterday following her return with her daughter from Odgen where she was intercepted by authorities Monday and held until her mother reached there.

When given an examination before the District Attorney, the girl, aged 13 told a weird story of being kidnaped as she was walking on California street near the city hall last Saturday 10 Mexicans, four of whom walked ahead of her, four behind her and two who rode in a car.

According to her version she was seized by them, drugged and taken to a train, she does know how or where for the first thing she knew she was on a passenger train nearing Pocatello And what was stranger still, there on that train, in the same car with the Mexicans was her double, a girl who is just her age and looks like her.

In explanation of this thriller the girl and her mother said that other Mexicans were trying to kidnap her and marry her to some Mexican or dispose of her so they could get the fortune to which she is heir

Garage Men Puncture Romance.

Charles Cox and Allie Simpson how- ever told the District Attorney another story that punctured the romance. According to them, the girl hired a car at the Cox-Hunt garage Saturday morning and asked to be driven to Nampa and Mr. Simpson left her at the Nampa station shortly afternoon Saturday. Both men positively identified the girl as the one who had hired the car and had ridden to Nampa. After hearing the story of the garage men the District Attorney held that the girl left the city of her own volition and no prosecution could be had and that was the occasion which brot President Wilson and Mayor Homan into the scenario, for Mrs. Montgomery left the office calling down imprecations on the District Attorney's head. No explanations however are forth coming on where the girl got the money to hire the car or to buy the ticket to Elko; or how Mrs. Montgomery's divorce papers were stolen, as she claims and numerous other interesting sidelights of her terrible experiences as related to the authorities.

FIRST MAY FETE IS PRETTILY PERFORMED

School Children Present Picturesque Program—Pretty Costume En- hanced by Setting.

Before a large crowd gathered on the High School lawn or seated in many autos the children of the grade schools presented the first May Fete given by the schools Monday evening. The program was postponed from Friday evening due to the cold and wind of that day. Monday the weather was ideal for the occasion.

The various games and folk dances from the Sunbonnet Babies of the First and Second Grades to the Milk- maid's Pantomime were watched with interest. Against the background of green the quaint costumes of the children, white and pink and green presented a pretty, picture indeed. Even the boys were good to look upon in the overalls or sailor suits. It was evident that the children enjoyed the program as much as did their elders. During the program Super- intendent H. R. Douglass made a brief address on the purpose of recreation and play games in the development of the children.

RED CROSS WORKERS READY TO START GREAT CAMPAIGN

Manager E. W. Howland has his Teams Ready and Waiting for Signal to Start --- Monday Will Be Volunteer Day.

Ontario Red Cross chapter workers are ready for the signal which will start them on the Second War Fund campaign. The local chapter has \$5,500 to raise. The Vale chapter has 4,500 as its goal. Of the Ontario Chapter quota Nyma has taken \$1,500 as its share. This division was per- fected a meeting of representatives of the various organizations on Sunday with A. J. Elrod, assistant state manager.

Monday is Volunteer Day.

Monday is to be Volunteer Day in Ontario, and the drive by soliciting teams will take place on Tuesday. The downtown office for Monday's contributors will be the Lees building store where Ray Wilson has erected a big clock which hands point to the \$100 and to the \$1000 divisions of Ontario's quota. Get early in and

make the clock hands move. The workers at the headquarters will have blanks ready for donors with the record of last year's drive to guide them and the donors, for Ontario's quota this year is greater than last. Every volunteer giver will reduce the work of the solicitors just that much for the cards of givers will be taken from the lists to be handled by each team before the drive starts Tuesday.

All Chapter's Complimented

While here Sunday Mr. Elrod de- clared that there really had been little need for him to come to Malheur county for he had found that the chapters and their auxiliaries were as well informed and as completely ready to go thru the drive as was Portland. He said he would report that Malheur County would go over its quota without a doubt.

THIS MAP SHOWS HOW YOUR RED CROSS DOLLAR WAS SPENT

The American Red Cross, which begins next week a great national campaign for \$100,000,000, has just issued a statement of the condition of its war fund on April 15, 1918.

