INCREASE IN NUMBER OF REJECTED MEN

Camp Lewis. American Lake, Wash. -Rejections of the July draft for physical reasons to date average 12.3 per cent, according to figures given out at the mustering office, where every man is examined before being finally accepted. The percentage of rejections is slightly higher than those in June, when the total for the entire draft was 17.2 per cent. The reason assigned by the officers for the rejection of more than one of every 10 men who have reported here so far is that some of the boards are having their available supply of class I men exhausted and that many are sent here who do not quite pass in the hope that they will be accepted and credited to the boards from which they came. The physical standards for the present draft are the same as for that of June with the exception of the minimum height, which has been lowered to 60 inches, and the minimum weight, which has been decreased to 110

COAST LEADS SHIPBUILDING

Has Largest Number of Yards Equip-ped to Build Ships.

Washington.-America's great chain of ship manufacturies is approaching completion. There are now 118 fully equipped yards in the United States and 44 others partially complete.

Thirty-seven steel yards, which the United States had when war began, have grown to 72. The old yards have een increased from 162 ways to 195, and more are being added. Eighty yards for building wooden ships now are in operation or nearing comple tion. The 118 yards which are complets are distributed sectionally as folows: Pacific coast, 48; Atlantic coast 28; Great Lakes, 16 and Gulf coast 16.

to the south of Soissons, in the neighborhood of Buezaney and so far the French have made no progress there. Villages between Solssons and Bahowever, are on fire, leading to the belief that the Germans may intend a further retreat.

The enemy has definitely aban doned the line of the Ourcq and there is little doubt now that he will go back beyond the Vesle to the line 30 miles long between Solssons and Rheims, which is probably entrenched and has good lines of communication. The German retirement has been quite orderly and deliberate.

The Americans, particularly in the Fere-en-Tardenois sector, are pressing the Germans very vigorously.

1,250,000 AT FRONT OR ON WAY THERE

Washington,-The United States has n France and on the ocean bound for great battle fronts abroad a total of 1,250,000 men. American fighting forces are reaching Italy.

With 50,060 troops sent last week, the number of American soldiers transported overseas during July is expected to reach a record of 300,000, Secretary Baker and General March, chief staff, told members of the senate military committee.

Two additional American corps have een organized in France, General March announced. They are the Fourth and Fifth.

The Ninety-first division, temporarily commanded by Brigadier General Frederick Steinman Folts, which was trained at Camp Lewis, American Lake, Wash., is a part of the Fifth army corps commanded by Major General Omar Bundy.

The Ninety-first is composed of four regiments of infantry, three of field artillery, one of engineers, four machine gun battalions, a battalion of field signal corps, the trains and military police and division headquarters company and troop. The authorized strength is 27,162 men and officers.

Brigadier General Frederick Steinman Foltz, who, it was announced, is in temporary command, took charge just before the division left, when Major General H. A. Greene was discharged from his bational army commission and ofdered to the Philippines as a brigadier general of the regular

Chronic Constipation.

Perhaps you have never thought of it, but this disorder is due to lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it eatirely. In the meantime use the most mild and gentle laxatives. Strong and harsh catharties take too muco water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, them a trial.
