## Letters From Malheur County Boys Now Fighting In France

Ontario Boy With Yale Hospital Unit Tells of Life With the Ambulance Corp—Has Been Overseas a Year

In the two following letters, received recently by his father and mother, Mr. and Mrs. W. L. Turner, Roscoe Turner who is a member of the Yale unit that went over seas a year ago tells of life with the ambulances: He says:

September 15, 1918

Dear old Mother: Just a word to the effect that all is well. Have had all I wanted to do lately and expect more. There are surely lots of interesting things happening and yet nobody knows though everybody seems busy circulating rumors.

Anyway, today we had wonderful fall weather—every bit as good as the day one year ago. Just when we pulled into Liverpool, Eng. on the Baltic. Have had one full year of experience.

Anyway, today I traded my old shirt for a brand new one with our Q. M. Sgt. Makes one feel better. Have been picking up a few Bosch souvenirs. We have some of the days in our hospital. They really don't look very well few. I saw bunch today being put to work down at the rail-head and they looked pretty ragged. And all the news of the last days has been mighty good. Tonight there is a wonderful moon and the ants are just opening up. I've got to put out my lights.

Yours,  
R. B. TURNER

Wednesday 13, 7:00 a. m.

This starts to be a horrible morning as far as weather is concerned. When an one mentions "sunny France", please remember that it still finds time to rain 34 of the 365 days. Of course not quite that bad. I have been really busy these last two days, scarcely time to sit down—which by the way pleases me. Still I want to get this letter out at once.

Odd, but the night I hurried to put out my lights there was some reason as we had a real visit from Fritz but he didn't stop with us. Yesterday I

made a trip along a road we have been for some time forbidden to travel on and a young 2nd Lt. just over, went along. Well in any broken down stone fence or dilapidated building he could see the effects of shell fire by the Germans—and no doubt there were big guns concealed in that clump of trees right there." We really are quite a ways from the front now tho we still hold out on the same old hill top.

It still rains. It gets tiresome. Do you know I just read of Senator Bradys death. Who is Gov. of Oregon now. With many thots.

FLU NOT AS BAD AS CURRENTLY REPORTED

(Continued from page one)

the crest of the epidemic has passed, but personally believe that the public will greatly hasten its passing by observing the regulations.

State Health Board Acts

Dr. G. H. Douglass of Portland came here under the orders of the state board of health to which a report had been sent by some one exaggerating the number of cases. Mr. Douglass met with the local physicians and the board of health of the City Council and the situation was thoroughly canvassed. Arrangements were made with the Mother Superior of the Holy Rosary Hospital for the use of St. Joseph's Home as an isolation hospital. By this means adequate care can be taken of 35 patients. The nurses caring for flu patients at the home are isolated, too, and us visitors are allowed to see the patients.

The physicians agreed to urge all patients to go to the isolation hospital and in case they would or would not to quarantine their homes and treat every person in the house with anti flu serum.

Meetings of all Kinds Off

The city authorities put a ban down tight on all kinds of meetings either in or out of doors. All church services were cancelled for Sunday and likewise the Trader's Day sale on Saturday.

During the week anti-flu masks

made their appearance and most of the clerks in the stores wore them. They were introduced by O. H. Test an dthe Standard Oil men who received orders from headquarters to don them. Soon afterward they were worn generally.

### FORMER ONTARIO GIRL IS BRIDE OF YOUNG LIEUTENANT

In a letter received here a few days ago by a friend is the following account of the wedding of Miss Rachael Chapman, daughter of Mr. and Mrs. H. L. Chapman formerly of Ontario, to Lt. James C. Donahue of St. Louis. Miss Chapman graduated from the Ontario High School a few years ago and since then has been taking a nurse's training course in a St. Louis Hospital. The account follows.

A very beautiful and dignified military wedding took place at the home of the bride's mother Mrs. H. L. Chapman at 1741 Mississippi Ave. in St. Louis October 17. When Miss Rachael Chapman was married to Lt. James C. Donahue. The episcopal chaplain of Jefferson Barracks performed the ceremony. Miss Elizabeth Plager was bridesmaid while Lt. Paul Copeland, a fellow officer of the bridegrooms' was best man.

Mr. and Mrs. J. C. Donahue have gone to Camp Taylor, Kentucky, to live where Lieut. Donahue was transferred from the Jefferson Barracks. Mrs. Donahue has entered the city hospital in Louisville, Ky., where she will continue her training until her husband is called overseas. Then she expects to return to the city hospital in St. Louis where she will be graduated.

### TO THE VOTERS

Vale, Oregon, October 25, 1918  
To the Voters of Malheur county: Realizing the fact that at this time all the people of this county and they do not want to have their time taken up with candidates for office, also that at this time it is better to invest money in War Savings Stamps rather than postage stamps, I take this method of soliciting your support at the election to be held on November 5th., 1918.

It has been customary for the people of this county to elect their county officers to a second term, hence I am a candidate for re-election to the office of county treasurer.

In my campaign of two years ago I promised the people, if elected, that I would conduct the affairs of that office in an economical and efficient manner and in fulfillment of that promise I submit the following for your consideration and let you judge whether I have kept my promises, made at that time.

The total experience of the office of county treasurer, except the salary which is fixed by law, from January 1st 1917 to October 1st 1918, twenty one months, has been \$291.59 and that includes such items as books, stationary, postage, printing and other incidental expenses and I would call your attention to the fact that for over a year all supplies and postage has increased in price very materially, higher than in normal times, and at this time there on hand books that will last for several years.

As to efficiency will say that all monies turned over to me by the sheriff and assessors offices have been remitted at once to the various cities and schools so such funds have been available when needed.

Thanking you for your support in the past and hoping that my record during term of office will warrant your vote at the coming election, I am,

Sincerely yours,  
Present Incumbent C. C. Mueller
