

IRRIGATION MEETING ATTRACTS INTEREST (Continued From Page 1)

legs and L. H. Bresthaupf of Payette, formerly superintendent of the Harney County Experiment Station at Burns. Several others indicated among whom are practical farmers and lawyers versed in water law are expected to lead in several of the discussions.

Special prominence will be given to engineering problems arising on nearly every irrigated farm and to methods of farm management which are proving successful in the irrigated districts of the West. Legal phases of irrigation and drainage development affecting the large projects, the smaller irrigation or drainage districts and the individual farm will be leading topics of interest during both days of the meeting.

Field trips will be made to demonstrate the laying out of farm drainage and irrigation systems and to provide instruction in the measurement of water.

Certain of the topics are especially designed to be of interest to water masters and ditch riders, while others are of special interest to the farmer and still others to those interested in the larger phases of irrigation and drainage development.

According to F. L. Ballard of the Extension Service who has spent several days in Ontario, the proposed meeting is the direct outgrowth of a similar meeting held at Redmond last year which proved so popular with the people of the Redmond district that it was made an annual event. Visitors at the first meeting at Redmond from other counties, have requested similar meetings this year. As the result Baker and Umatilla counties as well as Malheur are promoting gatherings of this kind.

The Commercial club, ties its committee composed of D. M. Taggart, chairman, E. H. Toot and E. H. Tandy is co-operating with Mr. Ballard to arrange an entertainment program to roundout the sessions here. This committee will be assisted by the following: H. C. Boyer, H. B. Cookrum, E. C. Van Patten, H. L. Peterson, E. A. Fraser, W. E. Latta, Hugh Allen, Frank Keller, W. L. Turner, H. C. Smith, F. J. Gallagher, J. W. McCulloch, R. W. Swagler, Irwin Traxell, Miss Mayne Beagle and Byron Turner, who will have charge of the various entertainment features.

A special committee has been appointed to arrange for the inspection trip over the Malheur Drainage District on Friday afternoon as follows: O. G. Lumber, J. T. McKelty, K. Alexander and Al Chance.

The following is the program of school as at present determined upon AT THE OREGON CLUB ROOMS FRIDAY DECEMBER 15

- 10 a. m. "Selection and Preparation of land for Drainage" W. L. POWERS, O. A. C.
11 a. m. "My Experience With Drainage" 1:30 p. m. "Economic Use of Irrigation Water" W. L. POWERS, O. A. C.
2:30 p. m. "Crops and Crop Varieties for Irrigated Lands" L. E. BREITHAUPF, Payette
3:00 p. m. Demonstration: Measurement of Irrigation Water. Field Trip over the Malheur Drainage District.
7:30 p. m. "Operation and Maintenance of Irrigation Systems." JOHN H. LEWIS, Engineer in charge of Warm Springs Construction, Vale, Oregon.
8:15 p. m. "Community Organization for Successful Irrigation Farming." F. L. BALLARD, O. A. C.
8:45 p. m. Illustrated Lecture: "Irrigation Practices." W. L. POWERS, O. A. C.
SATURDAY DECEMBER 14
10:00 a. m. "Amount and Frequency of Irrigation for Different Crops." W. L. POWERS, O. A. C.
11:00 a. m. "State and Federal Aid in Reclamation." P. J. GALLAGHER, Ontario
1:30 p. m. "Drainage of Alkali and Water Logged Land." W. L. POWERS, O. A. C.
2:15 p. m. "Drainage Structures." JOHN CUNNINGHAM, Portland
3:15 p. m. "Assessment of Benefits and Costs." M. H. LEWIS, Drainage Engineer, U. S. Department of Agriculture
4:00 p. m. Questions and general discussion open to all.
5:30 to 7:30 p. m. "Oregon's Water Law" FENCY CUPPER, State Engineer

8:45 p. m. Program for Lectures and those in attendance given by the Ontario Commercial Club.

Several of the visitors will remain for a day or two after the sessions in Ontario and will be available to farmers and others who desire to consult with them on individual problems.

