

MILLION MEN SOON TO BE IN FRANCE

General March Says Troops Are Being Rushed and Shipping Capacity Is Sole Limit.

Washington.—To give the stunning superiority of numbers over the German invaders, American troops are being rushed to France as rapidly as transport tonnage will permit.

When the purpose will be realized cannot now be foretold, but more than 500,000 men have been sent overseas, and this number will be increased to 1,000,000 early in July.

These facts were announced by General Peyton C. March, chief of staff, in beginning the government's new policy of giving newspapermen a weekly summary of battle conditions.

Facing a great map of the battle lines with every operation of the German offensive shown upon it, General March drew a graphic picture of a single gigantic campaign extending from Rheims to the sea, where the allied lines have been battered back in four successive phases.

The great wedge of assault has now increased the allied lines 64 miles from Rheims to Ypres.

"In a condition of this kind," said General March, with a gesture at the map, "where a new line has to be held and where the attacks of the Germans have been made with such large forces as they have, the importance of getting American troops to the front is more and more pre-eminent."

General March made it clear that there is no doubt in his mind or in that of the allied military leaders that the channel ports are the main objective of the whole German effort.

HONORS AWARDED TO SIX U. S. SOLDIERS

Washington.—Award of the distinguished service cross to six members of the American forces in France, four of whom are dead, was reported by General Pershing. Those honored were Major Alexander Rasmussen, U. S. R., infantry; Sergeant Gray E. Swingle, engineers; Private Oscar Griffith, ambulance company, and Private Frank J. Goldcamp, engineers, all of whom were killed or died of wounds, and Corporal Thomas A. Carroll, infantry, and Private Leslie M. Lane, infantry.

The addresses of the men follow: Major Rasmussen, Sherwood, Or.; Sergeant Swingle, Newark, Ohio; Corporal Carroll, Cincinnati; Privates Griffith, Gadsden, Ala., and Goldcamp, Ironton, Ohio.

General Pershing gave brief descriptions of the incidents in which the men distinguished themselves. Of Major Rasmussen he said: "Major Rasmussen (posthumous) proceeded to his post of command, in spite of heavy bombardment, in order to save important papers, and while thus engaged was killed by shell fire."

Washington.—An announcement by Henry Ford that, having been urged to do so by President Wilson, he would accept the democratic nomination for senator from Michigan was made public here.

Detroit.—Henry Ford, a republican, was endorsed for the nomination for United States senator by the democrats of Michigan in conference at Lansing.

Resolutions adopted by the conference invited the republican state central committee to urge other candidates for the nomination to withdraw and unite with the democrats in supporting Mr. Ford for the office.

Noted Flyer Falls 2000 Feet. San Antonio, Tex.—Smiling Lieutenant Pat O'Brien, of Memphis, Ill., who later served with the British royal flying corps, survived a battle with four German planes, and after being taken prisoner, leaped from a fast moving train, and wandered more than two months through enemy territory before finally reaching Holland and safety.

Washington.—Building construction for the army at home and abroad completed, commenced and projected, involves a total expenditure of \$1,170,619,000, according to a summary authorized by Secretary Baker.

Open Negotiation of Treaties Blocked. Washington.—President Wilson's disapproval killed a proposal in the senate for open discussion of treaties.

War-Time Responsibility—Yours and Ours

National necessity has put a new responsibility on every motorist. Utmost service is demanded—the highest usefulness of yourself and your car. Service and economy are your only considerations. Our responsibility goes hand in hand with yours. As the largest rubber manufacturer in the world, it is our duty to supply you with tires of unfailing reliability and extreme mileage. United States Tires are more than making good in this time of stress. They are setting new mileage records—establishing new standards of continuous service—effecting greater economy by reducing tire cost per mile. There is a United States Tire for every car—passenger or commercial—and every condition of motoring. The nearest United States Sales and Service Depot dealer will cheerfully aid you in fitting the right tire to your needs.

United States Tires are Good Tires

FORD GARAGE, Erbie Hayes Manager, Ontario, Oregon.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat. Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted. And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED! This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco. Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

Keep Kids Kleen
The most practical, healthful, pleasurable garment ever invented for children is 6 years of age. Made in one piece with snap back. Easily slipped on or off. Easily washed.
