OBJECTORS TO BE PUT TO WORK

Washington.—Drafted men claiming conscientious objection to military service and who have been found by army authorities to be sincere in refusing duty with non-combatant units as prescribed by President Wilson are to be segregated at Fort Leavenworth, Kan., under terms of an order announced by Secretary Baker.

If found to be sincere in their scruples by a special board of inquiry, they will be furloughed to work on farms as laborers at a private's pay.

"Under no circumstances will conscientious objectors be discharged from their responsibilities under the selective service law," the order says, and instructions are renewed to military court-martial to try and punish all found to be insincere, defiant or active in attempting to convert others to their belief.

Money earned by the furloughed objectors in excess of a private's pay and subsistence is to go to the Red Cross, and the permission is to be continued only so long as the objector is reported by disinterested observers to be working to the best of his ability.

Only 600 professed conscientious objectors have been reported among the 1,300,000 men called for military service under the draft.

COUNCIL SEEKS TO SAFEGUARD CROSSING

(Continued from First Page.)

clear. He suggested that suit be brought to quiet title. He declared, too, that by this means several thousand dollars would be returned to the City Treasury. Instructions were given the City Attorney and City Recorder to begin the actions at once.

The ordinance for the purchase of the Ontario Water system passed its second reading. The ordinance for the construction of the Eastside sewer was also read for the second time. A question as to the method of proceeding in this matter is still to be settled.

The Council also confirmed the appointment of William H. Laxon as assistant fire chief. The reports of city officials were received and the usual bills were paid.

REWARD.

Strayed, from my ranch, one pair rather light bay mares, one weighing around 1300, the other 1250; branded with lazy K on right stifle; should have colts by them now; foretops have been roached and grown out three or four inches. Will pay \$25 to finder of team.—J. Cartwright, Malheur City, Oregon. 21-24

LARGEST ARMY BILL IS PASSED

Washington.—The largest annual army appropriation bill in history, carrying \$12,041,682,000, and authorizing the president to call into military service all men who can be trained and equipped, was passed by the house and sent to the senate.

The measure is framed to provide for an army of 3,000,000 men during the coming year, in accordance with the government's revised programme for rushing soldiers to France. Some of its big items are \$6,315,135,000 for the quartermaster corps; \$3,396,000,000 for ordnance, \$1,028,000,000 for the engineers, \$990,250,812 for aviation and \$267,000,000 for the medical corps.

A provision prohibiting the use of stop-watches or other speeding-up devices in plants where money provided in the bill is spent was adopted by a vote of 63 to 59.

MEDIATION IS REFUSED

Request of War Labor Board Declined By Western Union.

New York.—The Western Union Telegraph company has declined to submit to the jurisdiction of the national war labor board, which sought to adjust the differences between the company and those of its employees who are members of the Commercial Telegraphers' union of America.

The Western Union Telegraph company's decision became known when the report of an executive session of the war board held here was made public. It embodied a report by William H. Taft and Frank P. Walsh, joint chairmen of the board, who conferred with Newcomb Carlton, president of the Western Union, in an effort to compose the difficulties between the company and those of its employees who have been dismissed, it was charged, because they joined the Commercial Telegraphers' union.

U. S. Child Labor Law Invalid.

Washington.—The child labor law, enacted by congress last year after a bitter fight, was held unconstitutional by the supreme court. The decision was based on the power of local communities to regulate such matters for themselves, holding it could not be interfered with by congress.

Training Camp Is Open at Presidio.

San Francisco.—Approximately 1000 students from colleges on the Pacific coast and other western states are here to begin training in a reserve of officers' training camp which opened at the Presidio here Monday.

ON JUNE 28TH PROVE YOU ARE A LOYAL AMERICAN

Will you greet the Fourth of July with a free conscience?

Or will you spend the Fourth in shame-faced guilt?

June 28 has been set as National War Savings Day. Your country expects you on that day to pledge every penny you can, up to \$1000, toward the purchase of War Savings Stamps.

The price of American citizenship is no longer cheap. A new hour has struck. The crash of war has ground all semblance of cheapness out of being an American. It is now a dear bought honor. You must pay.

ON JUNE 28TH, YOUR COUNTRY ASKS YOU TO BALANCE YOUR PATRIOTIC CASH ACCOUNT

Every penny you withhold that you are able to give, extends aid and comfort to the enemy.

No sordid legal summons will, for the present, compel payment. You are called to payment by the higher, more chivalric summons to volunteer on June 28th your pledge to purchase this year every dollar's worth of War Savings Stamps you can buy.
