Experts Say

"ZEROLENE IS BETTER"

—because it holds better

compression, gives better

protection to the moving

parts and deposits less carbon.

Zerolene is the correct oil for all

types of automobile engines—

the correct oil for your automobile.

Get our Lubrication Chart showing

the correct consistency for your car.

STANDARD OIL COMPANY

(California)

The T-Head type engine, illustrated here, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the cylinders and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

ZEROLENE

The Standard Oil for Motor Cars
