Caught With the Goods

not in wilful violation of the law but on account of certain conditions beyond our control. However, we must suffer the penalty. The creditors want their money and have forced us to throw our \$22,000.00 stock on sale, in order to raise the money to satisfy their demands.

This entire stock was carefully selected from the best makers of dependable footwear, and under ordinary conditions would have sold at a profit to us, but our extremity has proven to be your opportunity. So that our advise to you is "Buy now for your present as well as your future needs, while the buying is good." Soon as we realize enough money to pay creditors, the sale will be called off. Mr. Newton, former owner of this store has offered to help us out of this dilemma and will have full charge of the sale. Our instructions to Mr. Newton are, "to cut the prices to the very limit and spare no part of this tremendous stock in order to raise this money.

With the prices of shoes raising, instead of lowering, with the spring season just opening, this is a most opportune sale, one that you cannot afford to miss.

REMEMBER, that the same positive guarantee of satisfaction, which has made this store famous, applies to every purchase made during this sale. The big sale starts Thursday, March 27, 9 a. m. We will be prepared for you with surprises galore, and an extra sales force to wait upon you.
