**What Fordson Service  
Will Do For You**

There are two big factors to consider when you are buying a tractor—both equally important—the tractor itself and the service rendered.

A tractor which is standing idle because the service station is far away or because the dealer hasn't the proper parts is a poor investment, no matter how well the tractor itself may be made.

Fordson Tractors are selling by the thousands every month and are giving universal satisfaction all over the world because of this:

The tractor itself is made as durable, dependable, efficient and economical as the best engineering skill, the finest materials and workmanship can make it.

And added to this, wherever a Fordson Tractor is sold, you will find parts and service as quickly and easily available as the kerosene you put into the tank.

Our service means this to you. First, that we will thoroughly instruct you how to get the most out of your tractor—how to operate it properly so as to avoid trouble—how to make all minor repairs and adjustments so that only on rare occasions will you have to call for help.

Then when you do require help for repair work or parts you will find us ready at a moment's notice.

Our stock of parts is complete, our mechanics are experts.

Fordson service is delivered to your farm.

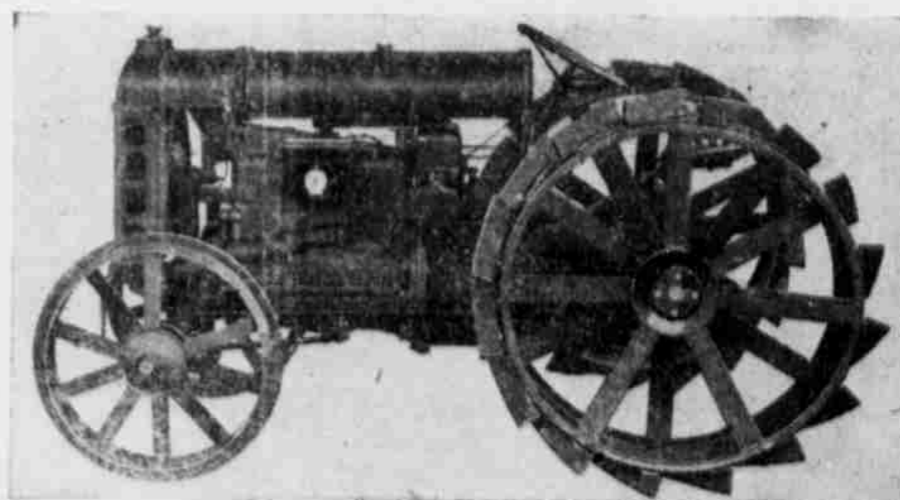

To own a durable, dependable, economical tractor that will serve you every working day in the year.

The Fordson Company makes it durable and dependable.

We keep it so.

**"Keep Times Good by Building Now"**

—W. B. WILSON, SECRETARY OF LABOR.

Times never will be kept good by sitting apinely, like "Mieawber," waiting for something to turn up. It is up to us to turn things over and find out what makes the "OLD MACHINE GO."

THIS IS FULLY REALIZED BY THE GOVERNMENT.

This is the reason the Secretary of Labor is urging the people to get behind this move. More than anyone else, Mr. Wilson is in a position to know the need of more and better American homes; and in a like measure he knows that this is the only sure method to bring about a normal, peaceful and prosperous condition to the American people.

TAKE HIS ADVICE—DO YOUR PART.

*Your Money's Value  
Is What You Want When*

## You Buy Meat!

In nine out of ten homes, Meat is the basis of the family diet. It is the strength and health giving element. Meat that is not of the highest quality, therefore, is not the kind that you want to feed your family. Good Meat can not be expected unless it is taken from BEEF CATTLE, cattle that were raised for their beef, and not for Milk producing qualities.

**We Buy Range Cattle**

That is why we buy Range Cattle, prime animals, ready for the block, and not dairy cattle. That is the reason for the High Quality of Meat we offer you. That is the kind of Meat that Gives You Value for the Money You Spend for Meat.
