

# Closed on Sunday

Beginning Sunday, October 20

The Oregon State Council of Defense has requested that no delivery of petroleum products be made on Sunday.

The Standard Oil Company is glad to comply with the request and beginning Sunday, October 20th, and thereafter until further notice, all of our distributing stations in the state of Oregon, including our automobile service stations, will be closed on Sunday. No sale or delivery of any kind will be made on Sunday.

As in the case of our previous announcement regarding the sale of gasoline and engine distillate only between the hours of 6 a. m. and six p. m. (now week days only), this request is made for the purpose of conserving man power and we know that our patrons will patriotically cooperate in making this important war measure effective.

## HIGH SCHOOL NOTES

Ontario High School has now entered the state debating league and preparations for the first debate will soon begin. With the new pupils who have come and those who were interested in the work last year it is expected that there will be plenty of good material from which to choose the debaters. Two first class teams at least are wanted.

Once more undiscernible noises can be heard at the high school building which is a sign that the band has started their practice. There are thirty boys in the class, the instructor of which is Barney Turner formerly of the Ontario band. One girl, Maude Walterz, has enrolled for the lessons and more are expected. The instruments for the beginner have been ordered and will be here soon.

At the first meeting the following officers for the coming year were elected: Eldon Madden, president, Jack Peterson, treasurer, Frank Dorman, secretary, and Ethel Lang, librarian.

Literary Digests for current topics work in the history and literature classes are being ordered and the subscriptions for the magazines in the library are being renewed.

The end of the first six weeks is approaching and many of the students

are vainly wondering what their grades in certain subjects will be. Preparatory to the making out of the grades were the written book reviews that were handed in by the Junior and Senior classes in English. The Nat Club gave their first big dance Friday evening at the Moore Hall and from the reports of those who were present the evening was a success in every way.

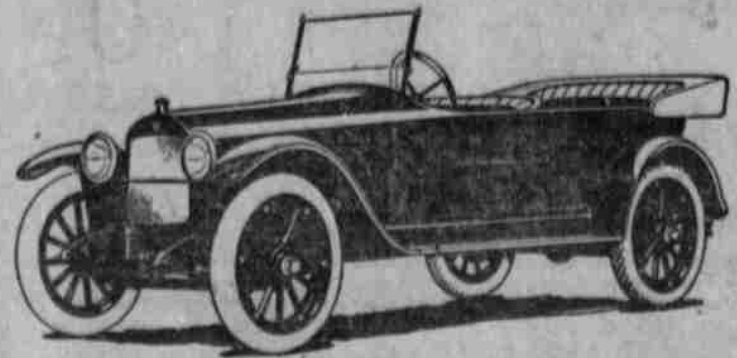

For the past two weeks the boys of grade school have been receiving instructions in military drill under the supervision of Captain Walter and first and second lieutenants Dorman and Odell aided by the other officers of the cadet corps. The boys of the fifth, sixth, seventh and eighth grades, numbering approximately 100 pupils, are taking part in the drills. Thirty minutes each day are devoted to the work.

A meeting of the Junior class was held yesterday at which committees were appointed to look after the various details connected with the play.

Whether American History is a dry subject or whether the hours of the preceding night were early, remains to be proven, but the fact is that two young gentlemen of the Junior Class gently snored thru the study period Tuesday afternoon.