Up to that date the Red Cross had expended for war purposes almost \$100,000,000 and yet had over \$10,000,000 left to spend.

This was because the war fund, with interest, amounted to \$116,134,360.47.

All the balance of \$10,000,000 will have been expended or allotted by June 1.

This is why this great appeal to the nation has gone out. Oregon is called on to supply \$600,000, of which Portland is to raise \$250,000.

Belgium received over \$2,000,000, principally in general relief; Belgian refugees over \$1,000,000; while \$500,000 was spent for canteens for Belgian soldiers and relief for Belgian children.

Italy received a total of over \$4,500,000; Russia over \$1,200,000; Roumania over 2,400,000; Serbia \$574,000; Great Britain \$3,260,000 including contribution to the British Red Cross of \$2,148,000, and \$430,000 for defraying the expense of the work it is doing in England in buy- ing supplies for the American Red Cross. Armenia received \$2,600,000;

PRIMARY ELECTION TO HOLD BOARDS FRIDAY

Oregon Voters will Select Party Can- didates—Only Slight Interest Taken Due to Few Candidates.

With the war and Red Cross drives pushing the primary elections off the front pages the voters are taking but a slight interest in the primary elec- tion which will be held tomorrow.

The only contests of interest on the Republican ticket are the races for governorship, senator, representative and county judge. For most of these one man's guess is as good as another tho it appears the scarcity of vot- ings upset even the most conservative prophet.

Locally P. J. Gallagher has the lead over C. M. Crandall in the fight for representative; for Senator the race between R. N. Stanfield and C. N. McNary in close; for Governor, Simpson, Wickycombe and Olcott lead over their three opponents, Anderson, Harley and Miser.

H. L. Poorman, C. C. Wilson and G. W. McKnight have an interesting con- test on for County Judge concerning the outcome of which opinions differ.

The one democratic contest of in- terest is that between Ontario's well known citizen, Judge Will R. King, and ex-Governor Oswald West for the senatorial nomination. Of course Judge King will win Malheur hands down, but the state contest is doubt- ful, the neither candidate has waged a hard fight.

Palmer Trow and Rowland Koenig returned a few days ago from the University of Washington. The young men intend to enlist in the navy soon.

Miss Rosina Clement and her brother, Frank Clement, spent Sat- urday in Boise.

MORE WORK FOR STATE REGISTRATION BOARDS

All Young Men Who Have Become 21 Since June 5, 1917, to Be Re- gistered for Service—Date to Be Set by President.

Portland, Or., May 14.—Registra- tion of the young men of Oregon and other states who have reached the age of 21 years since last June 5 will be required on a day soon to be set by proclamation of President Wilson.

This day will be set by the Pres- ident as soon as congress enacts nec- essary legislation, now pending. That is expected to be very soon.

In the meantime the task of or- ganizing Oregon for this new regis- tration of men for military service has already begun under instruc- tions from the war department. These instructions emphasize the need for perfecting beforehand a complete working organization so that on the day set the registration will be 100 per cent strong.

On last June 5, all men between the ages of 21 and 30 years, inclu- sive, were required to register for military service. As the number of men now in the 21-year-old class is estimated to be approximately only one-tenth of those registered then, the task this year will not be so great.

However, it will be heavy enough to require the most alert co-opera- tion on the part of every local board, and of state, county and city officials to carry it through.

The responsibility for conducting the registration will fall on local boards in all districts except those of 30,000 population or more, where the mayor is responsible. The local boards have been notified to prepara- immediately lists of the registration places for the new registration, to have these lists posted, and to take all other necessary preliminary steps.

In the city of Portland, which alone comes under the 30,000 classi- fication, Mayor Baker will have the responsibility for these preparations.

Regulations will shortly be issued by the war department providing for the registration of men in person and for the registration of absentees. As was the case last June 5, the registration is to be completed in a single day.

Every young man who has attained his 21st birthday since last June 5, for his own protection, should keep well posted as to the day fixed by the President for the registration, for ignorance of the registration date will not be accepted as an excuse for failing to register.
