What Will Be Your Answer!

Many American ships with many American lives are at the bottom of the Atlantic, victims of German lust for blood. Our boys are going "over there," through a sea of hostile submarines, to fight that you and I at home may be safe...

But we can do something. It may not be much, but what we can do we must do. Germany said to us, "You cannot cross the ocean with your men! . You cannot fight us, because you cannot reach us!" . And now she is waiting for our answer.

If every man, woman and child rises to this occasion and buys stamps, you can bet that the Kaiser will know what it means. If every one of the hundred million Americans buys only one War Savings Stamp that day, the Government will have 425 million dollars.

But that is not enougt. We must pledge five times that. Our quota for the nation is two billion dollars, to be raised through the sale of War Savings Stamps this year.

Let's not wait until another transport is blown up. Let's not wait until full page casualty litsts start coming in from France. Let's make up our minds to get busy and when each of us goes to bed tonight, let's be able to say to ourselves, "Well, perhaps I have not done much, but I have at least shown the mothers of our boys that I am behind them and I have sent an answer to the Kaiser that will make him stop and think."
