## YAKIMA VALLEY MAN BUYS FARM AT EGYPT CITY

C. A. Olson formerly of Mabton, is the center of the Yakima valley in Washington this week purchased the 30 acre ranch formerly owned by E. G. Bailey, which is situated to the Southeast of town and has moved his family into the place. The deal was made thru the Oregon-Western Colonization company to whom Mr. Bailey traded the ranch in a deal for a piece of the company's land near Prineville last fall. Mr. Olson has been in Ontario for some time looking over various pieces of land before making the purchase and Mr. Olson with their four children arrived here this week.

The W. C. T. U. will meet March 18 with Mrs. J. M. Patterson at her home three blocks south of the east-side school. A program will be given during the afternoon at the close of which luncheon will be served. All the members are urged to be present.

## PORTLAND IS TRYING TO SECURE WARSHIPS

Rose Festival This Year Promises to Surpass all Predecessors—Air-Plane Race one of Features.

A. G. Clark who is here for a brief visit tells about some interesting events to be featured at the Rose Festival in June.

The enthusiasm over this event has been saved up during the war, when no festival was held, and the accumulated energy will be turned loose to put over the biggest carnival Portland ever had.

Influence is now working to bring Portland harbor a big fleet of allied war ships. Several nations are to take part if the plan goes through, and this naval display alone will be worth while.

Plans are also on foot to have a fleet of air ships perform their wonderful air acrobatics. A race from San Diego to Portland is only one feature of the aeroplane display. It is said that owing to air currents prevailing along the coast counties, that it will be necessary that aeroplanes take an inland route that will bring them across Central or Eastern Oregon in their flight from San Diego to Portland.

A big street carnival will be staged and a wonderful flower center will be established also.

Ira Riggs who is president of the Festival this year is a "live coal" and from present indications he seems to have only two speeds on his list—"High and Higher." Mr. Riggs is also president of the "Progressive Business Men's Club" of Portland, one of the biggest and liveliest organizations in the city and every one of its 500 members is on his Rose Festival staff working over time to put across the biggest of shows.

## A STORY OF FAITH

"Faith," the latest of Bert Lytell's screen successes, which comes to the Dreamland Friday and Saturday, Mar. 21 and 22, next, was adapted from the heart-compelling story of the same name by Richard Washburn Child. It is a play imbued with the good in human nature. Faith of woman in man and faith of man in man is the theme. In the story a young man, hopeless and down, for lack of faith in himself, becomes, to use his own words, "a thing with the soul of a typewriter and the heart of an adding machine." Utterly discouraged, he decides that he has made his life the barren thing it is and must bide the consequences alone. In this darkest hour comes Faith, in the form of the love of women—out of the gloom of self, into the

blinding light of love and success; they bring him with a cleared vision and renewed ambition. It is a picture which shows the strong human need for human faith and encouragement—the beacon lights of the world.

# DREAMLAND

March 27-28

The final chapters—constituting the ROMANCE—of "Tarzan of the Apes," which a few months ago astounded thousands of Dreamland patrons

The cataclysmic romance of primeval man and modern maid—in jungle and in palace.

THE SEASON'S SUPER-CINEMA

THRILLS, ACTION AND STRIFE UNLIMITED

The would-be assassins knew nothing of Tarzan's part.

Scene from the "Romance of Tarzan"

Tarzan is touched by the hand of civilization, then raised by it to a position of prominence and palatial refinement, tutored, and semi-cultured—only to revert, in a flash of torrential anger, to primitive, jungle savagery and hatred, leaving in his wake a torn and conquered host of moderns, their house of luxury a mass of wreckage.

In seven parts—Part 1 giving a summary of "Tarzan" in the previous picture.

# What Fordson Service Will Do For You

There are two big factors to consider when you are buying a tractor—both equally important—the tractor itself and the service rendered.

A tractor which is standing idle because the service station is far away or because the dealer hasn't the proper parts is a poor investment, no matter how well the tractor itself may be made.

Fordson Tractors are selling by the thousands every month and are giving universal satisfaction all over the world because of this: The tractor itself is made as durable, dependable, efficient and economical as the best engineering skill, the finest materials and workmanship can make it.

And added to this, wherever a Fordson Tractor is sold, you will find parts and service as quickly and easily available as the kerosene you put into the tank.

Our service means this to you. First, that we will thoroughly instruct you how to get the most out of your tractor—how to operate it properly so as to avoid trouble—how to make all minor repairs and adjustments so that only on rare occasions will you have to call for help.

Then when you do require help for repair work or parts you will find us ready at a moment's notice.

Our stock of parts is complete, our mechanics are experts.

Fordson service is delivered to your farm.

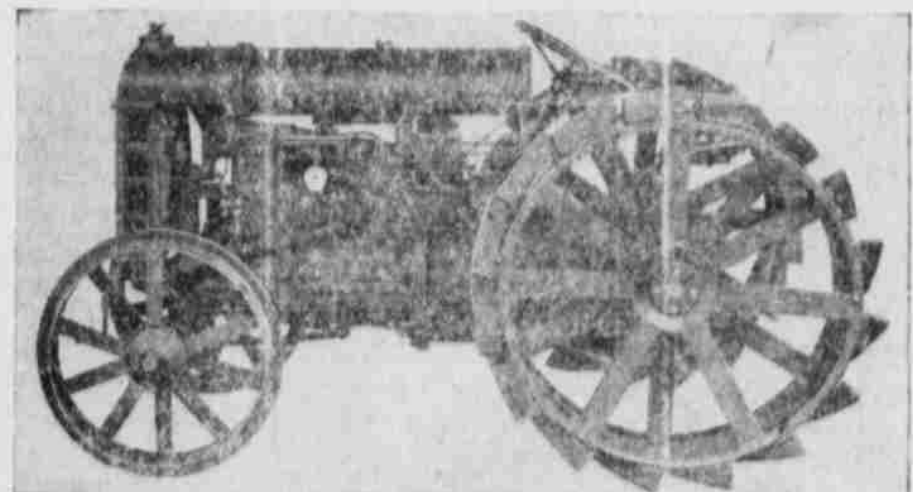

To own a Fordson means that you own a durable, dependable, economical tractor that will serve you every working day in the year.

The Fordson Company makes it durable and dependable.

We keep it so.

## Construction Adds to the Wealth of the Country---BUILD NOW!

—W. B. WILSON, SECRETARY OF LABOR.

A correspondent of one of the great American papers was recently asked as to the greatest impression made upon him by any one single experience of the war. "A poor old goat, led by an old French woman," was his very unexpected answer. "This pathetic scene was typical of the entire French nation, and illustrated as nothing else could, the deep-seated veneration of anything pertaining to the home." The picture of this old woman, clinging with desperate resolve to the one remaining remnant of the home she loved, braving unflinchingly the horrors of shot and shell, subjected to all the indignities of a cruel and unscrupulous enemy, will remain fixed in my memory to my dying day as the finest example of HOME LOVE ever witnessed by man.

FRENCH HOMES HAVE CREATED FRENCH WEALTH. AMERICAN HOMES WILL DO LIKEWISE FOR AMERICA.