(Continued From Page 2)

Vale today the County Court, if its statement of the case is correct, will of necessity make changes in the budget reducing such items as the night poisoning, and other voluntary items.

Whether or not an appeal will be taken from the decision given by Judge Biggs is a question that remains to be answered. In view of the fact that the only member of the court who opposed complying with the statute was County Judge Geo. W. McKnight, and he was not re-elected, would indicate that an appeal will be taken.

without his consent while the books were in the City's vaults while he was serving as appraiser of benefits for local improvement districts.

After discussing the matter he was allowed \$25 for the work on the understanding that the city Recorder have the right to further use of his books for comparison and correction of the City's records.

A resolution to hire an attorney to draw a bill for presentation to the legislature to amend the Bancroft law that cities of Oregon could proceed to enforce sale of property for delinquent local improvement assessments was discussed at length. The resolution was not voted upon but was taken under consideration.

his daughters are producers. It was pointed out at the meetings this week that too often the dire is disposed of before indications of its value as a producer were demonstrated.

The value of such associations has been demonstrated and the Professor at Hermiston in Umatilla county.

Upon the request of the ranchers present at the school a committee of three was appointed to take this matter up with the dairymen of Malheur county, and also across the river in Idaho to ascertain the desirability of such an organization here. J. E. Brown and F. L. Ballard of the O. A. C. Extension service were appointed on the committee to take the question up with the ranchers of this side of the river while F. E. Cammack, and Mr. Brown were named to canvass the dairymen of the Idaho side.

While there were not as many in attendance at the school this week as its merit justified, never-the-less an encouraging start was made as its almost certain that it will become, as the ranchers hope, an annual event. During the sessions Prof. E. B. Conkles presided.

ment. Her husband who was in a sleep camp up the line was communicated with soon after she took sick, but did not learn of her death until after he reached the city.

Mrs. Joyce prior to her marriage last spring was Miss Katherine Faulkner, daughter of Mr. and Mrs. Patrick Faulkner of this city. She was a graduate of the first class from the Holy Rosary Notre's training school she contracted the dread disease after she had volunteered to assist at the hospital when the epidemic first started.

The second victim of the week was Mrs. Mattie Redsell, aged 54 years, who died at her home Monday evening. Mrs. Redsell leaves beside her husband 11 of 11 children. They are: Mrs. Charles Goddard, Farmington, Wash.; Mrs. Jessie Vestal, and Mrs. Norman Ward of Portland; Thomas, Fred, Russell, Whitton and Rita of Ontario, and George, James and Charlie who are in the service.

—BUY W.E.S.— Chronic Constipation

This disease is nearly always bred on by bad habits. To effect a permanent cure you must correct your habits. In the meantime take Chamberlain's Tablets. They are easy to take and most agreeable in effect. They only cost a quarter.—Adv. 12-21

FREE DEPARTMENT ANSWERS CALL EARLY MONDAY MORNING

Monday morning about 8:30 the fire department was called to extinguish a blaze in the house owned by Mrs. Dorcy on the Eastside. A quick run was made and the building saved. The contents however did not impede the firemen for Geo. Lyells who discovered the fire and turned in the alarm emptied the house before the department reached the scene. Mrs. Dorcy believes that the fire was caused by crossed wires.

PREFERRED STOCK Canned Goods in Tin and Glass We have a splendid showing in these lines and invite your inspection. These are the best goods obtainable and sold under an absolute guarantee. Let us show you the line. E. A. FRASER Remember the Christmas Red Cross Roll Call and don't be missed.

DEMOCRACY VS. AUTOCRACY. There is no royal road to good government. We get only what we deserve. It is a matter of equality of taxes. The truth of this statement, made by the United States Food Administrator soon after we entered the war, has been borne out by the history of our entire Autocratic food control. In the hands of our enemies has broken down, while democratic food sharing has maintained the health and strength of this country and of the Allies. For Your Stomach. Eat sparingly, particularly of meats maintain your food therapy and take one of Chamberlain's Tablets immediately after supper.—Adv. to 12-21
