

MID-WINTER ECONOMY

If you are going to furnish this year, the time to buy advantageously is right now, for while the furniture industry is optimistic as to future condition in trade, it is an indispensable fact that prices can be no lower for some time to come. Real economy consist in choosing furniture that is eminently suited to its purpose, that is constructed to withstand the wear and tear of time and that possesses the the charm and dignity characteristic of the American home. It is impossible to maintain a high standard in furniture construction without charging prices commensurate with the cost of good materials, and buying furniture just because it is low in price is the poorest kind of economy. We have many odd pieces, discontinued patterns and broken sets that you can buy below market value.

The pupils of the eighth grade are now making preparations for the taking of the Senior-Junior interclass basketball games will take place Tuesday.

The enrollment of the high school has now reached the highest point in its history. The total of students en-

There has been a rather large number of pupils enrolled in the commercial department for special work in typewriting and one or two for bookkeeping. Among these are Irene Grauel, Mona Cameron, Ray Bervin, Roscoe Conklin and Martin Moore.

Some badly needed books for the Commercial and English departments arrived this week and were put into use immediately.

How Could He Do It?

A certain well-to-do young business man called at a bank the other day and asked for a loan of \$500.00. The banker promptly took his personal note for the amount.

Why could he do this? Simply because as a young man he commenced doing business thru the bank. He had learned early in life that the bank could help him in many ways and the banker learned that this young man was a stickler and could be depended upon. In fact each had learned to stay by the other. Young men, there is a lesson in this for you. Start now doing your business thru a good bank like ours. Stay by us and we will stay by you.
