

MAJOR EVANS

Major Frank E. Evans, of the American marines, who was decorated twice in one day for bravery.

MORE WAGES GIVEN LUMBER WORKERS

Portland, Or.—New wage scales, effective September 1, for virtually the entire lumber industry of the northwest, were promulgated when Colonel Bruce P. Disque of the spruce division made public a full report of the first meeting of the central council of the Loyal Legion of Loggers and Lumbermen.

The big result of the meeting from the men's standpoint was adoption of a new wage scale for mill men which fixes a minimum and maximum wage for every type of employe. The new scale provides a maximum which averages about 5 cents an hour over the old wage scale and a minimum as a rule from 2 to 5 cents under the old scale.

Minor adjustments were made in the loggers' wage scale, but since the loggers appeared satisfied to a great extent with the present scale it stands in most instances.

Holidays approved at the sessions are: Labor day, Thanksgiving day, Christmas and Fourth of July. It is permitted, at the option of the different locals, that any holiday may be omitted.

WORLD'S FREEDOM WAR AIM

President's Labor Day Message Says Workers Have Most Interest.

Washington.—All Americans are addressed as fellow enlisted men of a single army of many parts, but commanded by a single obligation, in President Wilson's Labor day message.

At first, the president says, this hardly seemed more than a war of defense against military aggression; now it is clear that it is more than a war to alter the balance of power of Europe; that Germany was striking at what free men everywhere desire and must have, the right to determine their own fortunes. Labor day, 1918, therefore, is supremely significant, he says.

Trade Commission Sharply Assailed

Washington.—Usurpation of power, inefficiency and unjust abuse of business interests are among the charges made against the Federal Trade commission and laid before President Wilson by the chamber of commerce of the United States.

Sheriff Ben J. Brown was in Ontario Saturday evening.

Deputy Sheriff Lee Noe spent Monday in the city on business.

Roy Smith, deputy county clerk, was a Sunday visitor in Ontario.

The Misses Mary and Fern Atherton came down from Nampa Sunday to spend a couple of days with their parents, Mr. and Mrs. Chas. Atherton.

Mr. and Mrs. B. D. Dorman motored out to Judge Dalton Bigg's ranch Thursday to spend the afternoon and bring back Miss Alice Dorman, who had visited there a week.

Miss Marvel Cayou came down from Nampa Saturday to visit friends. She and Mrs. Herschel Brown left in the evening for Portland.

Mrs. J. B. Rasmussen and children spent Sunday and Monday visiting Mrs. Bernard Kusman of New Plymouth.

FOR QUICK SALE

Three-room house and two lots on Mot St. Will take light car on same. Must leave this week. Address Barratt, o/o Argus

WILL MAKE QUOTA BY 9 A. M., SEPTEMBER 28

pro-Hung father than pro-Americans: Only the names of those who come forward and subscribe for the full amount of their quota will be printed on the honor roll. Since the public has a pretty accurate knowledge of what most of the citizens can do, the man or woman whose name is absent will be effectively marked. Other means will be used, if necessary, to bring big slackers into line.

Reject Small Offers.

In previous drives individuals who refused to take the quota assigned them when called upon, later went to some of the banks where smaller amounts were accepted. This will not be done during this campaign. The amount must be adjusted with the committee that made the rating. This committee will correct any mistake of judgment on its part on proper showing.

During the Fair the Liberty Loan committee will have two speakers in Ontario. One of these will be a returned American soldier, if he can be secured; the other will be J. D. Zureher, manager of the campaign for Eastern Oregon.

COUNCIL REVERSES POSITION ON SEWER

(Continued from page 1)

them, then a tie would have existed, and Mayor Homan would have dissolved the tie and the measure would have passed. This is presuming of course that Councilman Van Petten would vote no, which is questionable, in view of the statement made by him at a previous meeting wherein he declared that "if the people over there want a sewer I am willing that they should have it."

