LAXON TO HEAD SALE OF WAR STAMPS HERE (Continued from First Page.)

"The object of the organization by school districts is intended to do away with long drives and long speeches; the school clerk is expected to call the directors and other citizens of the community and effect an organization for work a day or so before the meeting; then boost the meeting! Have every man, woman and child in the district at the meeting; have explanations made on the object of meeting; spell-binders are not needed; short and easy words will tell the people that they are expected to do their duty by the government in this work of vital importance.

"In the incorporated towns the work will be done by committees now organized or being organized. The work of the city organization is exactly like the work of the country school districts; which means, every

person in the territory handled by the committee is to be solicited for a pledge to buy War Stamps.

Malheur county is expected to pledge \$200,000 of War Stamps, which is hardly a start; we can and we must do the right thing; remember, this money is just as important to the government as tax money or that derived from sale of Liberty Bonds; let us do our duty without being driven or begged. Brace up! The owner of a War Stamp is backing Uncle Sam against the baby butchers. Twenty dollars from every man, woman and child in the whole country; that only means four war stamps each and six months to buy them in; Buy War Stamps and swat the Kaiser!"

Father Loesser of Baker visited with Rev. Fr. H. A. Campo for several days last week.

Miss Mildred Poorman left Sunday for a visit at Cascade, Idaho.

HEAT DOES NOT STOP CHURCH ACTIVITIES

UNITED PRESBYTERIAN CHURCH.

Palmer Dunn of the seminary at Caldwell will preach the sermons June 23 and 30. Then if the young minister is found to be the one wanted he will accept the pastorate for the future.

The Ladies' Missionary Society will meet this afternoon with Mrs. Ward Canfield.

The Children's Day program was held Sunday at the Presbyterian church at 11 a. m. A beautiful allegory entitled "The Garden of Loving Hearts," was given by several of the younger girls of the Sunday school, aided by a number of small children in the minor parts. Those taking the principal parts were Miss Mary Springer as "Education," Miss Erna Von Reardon, as "Wealth," Miss Daisy Secoy as "Pleasure," and Miss Myrl Bingham, as "The Word of God."

The allegory showed how one may have everything that he desires such as wealth, education, and pleasure but he would still be unsatisfied, for there is no true pleasure or satisfaction for him as long as religion is lacking. Miss Von Reardon read the story while the others acted it out.

Several recitations and songs were given by the other girls and boys, one being a song by Myrna Secoy that delighted every one.

10 a. m., Sunday school.
11 a. m., preaching services.
8:30 p. m., evening services.

METHODIST CHURCH.

The ladies of the Gleaners' Sunday school class of the Methodist church held an ice cream social on the church lawn last Thursday. It was well patronized and the ladies made enough to pay for song books recently purchased by the church and have a new, little nest egg left over.

A good audience gathered at the Methodist church lawn Sunday night for the first open air service. The grove in the rear of the church is one of the coolest and prettiest spots in town. Come next Sunday night at 8 o'clock and keep cool while attending a good, lively service.

The program for Children's Day at the Baptist church will be held at 10 a. m. and the church services for the morning will be at 11 a. m.

The Helping Hands of the M. E. church will have an ice cream social Thursday, June 20th, at the home of Mrs. Hager from 3 to 5 p. m. Every body welcome.

10:00 a. m., Sunday school.
11:00 a. m., preaching, subject, "Must Christianity Give Way to a New Religion to Meet the Demands of Today?"

8:30 p. m., preaching. An open air service on the church lawn. Bring your cars and park them in the alley and street where you can hear the service.

June 23 will be observed as Children's Day. Time has been changed from the 16th to 23rd.

PERSHING DIRECTS ATTACK IN PERSON

Washington.—General Pershing personally commanded the recent American advance which resulted in the capture of Cantigny with heavy German losses. This information was given to the senate military affairs committee at their weekly conference with the war council.

The council regarded the situation on the western front as materially improved. Not only had the Germans been halted everywhere, but counter attacks had netted the allied armies substantial gains, they said. It was generally felt that the allies had now brought up sufficient strength to hold the German advance.

Press reports of a concentration of German troops on the Toul front were not regarded as indicating the probability of a German drive in that sector the committee was told.

WHEAT CROP NEAR BILLION BUSHELS

Washington.—The American granary, heavily drained for allied food needs, will be amply refilled.

Estimates of the agriculture department showed prospects for total wheat production of 931,000,000 bushels—substantially greater than the average production since 1911 and nearly 30 per cent larger than last year's crop. If the forecast is fulfilled the crop will be the second largest in American history, exceeded only by the 1,015,000,000 bushels of 1915.

Reports on other grain crops, now vital as wheat substitutes, also showed satisfying gains, with the exception of oats, which apparently will fall slightly below the 1917 yield.

The condition of the winter wheat crop on June 1 was 83.8 per cent of normal, against 70.9 per cent June 1, 1917, and 80.8 per cent, the 10-year average on that date.

Condition of the spring wheat crop was 95.2 per cent, against 91.6 June 1, 1917, and 93.7 the 10-year average; and the condition of all wheat 87.7 per cent, against 78.5 June 1, 1917, and 85.3, the 10-year average.

\$50,000,000 IS SPENT DAILY

Taxes Gathered in Month Barely Pay Two Days' Expenses.

Washington.—Government expenses are now averaging approximately \$50,000,000 daily and taxes gathered from a wide variety of sources every month are barely sufficient, if levies on income and excess profits are excluded to pay war expenditure for two days of the month.

This was shown by a treasury report of tax collections for April, giving the yield of ordinary war taxes for that month as \$93,700,000.

Corporation income and excess profits taxes collected in April were \$127,614,000 and individual income and excess profit receipts were \$41,720,000, making a total of \$169,335,000 from these sources. This represented only a small amount, comparatively, with the \$2,000,000,000 or more which will be collected within the next 10 days.

\$106,000 Paid For Calf.

Milwaukee, Wis.—Champion Sylvia Johanna, six months' old Holstein bull calf, sold for \$106,000 at the state fair park here. The seller was A. C. Mardy, Brockville, Ont., and the buyer E. A. Stuart, operating farms at Oconomowoc, Wis., and Seattle, Wash.

Japan Denies Control of China.

Tokio.—An official statement issued by the Japanese government emphatically denies the recently published report that the Chino-Japanese military agreement gave to Japan control of the Chinese military forces, finances, railways, mines, etc.
