UNION MEAT CO., Portland, Oregon

How Could He Do It?

A certain well-to-do young business man called at a bank the other day and asked for a loan of \$500.00. The banker promptly took his personal note for the amount.

Why could he do this? Simply because as a young man he commenced doing business thru the bank. He had learned early in life that the bank could help him in many ways and the banker learned that this young man was a stickler and could be depended upon. In fact each had learned to stay by the other. Young men, there is a lesson in this for you. Start now doing your business thru a good bank like ours. Stay by us and we will stay by you.