Ponds Cause Complaint.

H. C. Boyer appeared before the Council to request action on account of the accumulation of water in the South end of the City from the ditch along the Western edge of the City. He declared that it was becoming such a nuisance that the City would be called upon to make amends.

It developed that the cause of this trouble is due to ranchers damming the wasteway to get a sufficient head to carry water across the South end of the City to lands on the Eastside of the track. Councilman Embson told of efforts he had made during the week to have the matter remedied and assured Mr. Boyer that the effort would be continued.

Mr. Boyer also took exception to the tearing up of a pipe line in the North End of town with out making provision for the people there getting water from the new system. He was assured that the tearing would be completed at once and that he could make a connection within a day or two.

Fittings Not Ordered.

That brot on the subject of uniform fittings and meters for the new system. I developed that these fittings have not been secured, and that since the City is to make the connections for the public and take the water to the property lines, steps were ordered taken at once to procure the necessary connections.

Frank Wilson returned Friday from Canyon City, where he has spent the past few weeks.

MOUSE AND MATCHES START FIRE IN HOME

Neighbors With Garden Hose Squelch Flames Before Fire Department Reaches Scene—Gathering Informal.

Mice and matches were the combination which started a blaze in the cupboard in the kitchen of Mrs. Lucy B. Fox's home Monday morning, about 1 that might have proven serious but for the proximity of a garden hose attached to an outside tap making it ready for use.

Mrs. Fox was awakened by the smoke which from the smoldering blaze had filled the house and she immediately summoned neighbors who turned in a fire alarm. Before the bell sounded, however, the blaze was extinguished by Thel Lampkin, who had just arrived at Miss Lavine Smith's boarding house, next door, and rushed to the scene on hearing Mrs. Fox call for help. Assisted by M. E. Bain and other neighbors, Mr. Lampkin had the fire under control in a few minutes and had started to clean up the debris by the time Chief Louis Kroessin and his crew arrived.

The cupboard and its contents were ruined, as well as a portion of the floor and walls of the room. The fact that the garden hose was attached and that the pressure under the new system was great enough to throw a stream saved the property.

The alarm brot out a large number of neighbors who hurried to the scene in quickly gathered apparel, whose appearance added a picturesque touch to the scene.

John Pole of Baker was the guest of Aubrey Howard over Sunday.

Paul and Silas Doane arrived Sunday from Tenino, Washington. They came here to attend school and are making their home with Mr. and Mrs. J. H. Denison.

Pvt. Ellery Herron formerly of Ontario arrived here Tuesday from Portland, where he was called by the death of his mother. He spent but a few hours here with his grandparents, Mr. and Mrs. George W. Blanton, and left for Galveston, Texas, where he is stationed with a marine regiment.

Miss Lola Houser returned Monday from a vacation spent at the Houser ranch above Burns, in Harney county.

Miss Lola Houser returned Monday from a vacation spent at the Houser ranch above Burns, in Harney county.

Dreamland's Biggest Week of Attractions

Good Floor, Good Management and a Worthy Object

One of a Series of Informative Articles on Dental Hygiene—No. 11

Do Bad Teeth Cause Disease?

YES, say leading authorities. Their answer is based on years of study and on specific cases. So-called rheumatism is very often the result of infection reaching the blood from infected gums and decayed teeth, or by an infected tonsil. "But I have none of those troubles," you say. Chances are a few minute examinations will show infection somewhere which is causing your "rheumatism."

Deep-seated tooth infections are quickly located with the X-ray. This wonderful invention is now successfully adapted to the use of the dentist.

Many diseases of childhood may be caused by infection from a diseased tooth. A large per cent of cases of ulceration of the digestive tract are found to be due to dental disease. Pus oozing from teeth, gums, tonsils, or any other parts in the body, may cause infection in any organ of the body. To-day the physician and surgeon often recommend the curing of tooth troubles before they attempt to treat other ailments.
