The Doctor Away From Home When Most Needed.

People are very often very much disappointed to find that their family physician is away from home when they most need his services. Disease like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.
